WASHINGTON, 4.—Under the call of States bills were introduced by Frye for an exchange of silver coins of the United States for United States notes.

Bright offered a resolution directing the Secretary of the Treasury to inform the House whether he has authorized the sale of any bonds for outstanding legal tender notes at par, adding the current New York premium on gold and the commission for selling, or whether he has authorized the sale of such bonds for legal tender notes on any other terms than above stated, and if so, the number and the amount of the proceeds of such bonds, and who were employed as agents to dispose of them, which was adopted.

Schleicher offered a preamble and resolution directing the committee on public buildings and grounds to ascertain the amount of money necessary to complete public buildings now being erected, and to build others that may be necessary, and to inquire into the expediency of issuing bonds of the United States to any amount necessary to erect all such buildings. Mail Awards.

WASHINGTON, 4.—G. J. Salisbury of Salt Lake City is awarded the route from Soledad to New Hall, at $29,000, and the route from Susanville to Lake View at $6,975.

The Chinese Immigration Question.

The joint resolution introduced in the Senate, to-day, by Sargent, relative to Chinese immigration, is a copy of the measure recently reported from the House committee on education and labor, requesting the President to open correspondence immediately with the governments of China and Great Britain, with a view of securing a change or abrogation of all stipulations in existing treaties, which permit the unlimited immigration of Chinese to the United States.

Increased Mintage Facilities.

At a meeting of the House committee on coinage to-day, the following resolution was agreed to unanimously:

Resolved, That in view of increasing the coinage, it is the sense of this committee that there should be increased mintage facilities.

It was also agreed that the subcommittee of six, in April next, shall proceed to several points from which petitions have been received for the establishment of branch mints, namely, Charlotte, S. C., New Orleans, St. Louis, Denver, Helena, Mont., Chicago, Quincy, Ills., and Cincinnati, and upon their return submit the report of their investigation to the full committee.

A New Silver Bill.

Following is the full text of the bill introduced to-day by Senator Cockrill, to authorize the deposit of silver bullion or bars and issue certificates therefor:

Be it enacted, etc., That the Secretary of the Treasury is hereby authorized and directed to receive deposits of silver bullion or bars, with the treasurer or any assistant treasurer of the United States, in sums of not less than $20, estimating 412½ grains, troy weight, standard silver, to the dollar, and to issue certificates therefor, in denomination of not less than $20, each corresponding with the denominations of the United States notes, and such certificates shall be in the form of the certificates now authorized and issued for gold bullion, and shall be payable to depositor or bearer, and shall be receivable at par in payment for duties on imports, taxes, and all public dues, and shall be payable by the treasurer or any assistant treasurer of the United States, on demand, in silver dollars or United States notes, and when so paid such bullion shall become the property of the United States.

An Assignment.

NEW YORK, 4.—The old house of John C. Kohlstatt & Sons, wholesale and retail dealers in worsteds, trimmings, straw goods, etc., has made an assignment to John H. Draper. An invoice of the stock shows a surplus of assets over liabilities of about $125,000, but not being able to meet maturing drafts, and for the purpose of preventing a sacrifice of stock under execution, or otherwise, and as far as possible shield and protect all creditors, they made this assignment.

$2,000 Fire.

ATLANTA, Ga., 4.—A large fire in Forsyth, Ga., this morning, destroyed an hotel, bank, and six stores. Loss, $30,000; insured. A falling wall killed a negro woman and seriously injured several. Search is being made for the other bodies in the debris.

Hung to a Tree.

NASHVILLE, 4.—The *American's* special says: Winston Anderson, who attempted to outrage a little girl near Clarksville, was lynched on Friday night. A large body of armed men surrounded the jail, forced the jailor to give up the keys and took Anderson out. The body was found late on Saturday morning, a mile from town, hanging to a tree.

WESTERN.

Destruction of Property by the Floods.

SAN FRANCISCO, 4. — The correspondent of the California Associated Press, who has ascended the Sacramento river to Monroeville, 190 miles above Sacramento city, telegraphs that for the entire distance the country presents the appearance of a continuous sea, on both sides of the river. Not 5,000 acres of land along the river for the whole distance have escaped the flood. The river is now rapidly falling and vast tracts of wheat land are making their appearance, much of which may be saved if drying north winds follow the recent continued storm. Between Sacramento and Monroeville there are about 250 breaks in the levees.

Dr. Glenn, a large farmer in Colusa County, lost 20,000 sheep and 6,000 acres of wheat by the flood. The main wheat lands of Colusa County are five miles from the river and are safe. About 10 per cent. of the wheat crop of that country is ruined, and about the same amount is damaged. The loss between Sacramento and Monroeville in levees, buildings, stock and crops, will reach $800,000, besides the decrease in value of property in some localities. There is, however, a prospect of an enormous harvest and much sediment has been deposited which will renew land where worn by continuous cropping.

Liberating a Chinese Murderer—A Marshal Killed.

