ATTEMPTED ASSASSINATION! TWO PERSONS SHOT!

Last Thursday night Emmet Keene, the same who, some time since, shot and seriously wounded "Bill" Bean, beat his wife, leaving a visible mark on her in the shape of a black eye. For this his wife had him arrested on Friday and he left \$10 at the police court and he appeared for trial, but failed to appear. In consequence of his abuse of her his wife left him on Friday and went to the house of her mother, Mrs. Linqvist, a widow woman, residing in the 17th Ward, on Jordan street. Meantime Keene had gone to the house of himself and wife and sold all the furniture and other effects.

On Saturday at the house of Mrs. Linqvist and demanded to see his wife, but was informed by the brother of the latter, Karl Linqvist, a young man twenty years old, that his request could not be complied with. Keene then left, saying, with an oath, he "would find her soon." Young Linqvist expected him to return, and kept awake for some time, but finally went to sleep, when he was aroused by somebody kicking in the door, when he jumped from his bed and almost at the same instant Keene burst into the room, pointed his pistol directly at the head of the young Linqvist and fired. The instant the weapon was pointed at him the young man threw his left arm up to his forehead and the bullet struck the forehead, shattered the bone, and still remains in it, thus saving him from being instantly killed. Another shot hit the fingers of the same hand, and a third struck him in the upper part of the left shoulder.

The severity of his wounds, loss of blood, etc., caused the young man to partially fall to the floor, and while he was on his knees the murderous villain placed the muzzle of his pistol close to his head, with the intention of blowing his brains out, when Mrs. Linqvist struck him on the arm with a bottle, which turned the bullet, causing the bullet to go through an adjoining door.

Keene then turned upon his mother-in-law and aimed a shot at her head. The bullet struck her a little forward of the temple, directly over the left eye, and plowed upward along the skull. The next and last shot entered near the elbow of her left arm, splintering the bone, passing along toward the wrist, where the bullet is supposed to be now lodged.

Young Linqvist managed, after Keene had consumed his bloody work, to fire a couple of shots at him as he retreated, but it is not probable that either of them took effect. After this the young man, whose wounds were bleeding copiously, fell down in a half-fainting condition, and Mrs. Linqvist and her daughter, who had fled out of the house after the first named of the two was shot, returned, and a number of persons who had heard the shooting and cries came in, when intelligence of the affair was sent to the police, and a surgeon, Dr. Benedict, was brought in to attend to the wounds.

Both mother and son suffer a good deal from their injuries, which, however, are not considered as fatal in their character. The police, since the affair occurred, have been making diligent search for Keene, but so far as we can learn, they have as yet been unable to discover any trace of his whereabouts.

How the Eastern Papers Have It.—Washington, Nov. 19.—The action of Chief Justice White in discharging Brigham Young from the alleged contempt of disobedience to the order of Judge McKean regarding him to pay alimony to Ann Eliza, is satisfactory to the government. When, several weeks ago, the imprisonment of Young was brought to the attention of the government, it became a matter of consultation, the result of which was a reference of the case to the Attorney General for investigation and such action as he might think proper to take. Judge Pierce accordingly addressed a communication to the judicial authorities of Utah, asking for copies of the record in the case, forwarded to him. The record was received on Wednesday, but in consequence of the decision of Judge McKean it is not considered that any further action is necessary. It is the opinion of the Attorney General that the woman in question is married to Brigham Young, and that the United States statutes, and therefore could not avail herself of her own wrong.—N. Y. Herald.

Found.—The party who lost a purse, containing a small amount of money, can obtain it on calling upon Mr. Eber C. May, Mayor Wells' private office.

Theatre.—It is next Friday and Saturday when the Ware-Lentons Family are to appear in their comic, operatic, burlesque, and musical entertainments at the Theatre.

South African Meetings.—We have been requested to state that two meetings will be held in the 12th Ward Meeting-house next Sunday, Dec. 3rd, at 4 and 6 p. m. All members of the Church from the Cape of Good Hope country are respectfully invited to attend.

Mild and Genial.—If we could have such fine, mild, pleasant, genial weather, for six months at a time, as we have been favored with to-day and yesterday, varied with an occasional gentle soaking shower, we might begin to long for our climate as verging on the paradisaical.

