

UTAH DAY AT WORLD'S FAIR.

Local Louisiana Purchase Exposition Committee Fix It for October 20, 1904.

MINIATURE IRRIGATED FARM.

Commission is After Clark Loving Cup—Employs Don Maguire and Transacts Important Business.

Utah's World's Fair commissioners held a very important meeting yesterday afternoon and transacted considerable business—business which shows that the commission is getting down to work, earnest work.

RECLAMATION OF ARID LANDS.

Senator Dubois Says the People of Idaho Are Greatly Interested In This Matter.

WILL ATTEND OGDEN CONGRESS.

Believes Laws we Now Have Are Ample to Meet Requirements of The Great West.

(Special to the "News.")

Butte, Mont., Sept. 4.—Senator Fred T. Dubois, of Idaho, who was in the city yesterday accompanied by Mrs. Dubois, left last night for northern Idaho, where he has some matters of private interest to look after. He

A bad cold; a good doctor. Ayer's Cherry Pectoral.

"Thanks."

ferred now by the national government along these lines. I do not anticipate any recommendations from the Ogden meeting for these laws. Our object here will be to unify our objects and devise ways and means of carrying out the provisions of the laws we already have.

SHEEP SHIPMENT EMBARGO LIFTED.

Wyoming Flockmasters Secure a Victory Over Government Inspectors' Order.

RAILROADS CAN GET BUSY.

Change Means that Shipments of Wyoming Sheep will be Very Heavy From Now On.

(Special to the "News.")

Cheyenne, Wyo., Sept. 4.—Advices received here state that the government has lifted the embargo on Wyoming sheep, and that henceforth sheep can be shipped to market from this state the same as from any other locality.

meantime the police have measured him by the Bertillon system and taken his photograph in case he turns out to be a criminal.

SPIKE AND RAIL.

Acting Traffic Manager T. M. Schumacher of the Oregon Short Line and H. A. Johnson, general freight agent for the Colorado & Southern, left last night on a trip to San Francisco.

Vice President and General Manager W. H. Bancroft of the Oregon Short Line leaves for the coast tomorrow.

General Livestock Agent Tuttle of the Oregon Short Line has gone north.

General Supt. J. H. Young of the Rio Grande Western has returned from a trip to the coast.

J. Mandersfield, traveling freight agent for the Chicago & Northwestern, has returned from an extended trip through Idaho.

The Utah Construction company is encountering a difficulty in getting men for Calientes. A gentleman just returned from the front states that there are 129 laborers down there, with a few coming in every day.

The Associated Press today sends out a dispatch with the grave announcement that A. E. Welby has returned from Peru.

The Salt Lake Route is moving 10,000 head of sheep out of Sanpete county for the Omaha market.

The Wood river branch has to date this fall shipped a few cars short of 900 double deckers of sheep for the eastern market. Last year's record on this branch was 955 cars.

A dispatch from San Francisco says: The Southern Pacific company has received a communication from the officials of the national irrigation congress, which will be held at Ogden Sept. 13 to 18. The Southern Pacific and Wells, Fargo & Co. announce that they will carry all exhibits free to Ogden. The Southern Pacific today sent out notices to all county boards of trade in the state in regard to its offer of free transportation of exhibits.

COUNSEL FOR COLORADO.

Gov. Peabody Appoints Counsel in Ark. River Water Rights Case.

Denver, Colo., Sept. 4.—Gov. Peabody has appointed the law firm of Rogers, Gregg and Shafroth, former supreme Judge Charles D. Hoyt of Denver, and Clyde C. Dawson of Canon City, special counsel to Atty.-Gen. Miller in defending the suit of the state of Kansas vs. the state of Colorado, involving the water rights of the Arkansas river.

FOR IDLE MINERS.

Commissary and Lodging House Opened in Telluride.