A Virginia dispatch: Chief of Police Breen was held in the sum of $4,000 to-day, for liberating a Chinese murderer and permitting the substitution of another man. The real murderer has been captured and fully identified.

Colusa dispatch: John T. Arnold, city marshal, was killed to-day, by D. Shepardson, whom he was attempting to arrest.

FOREIGN.

GREAT BRITAIN.

War Estimates.

LONDON, 4.—In the House of Commons, this evening, Hardy introduced the war estimates. In his speech he avoided all exciting topics, confining himself to technical details. He stated the estimates had been framed on a strictly peace footing, as would be the case whatever apprehensions were entertained. He said there was a growing feeling that the militia should not be exclusively employed within their own counties. Some of the finest regiments had placed their services absolutely at the government's disposal. Government deeming it desirable to revive the autumn manœuvres, intended this year to assemble, near Salisbury, 36,000 men ready for foreign service. He trusted that the army might not be called upon for active service, but he felt confident if it should be, it would not be found deficient. The House then passed the vote fixing the strength of the army at 135,452 men.

TURKEY.

Peace Terms.

CONSTANTINOPLE, 4. — To-morrow the plenipotentiaries will enter upon a discussion of the details of the several points of the treaty which were agreed to *en bloc*, taking up first the payment and guarantees for the payment of indemnity.

Intelligence comes from San Stefano that General Ignatieff and a special Turkish ambassador were to leave for St. Petersburg immediately after the signing of the preliminaries of peace. It is thought that the special ambassador will convey the Sultan's desire for a restoration of diplomatic relations or be charged to conduct negotiations for drafting a definite treaty, the preliminaries only having so far been signed.

The principal conditions of the preliminary treaty just signed are the cession of Batoum, Kars, Ardahan, and the district of Bayazid. The question of the Straits is reserved for future consideration. The question of navigation remains in *statu quo*. A zone will be left between Montenegro and Servia so as to enable the Porte to maintain communication with Bosnia and Herzegovina. It is confirmed that Bulgaria will include Bourgas, Varna and Kustendje, but not Salonica or Adrianople. Russia is to have power to cede the Dobrudscha to Roumania in exchange for Roumania Bessarabia.

The *Agence Russe* says some days must elapse before the treaty can reach St. Petersburg, and the authentic conditions be published. The *Agence* declares that these will show that the indemnity has been reduced to almost nothing, and that the question of guarantees have not been touched.

WEST INDIES.

The End of Cuban Slavery.

HAVANA, 4. — A proclamation dated Puerto Principe, March 1st, signed by Captain General Martinez Campos, says:

WHEREAS, The insurgents are surrendering their arms, and

Whereas, A majority of the slaves who took part in the insurrection did not figure in the census formed in the year 1872, or belong to masters who participated directly or indirectly in the insurrection, thereby acquiring their liberty de facto, and

Whereas, The sentiment is taken into account which inspired the present law of the gradual emancipation of slaves in this Island; therefore, authorized by the home government we proclaim,

ARTICLE 1. All slaves of both sexes who were in the lines of the insurgents on the 10th of February, will be free if they present themselves to the legitimate authorities, or government troops, before the last day of March.

Art. 2. The former owners of these freedmen have no right to indemnity if they took part in the insurrection themselves, directly or indirectly.

Art. 3 These former owners of these freedmen who remained faithful to the Spanish government, will receive indemnity in the manner which the law of gradual abolition allows.

Art. 4. All local authorities will furnish papers or free citizenship to those former slaves included in article first, giving direct and detailed accounts to the heads of their respective departments.

A decree signed by Captain General Jovelar and General Martinez Campos dated March 1st says, Whilst during the existence of the insurrection all the attention of the government was absorbed by the war, now, after it has come to a happy conclusion, comes the time to introduce into the organic political administrative system of the island such reforms as without insurrection Cuba would have enjoyed long ago, and would have been in an analagous position with Porto Rico, excepting certain reforms of a social character to be resolved upon after a profound study of the circumstances therefor.

Art 1. Dating from the next legislative term, Cuba will be represented in the Cortes at Madrid, on equal terms with Porto Rico, according to the population of the Island.

Art. 2. The provincial and municipal laws of Spain, dated October 20, 1877, will be applied to the government and administration of Cuba, as is done in Porto Rico.

Art. 3. The Spanish Government will be requested to apply successively to Cuba all the other laws promulgated in Spain with such modification as thought convenient and in virtue of the prescription of article 89 of the Constitution of the Monarch.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the makers before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded to articles deemed worthy of recognition; so that it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Melodeons shows instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Smoothness and equal distribution of tone, range of expression, promptness and singling quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and

FIRST MEDALS

PARIS, 1867; VIENNA 1873; SANTIAGO, 1875

PHILADELPHIA, 1876;

and have thus been awarded highest honors at

at which they have been exhibited; being the Only American Organs which have ever obtained ANY Award at any competition with best European makers, or in any European World's Exposition!
