MINING, BUSINESS AND STOCKS

FORENOON SALES ON EXCHANGE.

Some Stocks Made Slight Gains While Others Displayed a Tendency to Decline.

BUTLER-LIBERAL HOLDS ITS OWN

Columbus Con. on the Open Board—New York Stronger—The Closing Quotations and Sales.

Business was fairly active for a time during the regular forenoon call of the Mining Exchange today, and the brokers entered into the bidding with a good deal of spiritedness. Yet there was little change for the better in market conditions. Star Consolidated showed weaker, as did Uncle Sam Consolidated. Butler-Liberal held its own and ended up at about where it left off at the close of business yesterday, while Wabash sold down to 85 cents.

On the open board, Columbus Con. gained a half a cent a share, and New York stiffened slightly.

The closing quotations and sales were:

IN IRON COUNTY.

Inter-State Company Will Continue Development Through Winter.

Special Correspondence.

Provo, Oct. 26.—C. O. Newell, vice president of the Interstate Gold Mining & Reduction company, which is opening up a rich property near Stateline, in Iron county, is here for a few days' visit with his family.

Mr. Newell states that his company is now putting up buildings and will conduct an active campaign of development throughout the winter.

A deed from William Hataway to Eli Kendall, J. C. McCandlass, D. S. Hebertsen and Robert Fox, all of Lehi, for a one-fifth interest in the following mining claims, near Lehi, has been recorded here. The claims are the Koolin, Aluminum Bed and the Porcelain. The consideration is $40.

WEST QUINCY SUIT.

Dr. John T. White Wants an Accounting From the Company.

The complaint in the case of Dr. John T. White against C. D. B. Turner and the West Quincy Mining company, the facts in which were published several days ago, was filed in the district court yesterday. The plaintiff asks that defendants be compelled to render an accounting of the profits realized from the development of the J. I. C. group of claims located in Summit county and that he be declared entitled to a one-third interest in the same.

It is alleged that Turner and Wilkinson had a bond and lease on said claims and that they induced Dr. White to invest $5,000 in developing the claims for which he was to receive one-third of the proceeds from the mine. Just before the bond and lease expired it is claimed that Turner entered into an agreement with the owners of the property whereby a new company should be formed at the termination of the lease and thus leave the plaintiff out. The company was formed and named the West Quincy and now plaintiff asks for an accounting of the moneys received as proceeds of the mine and that he be declared to be the owner of one-third of said property.

ALTA'S RAIL FACILITIES.

Difficulties Endured by Mine Managers Will Soon be Overcome.

Alta will not be without railroad facilities very much longer. For a number of months past the operators of this famous old camp have been using their influence with the Rio Grande Western management to induce it to fix up the old grade to Wasatch, lay new track and otherwise put the road in shape to handle the traffic to and from the Little Cottonwood camp. The movement has finally resulted in the lease of the road to Henry M. Crowther, general manager of the Continental Alta mines corporation, who will undertake the task of putting the line in shape for business.

Standard gage equipment will be used between Bingham Junction and Wasatch, with steam power employed for the operation of trains.

Above Wasatch it is proposed to repair the old tramway road bed, put down new steel the whole distance and equip the line with electric motors.

At the present time it is simply impossible, it seems, to get enough teams to handle the business brought about by the development of the mines of the district. In fact, every mine manager in there has had trouble of this kind.

The Albion company is now unable to move its ore to market as rapidly as it would like to, owing to the scarcity of teams.

Railroads have been built into mining camps not more than a thousand miles from Salt Lake which do not begin to produce the tonnage that Alta does and could, if it had better facilities for getting the ore to market.

Raven Mining Case.

Washington, Oct. 25.—The assistant attorney-general for the interior department today heard argument in support of the contention of the Raven Mining company, whose property is located in the old Uintah Indian reservation in Utah, that it should be relieved from the payment of any compensation for lands taken up by it under the laws of 1902 and 1905.

The company owns 63 mining claims. The commissioner of the general land office has held that these claims should be paid for, and the case is before the secretary of the interior on appeal.

UTAH COPPER MEETING.

Nothing to Indicate Gathering of Shareholders Will Not be Harmonious.

Tomorrow, not today, as stated in yesterday's "News," is the date set for the adjourned meeting of Utah Copper shareholders at Jersey City.

There is nothing to indicate that there will be any objections entered to the plan of authorizing the proposed increase of capital stock or to the authorization of the $3,000,000 bond issue in accordance with the understanding reached with Col. E. A. Wall.

THE CARRIE MACK.

Favorable Reports From This Tooele County Property.

Charles McKellar, superintendent of the Carrie Mack property over on the west side of the lake writes Manager Gideon Snyder that development is progressing very favorably.

Two drifts are being run from the 100 foot station of the shaft, one east and the other west.

In the one to the north, which has been run 14 feet, a foot of good ore, showing considerable lead, has been opened into. In the south drift, which has been run nine feet, the face also indicates strong mineralization.

BALAKLALLA DEAL.

Parties Interested Have Not Yet Concluded Negotiations.

