

INTEREST GROWS IN OGDEN FIGHT

Battling Nelson and Jack Clifford
About Ready to Quit
Training.

DANE'S QUARTERS CROWDED.

Hegwisch Boy is Now Doing His Work
At Railroad Exchange and on the
Road—Wager of \$500 Offered.

Interest is daily increasing in the coming twenty-round battle at Ogden between Battling Nelson, the Durable Dane, and Jack Clifford, the Grass Valley fighter. Many of those who at first did not look at the match seriously have come to look at it in a different light and now realize that when the two lightweights face each other at the Ogden opera house on Monday evening, there will be lively going in the Queensbury line. As we have said before, condition counts for everything in this contest, and both fighters thoroughly realize this and are doing their best to get into perfect condition.

Clifford has proved a surprise to many of the Ogden fight fans by his strenuous work in training camp. He is working every day and night, and his very life depends on the result of Monday night's clash with the Hegwisch champion. He is practically doing the work of a professional fighter and has a good wallop, but I'm going to beat him.

Nelson's training quarters have been changed from the Sanitarium to the Railroad exchange and large crowds greet him there daily. In fact hundreds have been turned away from the training quarters as there was not room in having no trouble whatever in making weight. "I am not as big as when I was here a couple of years ago but I am better now for I have been in my life."

Joe Lewis, an admirer of Nelson, has been told that he will be in the ring with the Dane in Monday night's bout. Lewis says he has more if any one cares to offer it.

HOPPE BEATS CUTLER.

Philadelphia, Jan. 8.—The 2,000 point 18.2 mile match between Willie Hoppe of Chicago and A. G. Cutler of Boston ended with Hoppe being an easy winner. He made 400 points this afternoon to Cutler's 328. Cutler's total in the match was 1,300 points. The match was for \$500. The best run was 153, made by Hoppe.

KID MURPHY LOSES.

Peoria, Ill., Jan. 8.—Johnny Coulton of Chicago won the Peoria ten-round bout tonight before the Peoria Athletic club.

A DISASTROUS TRIP.

New York, Jan. 8.—Winning only two games of nine played by the Columbia university basketball team has returned to Morningside Heights from its disastrous trip to the West. It made a record for distance traveled of 4,000 miles greater than that previously covered by a college five. The three of the best men of its personnel were injured or ailing. Team play was at a discount on the Columbia trip. The team was administered by the University of Chicago, the University of Minnesota, George Washington and the Kansas City Athletic club. Columbia's only victories were before the Birmingham Athletic club and Vanderbilt university. The university players were hard at work yesterday preparing for the second game of the non-collegiate series with Cornell at Ithaca Friday night.

LEAGUE SCHEDULES.

Cincinnati, Jan. 8.—Although the schedule of the National and American leagues adjourned late last night without giving out an official report, it was learned today that the contest had decided on Tuesday, April 14, as the opening date, and Wednesday, Oct. 7, as the closing day of the season. The schedule for each league will call for 154 championship games. The closing of the world's championship games are to start, probably on Oct. 9.

OGDEN COUPLE QUALIFIES.

Junction City and Salt Lake Fanny Skaters to be in Finals.

Last evening's qualifying contest for the finals in the fancy two-stepping contest to take place at the Auditorium rink on Saturday night created a great deal of enthusiasm and resulted in a fight between Ogden and Salt Lake teams. Jack McLaughlin and Miss Fay Putnam of Ogden qualified easily as also did H. C. Standish and Miss Emma Golding of Salt Lake. This means that the fight for first prize will be between teams representing this city and Ogden. There is a great deal of rivalry between the two cities and last evening's was a big delegation from Ogden to cheer their skaters on. The largest crowd of the week was in attendance last evening, and despite the fact that the ice skating rink was crowded, the big smooth floor of the little wheels and the big smooth floor