Telluride, Colo., Sept. 4.—A commissary and lodginghouse for idle miners and millmen in this district were opened today by the Western Federation of Miners. The number of men already thrown out of work in consequence of the millmen's strike is about 1,600.

RULES MODIFIED.

Orders Governing the Shipment of Sheep Made Less Severe.

Following the recent agitation on the part of Wyoming sheepmen regarding the rules and regulations imposed by the government, relative to the shipment of sheep a modification of the rules has been arrived at by Dr. Melvin and Geo. S. Hickox, the government inspectors. With this end in view, the Hickoxs, who are in charge, is today mailing the following notice to all station agents and prominent sheep shippers in Wyoming:

This office is in receipt of a letter from the chief of the bureau with reference to the shipment of sheep from Wyoming, in which certain modifications of our recent instructions have been made, in conformity with our recommendations. Sheep for slaughter that have been dipped under the joint supervision of the state and this bureau, twice if scabby and once as exposed, within 90 days from the time of shipping, may be allowed to go, if shipped directly to Omaha, Chicago, St. Joseph, Kansas City or Denver, in unenclosed cars as clean sheep if they pass inspection and have not been in contact with scabby sheep since dipping. If any of these sheep should be sold for feeding after arrival at the stock yards, they will be dipped before leaving the stock yards. Unless sheep for slaughter have been dipped in conformity with the regulations of the bureau, the cars containing them must be placarded. Sheep that are going to feed lots, and that have been dipped under the joint supervision of the state and this bureau, twice if scabby and once as exposed, may be shipped within 90 days from the time of dipping if they pass inspection and if non-exposed since that time can be established. If, however, these sheep have crossed infected ranges, or in any other manner become exposed, they must be dipped before leaving the state.

SANTA FE TERMINAL.

Realty Has Been Acquired Establishing Terminal on Humboldt Bay.

Eureka, Cal., Sept. 4.—A transfer of realty just recorded evidences the intention of the Santa Fe system of establishing a terminal on Humboldt bay. Three-fourths of what is known as the Allen Tract has been secured by the Santa Fe people and a suit in condemnation for the balance of the property is pending. The price paid is reported to have been \$75,000.

This tract, which adjoins the Santa Fe's depot here, together with the terminal site of the old Eel River and Eureka road on the north, and that of the California & Northern railroad on the south of it, both sites now being owned by the Santa Fe, through the purchase of the two roads will give them one of the best terminals on Humboldt bay.

COOS BAY ONCE MORE.

Construction of the Road is to Be Resumed, Says L. D. Kinney.

Portland, Or., Sept. 3.—The construction of the Coos Bay, Roseburg & Salt Lake Road by Coos Bay, Or., to Salt Lake City, Utah, is to be resumed, according to an announcement made by L. D. Kinney, the projector of the road, who has just returned from New York, where he went to raise more capital. The road has been surveyed for the whole distance to Salt Lake City, where it is stated it is the plan to connect with the Gould system.

PEDDLING FRANCHISES.

Alleged Promoter Who Deals in Millions In Hands of Denver Police.

A man named F. E. Pettengell is in the hands of the Denver police on the suspicion he is a grafter. He claims to hold franchises on a route from Denver to San Francisco, that is 400 miles shorter than the proposed Moffat line. Incidentally he has, or professes to have, the San Francisco terminal franchises of the Bay & Coast Railway company for sale. He offered it to D. H. Moffat and now he blames that financier for his arrest and threatens all kinds of dire vengeance. The Post says that Pettengell says that he is a broker and promoter, and has operated on Wall street in his own name for the past twenty years, where he is well known to all financiers. He makes no secret of his dealings with Joseph Leiter, Claus Spreckels, E. H. Harriman, Senator Clark and George J. Gould. The Humberts themselves never had better connections nor more brilliant financial prospects than those to which Mr. Pettengell confesses. In the

UTAH PAVILION TO BE ERECTED AT ST. LOUIS.