The final act in the closing of the deal for the sale of the Balaklalla copper mine in California to the White Knob Copper company, had not been closed up to 2 o'clock this afternoon.

A conference between representatives of the owners and the purchasing company, was held in the offices of the Western Exploration company in the Atlas block during the forenoon.

There appears to be a slight hitch in the proceedings but not of such a nature, it is believed that it cannot be overcome.

Big Goldfield Deal.

Advices that reached Reno from Goldfield last evening disclose the consummation of one of the largest mining deals that have ever been put through in the southern country, says the Gazette.

Humphrey Brothers of Reno, who held the control of the Nevada-Goldfield, and the Nevada Sunshine group, have disposed of their interests for a round $250,000 in cash. The purchasers are Michigan people and the property is one of the most valuable in the southern country.

An interesting feature of the deal is that the most important claims in the Nevada-Goldfield were originally bought by Humphrey Brothers for $1,100.

Nevada Stocks.

CONCENTRATES.

The Uncle Sam Con. company has two cars of ore in today's market.

Manager Henry Catrow of the Ohio Copper company is in Bingham today.

John Dern of the Con. Mercur and other mines, and Mrs. Dern, will leave on a trip to Europe early next month.

The Pioneer sampler reported the receipt of one car of ore from Tintic, two from Alta, two from Bingham and one from Stockton today.

The ore and bullion settlements reported late yesterday afternoon by McCornick & Co. were as follows: Crude ore and concentrate, $29,600; base bullion, $45,400.

W. H. Bryant, who was formerly connected with the local offices of the Majestic Copper Company, when its affairs were directed by A. B. Lewis, has returned from a trip east.

The Taylor & Brunton Sampling company receipted today for one car of ore from Bingham, two from Idaho, three from Tintic, seven from Nevada and three from Frisco.

The recent disclosures on the 1,600-foot level of the Mammoth have been inspected by President Samuel McIntyre of that company and he has expressed considerable satisfaction with the showing.

L. F. Peer, who is well known to the local mining fraternity, is reported to have found some rich float a few miles north of Caliente and has located a group of claims. According to advices from Caliente the find has created quite a stir among the citizens of that town.

Manager Henry M. Adkinson of the New England Gold & Copper company's property at Bingham is in the city and reports the mill making good progress and turning out a carload of high grade concentrate every four days. The Saturn patented claim has been recently added to the New England's possessions.

THE ASCOLI COPE.

J. P. Morgan's Evidence Regarding its Purchase Wanted.

New York, Oct. 26.—A cable dispatch to the Herald from Milan says:

Newspapers here state that a judge of Ascoli, Piceno, has requested the Italian consul-general in New York to take the sworn evidence of J. Pierpont Morgan and of Dr. Roversi, secretary of the Metropolitan museum as to discovering the original vender of the Nicolas IX cope, which, it will be remembered, was purchased by Mr. Morgan and generously restored by him to Italy when he learned it had been stolen.

LOCAL MARKETS.

A car of bananas arrived this morning, with 325 bunches bearing 11 dozen bananas to the bunch, or 42,900 bananas in all. This will keep the market going for several days. Eggs are still on the upward move, selling as high as 35 cents, and in some cases, dealers claim to be receiving 40 cents for a prime article. Ranch eggs are up to $9 per case. Part of a car of oranges from Jamaica are on hand, and selling at $3.75 per case. They are shipped direct to Galveston from the island, and thence over the C. & S. and the Rio Grande roads. Fresh shipments of bloaters and finnan-haddies have been received, also oysters, fish and poultry; but there is not enough poultry to supply the demand. Cabbages are arriving from Weber and Cache counties. The prices obtaining in today's local markets are as follows:

STOCKS INCLINED DOWNWARDS.

Opened Active With Sharp Fractional Losses in Leading Railroads.

TRADING SOON BECAME DULL.

All Snap Died Out and Prices Settled Back to a Lower Basis.

New York, Oct. 26.—The stock market opened active with sharp fractional losses in Union Pacific, Southern Pacific, Metropolitan Street Railway, Louisville & Nashville and Baltimore & Ohio. Initial losses were recovered and a little leeway obtained before the market weakened again. As on yesterday the coalers were the main points of interest. Delaware & Hudson was largely dealt in at an advance of 5 points and Central Railroad of New Jersey rose 2½. Reading failed to eclipse yesterday's record figure, but reached 127⅝. Northwestern, Smelting and Distillers' Securities gained a point. Pressure against the local traction stocks brought considerable long stocks and the general market relapsed to about the opening level. Metropolitan Street Railway fell 2⅜, Pressed Steel Car and Third Avenue 1¾ and Metropolitan Securities, American Woolen and Denver & Rio Grande 1918⅜.

Trading became dull and hesitating and only special stocks moved conspicuously. Smelting, Distillers' Securities and Havana Electric preferred got up 2 and Northeastern 1. Brooklyn Transit, Great Northern preferred, Paper preferred, and Pacific Mail lost 1, Tenessee Coal 1¾, General Electric 1½ and Federal Mining preferred 2.

Bonds were steady at noon.