OLD SORES KEPT OPEN BY IMPURITIES IN THE BLOOD

If Old Sores were due to outside influences, or if the cause was confined strictly to the diseased flesh around the ulcer, then external treatment and simple cleanliness would cure them. But the trouble is in the blood, which has become unhealthy and diseased, and keeps the sores open by continually discharging into it the impurities and poisons with which the circulation is filled. This poisonous condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, or because the natural refuse of the body, which should pass off through the proper avenues, has been left in the system and absorbed into the blood. Again, the cause may be hereditary; but it does not matter how the poison becomes entrenched in the blood, the fact that the sores will not heal is evidence of a deep underlying cause. Salves, washes, lotions, etc., may cause the place to scab over temporarily, but the blood is not made any purer by such treatment, and soon the old inflammation and discharge will return and the sores be as bad or worse than before. S. S. S. goes down to the very bottom of the trouble, cleanses and purifies the blood, and makes a permanent cure. S. S. S. enriches and freshens the circulation so that instead of discharging unhealthy matter into the place, it carries rich, tissue-building, flesh-healing blood to the diseased parts and in every way assists in a natural cure of the sores. Book on Sores and Ulcers and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Severe Pains

When a prominent nerve is affected, the pain is severe. It is called neuralgia. It may be in either the head or body. Relief comes only when this nerve trouble is overcome. By its soothing and strengthening influence upon the nervous system Dr. Miles' Nerve Remover cures the cause.

"It was about two years ago that I was taken down with what the doctors claimed was neuralgia, and some called it lightning rheumatism. Sharp pains would go from one place to another, mostly in my head, and they would last two or three days before I could get relief. During these spells I would be so nervous that I hardly knew what I was doing. The pains were so severe and exhausting that my husband would have to steady me when walking across the room. I would have fever, and my heart would palpitate, and in a day or two I would feel better. But I would not be sure to have a spell of neuralgia, but I might just as well take water. My aunt kept writing me to just try Dr. Miles' Nerve Remover. I am thankful that I was persuaded to do so, for the Nerve Remover cured me—has driven it out of my system."

MRS. H. C. DIXON.

SAN FRANCISCO RID OF SCHMITZ REMNANTS.

San Francisco, Jan. 8.—The last remnants of the Schmitz administration, under which this community suffered for six years, were cleaned out of the city government today. It was the long anticipated 8th of January and the officials voted into office last November assumed the positions to which a regenerated electorate had raised them.

Not one vestige of Schmitz or Ruef influence remains in the municipal administration which began today. Thomas P. Woodward, who was city engineer under Schmitz, resigned at Mayor Taylor's request. His place was taken by Marsden Manson, who was a member of the board of works during the Phelan administration. William Shaughnessy resigned as superintendent of street sweeping and John Progerson was named by the board of works to assume these duties. When the board of education met Thomas Boyle, who has held a place there for some years, was elected president.

Mayor Taylor, in his address of welcome to the board of supervisors, devoted considerable attention to the subject of an auxiliary water system, discussing it in detail and recommending it highly to the new board as a splendid thing for the city. He also went upon street improvements and urged the rapid rehabilitation of public buildings.

THIEVES STEAL DIAMONDS.

Chicago, Jan. 8.—Thieves entered the residence of Samuel Schwartz in Waukegan, yesterday night, and stole jewelry, mostly diamonds. The police are baffled, as there are no signs of intrusion in the Chicago house. A search for valuables. Everything showed the thief knew exactly where to find what he wanted.

REP. SULZER WEDS QUIETLY.

Philadelphia, Jan. 8.—Mrs. R. Roedelheim of this city today announced the marriage of her daughter, Clara, to Congressman William Sulzer of New York yesterday. Mrs. Roedelheim says she is not at liberty to say where the marriage took place.

A CURE FOR MISERY.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louisville, S. C. "It's called Quinine. It comes in 50-cent bottles. It breaks up a case of chills and a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Z. C. M. I. Drug Dept., 112-114 Main, Salt Lake City.

MEN OUT OF WORK.

In New York Alone 160,000 Have No Employment.

New York, Jan. 9.—The committee of the Central Federated union, which is investigating the laying off of men by the national, state and city authorities, reports that there are at present 160,000 men out of employment in New York city alone. They say that 40,000 union men allied with the building trades are out of work; 20,000 miscellaneous union men idle, and 100,000 non-union men looking for jobs.