The Utah state pavilion at the St. Louis fair will cost \$5,750, and following are the specifications: The framing lumber will be of No. 1 yellow pine, foundations to be built with spread footings, and posts same, to be satisfactory to the director of works. The first story girders will be 6x8; first story joists for floor 2x10, 16 inches on the centers bridged; second floor, 2x10 in corners and 2x14 over the center portion—all 16 inches on centers and on the centers. The ceiling over the center part to be supported on trusses properly framed, and ceiling joists to be 2x8 and 2x10, 18 inches on the centers. The roof is to be given the proper pitch and sheathed with 1x8 T. & G. boards. The first and second floors will have 3/4x3/4 clear yellow pine flooring, joists smoothed. The outside walls to be framed of 2x6, 16 inches on centers full length, and to be properly bridged and trussed over the openings; also, to be covered with Byrkit sheathing and properly furred with lookouts for plaster, cornices, etc. The sashes and door frames to be made of clear cypress. Hardware complete, imitation bronzes, running from roof to grade; plumbing first class, including two closets and sink. The ventering must conform with the rules and regulations of the exposition company covering the same, which are very strict, and include storm and water drains, sanitary sewerings, vents and necessary supplies. Fire protection as required by the rules and regulations, requiring supply, stand pipe with hose and reel on each floor. As to the painting, there will be three coats of lead and oil on the outside of the building, the inside woodwork to have a filler and two coats of varnish. The lettering on the cornice to be raised and gold leaved. The glass to be single strength for all small lights and double strength for all large lights. The electric wiring to be done according to local rules and regulations and to include 92 lights. The roof is to be four ply composition; and the inside walls and ceilings to be plastered one coat on 3/2 lath, outside; plain surfaces to plaster one coat, all cornices, panels and ornamental work to be made of staff. S. T. Whitaker is the architect.

It fixed a day on which Utah people will assemble in St. Louis and hold appropriate exercises. It employed Don Maguire to assist in the collection of the mineral exhibit. It announced its intention of collecting a fruit exhibit, which it believes will be good enough to carry off the Clark loving cup at the Ogden session of the Irrigation Congress. In the event of its success in that direction the trophy will be taken to St. Louis and placed on exhibition.

will return to Butte and with Mrs. Dubois will spend several weeks at Hunters' Hot Springs. Senator Dubois is deeply interested in irrigation and the reclamation of the arid lands of the west. "The people of Idaho are taking great interest in irrigation affairs," said the senator yesterday to the "News" representative. "I shall attend the meeting of the National Irrigation congress at Ogden this month, and I expect to take part in the proceedings. I anticipate that much good will be accomplished by the meeting. I do not think we need any other legislation for the reclamation of arid lands. The laws we now have are ample and all we need is to exhaust all the advantages of-

of irrigation affairs, and I think this money should be expended in carrying out the provisions of the laws for re-claiming arid lands. I shall attend the special session of Congress, but I think it is entirely unnecessary to hold such a session. I do not think the country is suffering for legislation at the present time."

Recovered Speech and Hearing.

Messrs. Ely Bros.—I commenced using your Cream Balm about two years ago for catarrh. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town.

L. G. PRYVN, Granger, O. The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York.

A CONSCIENTIOUS SUICIDE.

Man Kills Himself from Remorse For Going on a Strike.

Chicago, Sept. 4.—Suffering from remorse for having gone on strike against the employer for whom he had worked for 25 years, Jacob B. Smith has thrown himself from the fourth story window of his home. He struck the sidewalk and was instantly killed.

Smith, who is president of the Cooks union has been chef at a downtown restaurant for a quarter of a century. He went on strike when the hotel and restaurant employees were called out two months ago, taking the entire kitchen force, as well as the waiters with him. The strike failed and Smith lost his position. Then came days of worry and finally of remorse.

Within the last week Mr. Smith's friends had noticed symptoms of a failing mind, and it is thought that his suicide was the act of an insane man.

