LOCAL BRIEFS.

The fees of the office of County Clerk James for the month of May amounted to \$2,132.85.

Professor Lemare says that the effects of the Tabernacle organ in the great audi-terium are simply colossal.

County Auditor Fisher yesterday paid off the county payrolls for the month of May, amounting to about \$8,500.

State Superintendent of Schools Nelson will attend the commencement exercises of the school at Coalville on Friday.

The Reviewers' club gave a breakfast yesterday at the Commercial club in hon-or of its retiring president, Mrs. Plum-

The session of the Mothers' Congress which was to have been held in this city next Thursday, has been postponed until the 11th inst. The old Burrows building, 60 and 62 east Second South street, is being torn down. It was condemned a year ago. Contractor Showell has the job.

Hyrum Richards of 530 west Seventh South street met with an accident Satur-day night by which he sustained a broken leg. He was removed to the hospital.

The Elks baseball team will visit Park

City next Sunday to cross bats with the local city team. The Park City men sent them a challenge, and the Elks propose to see about it.

Yesterday City Auditor Reiser paid off he monthly salaries of city officials, the monthly salaries of city officials, councilmen and members of the police and fire departments for the month of May, amounting in all to \$10,324.68.

Mrs. Margaret Reardon of North Adams, Mass., mother of Mrs. Charles Vadner of this city, died yesterday, and Mrs. Vadner will go east as soon as she has recovered from the shock occasioned by the sad intelligence.

Andrew Anderson of 62 Commercial street burst a blood vessel at the corner of First West and Second South streets last evening, but was taken to the office of a neighboring physician, where the flow of blood was staunched.

There was a meeting last night at the Commercial club in the interest of the proposed new militia company, and it was decided to have it mustered in next week. The company will lease Landrum's dancing academy for armory purposes.

It begins to look now as though there would be further departures from the Methodist ministry in this city, and it is said that Bishop Cranston when he comes to making appointments wil have an un usual number of vacancies to fill.

The county assessor's office has just finished getting out assessment notices for the year. The entire work was completed in less than a month at a cost of \$938, while last year it took two months, and cost \$1,071.50, a saving this year of \$133.50.

The level of Great Salt Lake is still receeding. The local weather office officials were out there yesterday to read the official scale at Carlield, and found that the reading was two feet six inches below the zero mark, where one year ago the record was but five inches below that limit.

There is joy at the house of George E. Woolley, incident to the arrival of a boy after a series of four girls. The suspicious event occurred on president's day and rumor has it that the heir will be named Theodore Roosevelt Woolley—according to the fellow employes of the U. S. land office.

The education committee of the Commercial club decided last night to turn the \$2,000 Tabernacle concert moneys over to Senator Bamberger for distribution among the various schools of the city, in connecting with the remaining \$5,000 he, with 10 other partiotic citizens, propose to raise to make good the shortage of the board of education.

Madame Swenson's pupils in vocal music will give a recital next Thursday night in the First Congregational church, where the following pupils will appear: Miss Alice Thursten, Miss Minnie Galicher, Miss Ella Lovenstein, Miss Lalu Penrose, Miss Ella Lovenstein, Miss Lalu Penrose, Miss Tillie Perks, Miss Lenore Morse, Miss Renal Pedersen, Miss Cottle, Miss Hope McIntyre, Mrs. Bailey, Mrs. Frank Browning, Mr. Parsons and Master Arthur Pedersen.

Held's band drew a crowd Sunday afternoon in Liberty park that equalled any that attended last summer's concerts, so that Mr. Heid is much encouraged, and looks for a record breaker next Sunday. He proposes giving some oratorio music before long. A roof is sadly needed for that band stand, and the musicians wish the city would put one on, as it is very hard to have to play in the broiling sun, it not only affects the men, but their instruments, and gets the latter out of tune, and the former out of temper.

COMPANY'S PLANS

It Will Work in Harmony With Other Concerns.

PREST. NIBLEY'S STATEMENT

The Company Will Organize for a Million Dollars, and Will be Ready by the Fall of 1904.