A HIGHER HEALTH LEVEL.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Indiana. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at Z. C. M. I. Drug Dept., 112-114 Main, Salt Lake City, 25c.

A BOTTLE OF CHAMPAGNE.

Nippon Club Searching for One Taken From Rojostevsky's Fleet.

New York, Jan. 9.—The entire membership of the Nippon club, the exclusive Japanese organization of New York, is searching the city for a bottle of champagne which was stolen from the club on Jan. 2. It is not an ordinary bottle of wine, for it is one captured by Admiral Togo's sailors from one of the ships of Admiral Rojostevsky's fleet, which escaped being sunk in the great battle of the Sea of Japan. The bottle was presented to the club by Admiral Yamamoto during his recent visit to New York, and was, by the club, encased in a silver cover and placed in the spot of honor in the club rooms safely covered with a glass globe. It is believed that one of the servants in the club stole the bottle on account of the value of the silver cover. Jataro Nagami, one of the club's waiters, is under arrest, charged with the theft. He denies it positively.

MUCH MONEY BORROWED ON LIFE INSURANCE POLICIES

New York, Jan. 9.—The extent to which life insurance policies were made the basis of loans during the stress of the recent financial flurry is measured by a large proportion of the loans being made recently to men of considerable means who carry policies for sums ranging from \$50,000 to \$200,000. The company was compelled by the terms of its policies to make the loans, some of which were the result of the policyholders' inability to pay their premiums. These borrowed the money from the company to make the payments and keep in good standing. Borrowing for investment buying of stocks was another factor in the heavy demand for loans, when the money stringency was at its height. Insurance men say that many of the borrowers were undoubtedly tempted by the low price of securities during the panic and obtained money in this way for stock market investments.

GOV. BOIES RECOVERING.

El Paso, Tex., Jan. 8.—Ex-Gov. Horace Boies, who has been ill with pneumonia at the hospital here, is now regarded as completely out of danger, if no relapse occurs. He sat up a short time today.

CHICAGO SWITCHING RATES.

Have Increased Between 200 and 300 Per Cent in Five Years.

Chicago, Jan. 9.—Switching rates in Chicago have increased between 200 and 300 per cent in the last five years. The demonstration of this fact was made to the state board of railroad and warehouse commissioners yesterday by the shippers, who have asked that the rates be reduced, and further testimony along this line will be introduced at the hearing today.

The complaint against these switching rates was filed with the commission some time ago and the railroads have been given an opportunity to present their defense. The Illinois Manufacturers' association is the complainant and is backed up by practically all the big shippers in Chicago and other manufacturing centers in the state.

CRITICIZING CHARITY.

Chicago, Jan. 9.—Recent criticism of conscientious efforts to relieve the tremendous amount of suffering in Chicago was utterly resented yesterday by the Rev. John H. Hays, who gave breakfasts to over 2,000 hungry men in the last four days at the Immanuel Baptist church.

"So many men came to us seeking food, work, or aid of any kind that we decided to call attention to the persons giving breakfasts Sunday and this morning we had 500 men to feed. We used 30 loaves of bread, 20 pounds of butter and gave out 3,000 cups of coffee in three hours."

"Almost all of the money has come out of my own pocket and I can only keep up the breakfasts a day or two more under present conditions. The idea of complaining these men is nonsense. They are ravenously hungry and they cannot get work. The employers of them are respectable clerks and workmen thrown out of employment."

A PHYSICIAN'S RUSE.

Dr. Franklin W. Hays, a well known practitioner of Indiananapolis, met at a social gathering a lady who had worried herself into the belief that she had all the ailments to which the flesh is heir. When she heard of the reputation of Dr. Hays she secured him in a corner and detailed her troubles. He escaped that time, but a few evenings later she got him again. Wherever he met her socially she insisted on telling him of her complaints, but she never came near his office. The thought of a fee seemed abhorrent to her. She met him at last on the crowded porch of a country club where he was in progress, and, regardless of all the people around, she started on her symptoms again.

HOW'S THIS.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by H. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 10 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.