All the snap died out of the market and prices gradually settled back to a lower basis. Hide and Leather preferred was bid up to 32, but suddenly broke 2½ on the report that the dividend had been passed. Chicago, St. Paul, Minneapolis & Omaha hardened 1¼. Union Pacific and Lead, Consloidate Gas and Federal Mining yielded 2 and Pullman 1½.

Selling was resumed after a protracted period of dullness during which prices were little altered. Busines increased largely when prices commenced to decline again.

The downward drift made the lowest prices of the day in the final hour, in Union Pacific, St. Paul, Missouri Pacific, New York Central, Erie, Northwestern, New eJrsey Central, Reading first preferred, Atchison preferred, Locomotive, Copper United States Steel, Sloss Steel, Smelting preferred and some less prominent stocks losses ran from 1 to 1½. The closing was active and weak.

Money on call 3½@4 per cent, closing bid 3½; offered, 3¾. Time money, easy; 60 and 90 days, 4½@; six months, 4½ per cent.

Prime mercantile paper, 5@6 per cent.

Sterling exchange strong with actual business in banker's bills at 4.86.95@4.87 for demand and at 483.30@4.83.35 for 60 days; posted rates 4.83½@4.84 and 4.87@4.87½; commercial bills, 4.83@4.83¼.

Bar silver, 62¾.

Mexican dollars, 48.

Bonds—Governments, steady; railroads, irregular.

LIVE STOCK.

Sheep—Receipts, 5,000; market strong. Muttons, 4.25@6.00; lambs, 5.75@7.75; range wethers, 4.50@6.00; fed ewes, 3.75@4.85.

WOOL.

ST. LOUIS.

St. Louis, Oct. 26.—Wool, steady. Territory and western mediums 26@30; fine medium, 22@26; fine, 19@20.

PRODUCE.

CHICAGO.

Chicago, Oct. 26.—The railroad strike in Russia was the cause today of an extraordinarily strong market for wheat here. Trading was extremely active and the volume of business was large. An advance of a penny a bushel in the price of wheat at Liverpool was taken here as an indication of the seriousness of the situation in Russia. Demand was general with shorts heavy purchasers. The December option opened ⅛ to ¾ higher, at 88⅝ to 88½, sold up to 88⅝ and then reacted to 88⅜ on profit taking. May opened ⅝ to 1⅛@1¼ higher at 89½ to 90@90⅛, and for a time held within the opening range, being comparatively steady around 89⅝@29⅞.

Minneapolis, Duluth and Chicago reported receipts of 794 cars against 576 cars a year ago.

A strong tone prevailed in the corn market. Small local receipts and large export and shipping sales were the dominating influence. Demand was active and general, but offerings were light. December opened ¼ to ⅜ higher at 46 to 46⅛, but eased off a trifle on realizing, the price touching 45⅞.

In sympathy with other gains sentiment in the oats market was bullish. Shorts were active bidders. Urgent export demand was an important factor. December opened ⅛ higher at 30, and advanced to 30⅛@30¼.

Notwithstanding a decline of 5 to 10 cents in the price of live hogs the provisions market was comparatively steady. Strength of grain was the principal supporting factor. January pork was up 5 cents at 12.42½; lard was up 2½@5 cents at 6.90, and ribs were a shade higher at 6.50.

Cash: Wheat—No. 2 red, 89½@90; No. 3, red, 88@89¼; No. 2, hard, 87@89; No. 3, hard, 86½@87; No. 1, nortehrn, 89½@90½; No. 2, northern, 88@89; No. 3, spring, 82@88.

Corn—No. 2, 52¾; No. 3, 53.

Oats—No. 2, 29¾; No. 3, 29¼@29½.

Within the last half-hour prices made another upward bound, the May option advancing to 91⅛ and the December delivery to 89⅛. The market closed extremely strong with prices for May 2⅜@2⅝ higher at 91½@91⅝, and for December 1⅝ up at 29⅛.

Corn—After touching 45¾ December advanced to 46⅛. The close was strong with December up ⅝ at 46⅛.

Close: Wheat—Dec., 89½; May, 91½@91⅝; July, 85⅝.

Corn—Oct., 52¾; Dec., 46⅛; old, 47¼; Jan., 44½; July 46¼; May, 46⅛.

Oats—Oct., 30⅛; Dec., 30⅛; May, 32@32⅛; July, 31⅛.

Pork—Oct., 16.00; Jan., 12.40@12.42½.

PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or respective signers for further information.

IN THE DISTRICT COURT, PROBATE Division, in and for Salt Lake County, State of Utah. In the matter of the estate and guardianship of Richard Blake, an incompetent. Notice.—The petition for approval and settlement of the annual account of the guardian of the person and the estate of Richard Blake, an incompetent, has been set for hearing on Saturday, the 11th day of November, A. D. 1905, at 10 o'clock a. m., at the County Court House, in the Court room of said Court, in Salt Lake City, Salt Lake County, Utah.

Witness the Clerk of said Court, with the seal thereof affixed, this 25th day of October, A. D. 1905.

(Seal) J. U. ELDREDGE, JR., Clerk.
By W. H. Farnsworth, Deputy Clerk.
Stewart & Stewart, Attorneys for Estate.