The announcement that another sugar factory is to be erected in the north end of Cache Valley by a new company, made in last night's "News," created considerable interest in sugar circles here and in Ogden; especially in the latter city, where the advent of a new concern was looked upon as a possible competitor in a valley hitherto occupied exclusively by the Amalgamated

ompany. The statement from the Logan correspondent of the "News," however, contained a number of errors, and Mr. C. tained a number of errors, and Mr. C. W. Nibley, who is to be president of the new company, requested that they be corrected. They occurred in giving the list of directors. The correct list should have been: C. W. Nibley, W. H. Lewis, Joseph Morrell, Geo. C. Parkinson, A. O. Woodruff, Rudger Clawson, Joseph Howell and B. H. Hendricks. The name of the new company will be the Lewiston Sugar company will be the Lewiston Sugar company and it will be located at Lewiston, Cache county. Mr. Nibley will be president, W. H. Lewis, vice president, Joseph Nelson, cashier of the Utah National bank, treasurer, and C. W. Nibley Jr., secretary. The articles of incorporation will be filed in Logan today. The capital will consist of \$1,000,-000, of which one half is to be paid up in time to erect a plant, which it is ex-pected will be in operation by the fall

pected will be in operation by the fall of 1904. The company will own over 2,000 acres of choice beet land in and around Lewiston. Mr. Nibley said yesterday that the entire capital had either been subscribed or spoken for.

Mr. Nibley has had considerable experience in the sugar bysiness, having been treasurer and one of the directors of the original Ogden Sugar company, and later of the Amalgamated. He, however, resigned his position some time ago.

time ago. statement of its plans:

The company gives out the following "We have been quietly working for some considerable time past in securing what lands we may require for the pur-pose of raising beets for the proposed sugar factory at Lewiston. We have now some 2,100 acres of good land bought at reasonable figures, and in close proximity to the factory site. We purpose cutting this land up into small parts and putting families thereon to raise beets for the company. Quite a number of beet contracts have also been secured from the farmers in Lewiston. We would like every farmer who raises beets for our company to become inter ested with us as a stockholder. Indeed it is our desire to make the enterprise as nearly a co-operative one as it is possible to do. There has been some opinion expressed that we might con-flict somewhat with the interests of the factory at Logan. We desire to assure the public that so far as we are concerned there will be no conflict what ever. We think we can secure all the beets we will require, and yet not go within 15 miles in any direction of the Logan Sugar factory. We shall do everything in our power to act in entire harmony with the existing sugar interests of Utah. We do not see the least occasion for conflict. In a district of Colorado not as large as Cache Valley, of which Greeley is about the center, there are today five factories, and two more in the course of construction, so that we do not think Cache Valley will be over-crowded with a factory at Lewiston, and it is difficult for us to

Employes of Utah Light & Power Company Admit Defeat.

The strike of the Utah Light & Power company's employes was declared off last evening, and the following statement to the public was issued by the strikers' grievance committee:

"At a meeting of the employes of the Utah Light & Power company today the strike was declared off. This action was taken by reason of the fact that Mr. Campbell assures us, and has all along assured us, that our grievances would be taken up and considered if given time. The statement we have made before that Mr. Campbell refused to arbitrate or receive a committee was based on something Mr. Campbell sail in a moment of aggravation and perplexity, and could not be taken as true in a positive sense. The suddenness of the whole trouble was brought on by an act for which he disclaimed all responsibility and which he corrected at once.

"In view of this, and the fact that we are guaranteed that we will be listened." strike was declared off. This action was

"We wish to again disclaim any enmity against Mr. Campbell and to state that the causes of the trouble were not of his making. We hope that the true cause may be found and that everything may be adjusted amicably, for we want to accomplish our ends without strikes.

"We wish to state that true unionism does not work by arbitrary or underhanded methods, but by what is right and reasonable. Wishing unionism and all union men success, we remain, sincerely.

Manager Campbell concedes nothing, but merely promises to take up the demands of the employes for recognition of the union, uniform hours and a minimum acale of wages, and consider them. The strikers were not even promised their old jobs, but were told that they
