Theatre.—The first benefit of Mr. B. Marden, a careful and deserv iug actor, comes off this evening. The plays are "Still Waters Run deep," and "Betsy Baker." Mr. Marden appears as "John Mildmay" and "Mr. Crummy." Other characters by Misses Walters and Clawson, Mrs. B. Douglas, and Messrs. Lindsay, Graham, and Wilton, and the company. The 14th Infantry Band will furnish the music for the occasion. This is a fine bill, and for the benefit of a worthy, able and conscientious actor. A large audience and a good time are expected.

A Progressive Grammar of the English Tongue. By Prof. William swinton, A. M.-This is the fourth book of "Harper's Language-Series." It contains 207 pages, and is divided into four parts—Etymology, Syntax, Analysis and Construction, and English Composition, with an Appendix on verts and tenses. The work is as full of exercises and illustrations as an egg is full of meat, and any one who will go diligently and carefully through it ought to be able to write the English language with propriety. To speak any language with propriety is difficult with the help of books alone. The very best school for learning to speak a language with propriety is intercourse with people who speak it properly in their ordinary conversation, and those are very few. Nevertheless, very much may be learned from books in regard to speaking a language correctly, and this is one of the best books for this purpose. For sale at Dwyer's.