Deseret Milk Association.—There will be a meeting of the above held at the City Hall, on Wednesday evening, at 6 p. m. Members of the above will please attend.

Utah Statistics.—Hon. A. J. Rockwood states that he has taken the statistics of all the counties in the Territory, except Tooele and Salt Lake, having finished up the Southern counties on Saturday. He proposes to visit Tooele next, leaving Salt Lake for the concluding portion of the work.

California Salmon.—Hon. A. J. Rockwood informs us that he will have 150,000 young California salmon ready for distribution in the foreground of January. Two months ago he brought to market a fish of this variety, 11 months old, which weighed one pound three ounces.

That Tall Dispatch.—This is how that recent tall dispatch appeared in the San Francisco papers: "A Mormon ring has been formed here, having as its purpose the admission of Utah as a State. Brigham Young had promised the Democrats that he will run the new State in their interest. Petitions have been in circulation for the past three weeks for this purpose, mostly carried around by polygamists."

An Overcoat.—A person named "Mick" Dramer has been arrested on a charge of stealing an overcoat last night from the Walker House. The owner happened to see Dramer, and observed the collar of his coat protruding from under another coat he was wearing. Dramer was bound over to \$50 to appear for trial.

Would Like Them Confirmed.—The San Francisco Chronicle, referring to the rumors of an exodus of the "Mormons" from Salt Lake to Palestine, says, "We are not prepared to say that we fully credit the rumors to which we have alluded; but we shall be gratified to find them confirmed."

Slate.—Mr. Shoebridge, of Shoebridge, Pascoe & Co., on Saturday brought into this office some fine specimens of blue slate from their claim and quarry on Fremont Island, said specimens being parts of a load recently fetched from the island by Mr. Shoebridge. There is also, however, roof constructed from one of good blue slate, and a little capital and labor applied to this Fremont Island slate would place such roofs within reach of the builders of this city.

Knapp, riot; defendants arraigned and each for himself pleads not guilty to the indictment for riot. The body of defendant John McGinty forfeited in open court and judgment not ordered by the Court.

A Missionary Trip.—Bishop L. W. Hardy has been on a preaching and business trip through the settlements of Summit, Morgan and Weber counties. He reports finding the people everywhere feeling well, there being a prevailing disposition to aid in helping along the work in every way necessary. In the county last named he was accompanied by Bishop Farr. In a short time Bishop Hardy will return home to-day, will return to the north and make a similar tour of the settlements of Cache Valley.

Suspended Business.—We understand that Messrs. Taylor & Cutler were under the necessity of suspending business to-day, owing to embarrassments arising from unforeseen causes, beyond their control. Those gentlemen will, doubtless, do everything in their power to justify the parties to whom they are liable, and their present predicament is a matter of regret to their numerous friends.

A Mine Destroyed. THAMOR New York, 20.—A letter from Wilkesbarre, Pa., states that the most extensive and serious mining casualty ever known in Wyoming valley has occurred at the Chance and Grand Tunnel mines, between Plymouth and Nanticoke, about two and a half miles south of the former place. About two weeks ago Mr. Roberts, one of the proprietors of the Chance mine, noticed that the roof of the opening was working in a most extraordinary manner, and convinced that the mine was doomed to certain calamity, about sixteen o'clock on the morning of the 16th inst. he gave orders for the men to leave the mine as soon as possible, and to remove as much of the company's property as could be saved out of the mine as soon as possible. The miners, to the number of 125, left at 10 o'clock, taking with them the contents of their clothing, and two hours later the mine caved in, the effects of the cave were that terrific high boulders were thrown out of the mouth of the tunnel by the compressed air, as if they were pebbles, and the shock of the crash was like an earthquake.

Charles O'Connor Dead. Charles O'Connor, the distinguished lawyer, died this a. m. at his late residence, the new court, adjudged as a tribute to his high character.

A meeting of the confederal committee of the New York banks, clearing house, stock exchange, and national and local banks of the United States was held to-day, at the New York City Hotel, showing that one and a half million dollars were necessary to enable the commission to open the Centennial in May next. The meeting continued the matter of the people of New York, and advised a memorial to Congress.