FELL FROM A SCAFFOLD.

Three Painters in New York Fatally Injured.

New York, Sept. 4.—Three painters—James Field, John Henley and a man whose name is not known, have been fatally injured by a falling scaffold at the city institution for the insane on Ward's Island. Field and Henley had nearly every bone in their bodies broken. The men were on a swinging platform 20 feet above the ground when one of the hooks attached to the walls above became loosened. One end fell and for a moment the men hung to the paint-smeared boards. They could not secure a good grasp, however, and slid off. The unknown man had his legs and arms broken, and also sustained internal injuries which will be fatal. The doctors were unable to restore any of the victims to consciousness. In addition to his many bone fractures, Field's neck was broken.

Mrs. Molineux Gets a Divorce.

New York, Sept. 4.—Counsel for Mrs. Roland B. Molineux has announced that the reports of his client having secured a decree of divorce in South Dakota are true. None of those connected with the case will say where the decree was issued. Beyond the mere confirmation the only statement vouchsafed was that Mrs. Molineux will resume her maiden name.

DISAPPEARING

An Old Chronic Coffee Symptom Going.

It is a fact that the old time enemy, sick headache, is disappearing as the use of Postum Food Coffee in place of coffee becomes more widespread. Sick headache is always caused by improper food or drink, and coffee is the most prominent cause of sick headaches.

In those families where Postum has taken the place of coffee you will seldom find a case of sick headache, nausea or nervousness. "I had sick headache frequently before beginning the use of Postum which was a year ago last June, but since I have cut coffee and use Postum I have had only one spell."

"My husband suffered so greatly from stomach trouble for two years, with extreme weakness at times and smothering so badly that his friends generally gave him up as a consumptive. Two physicians tried their skill but did not help him. Yet in less than a year since he quit coffee and began the use of Postum he is well. The smothering spells are entirely gone and he is back again at his usual farm work strong and happy. We both began to notice a change for the better after we had used Postum about a month and now we would neither one of us go without it."

"My husband's mother had stomach trouble entirely different from my husband's. She had had weak stomach for 20 years without being able to get much help from medical treatment. After she saw what Postum had done for my husband, she was easily persuaded to give up coffee and try Postum and the old cramps from which she used to suffer so much are almost entirely gone and her stomach is getting strong and normal. I could tell you of a number of other cases among my relatives and townspeople but guess you will understand from this what we think of Postum in this part of the country."

"You could not persuade any of these people that I have named to risk even one cup of coffee now, since they have seen what giving up coffee and drinking Postum will do toward getting back health and happiness." This was written by a well-known lady of Brick Church, Tenn. Name given by the Postum Co., Battle Creek, Mich. Look in each package for a copy of our famous little book, "The Road to Well-Being."

DISCUSSED IN DETAIL.

The plans and specifications of the Utah building and exhibits were discussed at considerable length by the members of the commission. Director-General Whitaker was instructed to collect a Utah horticultural exhibit for the irrigation congress at Ogden, the finest specimens in which will be used as part of the exhibit at St. Louis. The commission appropriated \$500 to be used for such purpose.

HONEY DISPLAY.

A contract was ratified with the Utah Beekeepers' association by which the association is to furnish 5,500 pounds of honey and 1,000 pounds of wax, the latter to be carved into various designs. The contract price was fixed at \$50. Don Maguire will assist Whitaker in collecting the mineral exhibit. The commission authorized the Utah Light & Power company has tendered the commission the free use of its warehouse at Ogden to be used until Feb. 1 for storing the exhibits.

UTAH DAY AT ST. LOUIS.

It was decided that Oct. 20, 1904, shall be Utah day at the exposition, and the secretary was instructed to communicate with the exposition authorities and ascertain whether or not that day can be set apart for Utah.

Dr. Kirkwood, Dentist, moved to 38 E. Third South St.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and comment the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address BRADFIELD REGULATOR CO., Atlanta, Ga.
