As the ranch is 15 miles from the company's mines, there was at the time some speculation as to the company's purpose in making the pur-chase. It was at first supposed that the Giroux people contemplated the construction of a smelter uon the Magnuson ranch, but the beginning of work upon the big concentrator at a nob sometime ago changed the

the work upon the top ago changed the Pilot anob sometime ago changed the aspect of things. It has now become known that the Giroux Con. will put in the largest pumping plant in Nevada to pump water from the Magnuson ranch, through a 12 luch pipe, for the use of the concentrator, and incidentally to only the new town.

EFFINGER BUYS MINE.

Word comes from Silver Peak, Nev., to the effect that M. L. Effinger, for-merlyi of this city, and associates have purchasesd the Silver Peak Gold Mining company's property in that camp for \$60.000. The ground is to be added to the holdings of the Pittsburg-Silver Peak Mining company.

WILL INCREASE OUTPUT.

United States Company to Call on Richmond-Eureka for More Ore.

The Unuited States Smelting, Refining & Mining company will soon increase ore shipments from its Richmond-Eureka mine at Eureka, Nevada. Mines Manager Clarence E. Allen has been out to Eureka for several days to arrange for this increased output. The ore bins and transfer station at Palisade have been completed and facilities pro-vided there for the rapid transfer of ore from narrow to broad guaged cars.

CHICAGO. Chicago, Jan. 15.-The wheat market to-day opened a trifie ensier and trading was active. The bearish features were a de-cline of prices at Liverpool and favorable weather for the winter wheat in the southwest. These things were offset, how-ever, by the small receipts in the north-west which formed the low record mark for the season. Prices were a triffe firmer at the end of the first half hour. May opened unchanged to a shad lower at 166(75), sold down to 75% 476, and then advanced to 76% 476%. The small local receipts of corn, which were less than half of yesterday's w-rivials, caused a steady feeling in the corn pit. May opened unchanged to ½ higher at 43% 644 and sold at 44% 44%. The oats market was active and strong. Leading bulls bought heavily and pit trading followed on. May opened a shado to %6% higher at 37% to 374 and sold at at 35%.

The provisions market opened firm be-cause of a 5-cent advance in the price of live hogs. Later the market weakened on realizing sales. May Pork opened 5 cents higher at 16.70, and declined to 16.57%, Lard was up 5 cents at 9.60, and sold down to 9.52%. Ribs were 2% cents lower at 9.20, and sold at 9.17%. The market was steady all day. The close was steady with May up a shade at 75% 27%. Corn-The market was strengthened by the strong feeling in the cats market. LONDON.

London, Jan. 15.-A large number of buyers attended the opening of the first series of the 1907 wool sales here today. A fair selection was offered and com-petition was spirited throughout. Mer-ines sold at unchanged rates and cross-breda were unchanged to 5 per cent higher. Home buyers were active, tak-ing coarse crossbreds freely. Freuch buyers took medium scoureds and Amer-cans secured several suitable lots. The offerings amounted to 11.206 bales. SUGAR AND COFFIEE

of the American Railway association said yesterday that the reports from Chicago that many of the large rail-road systems of the country had The agreed to a pooling arrangement for all their freight cars was premuture. What is in contemplation, it was said, was the establishment of a freight car clearing house with the object of in-creasing the efficiency of car service primarily by a more satisfactory dis-tribution of freight cars to relieve the costly freight congestion.

One man killed and four others seri-ously injured is the record made by the Nevada Northern in a collision Sunday. H. F. Prince, assistant master mechanic at the smelter is the man who met his death. Franke Howe, engineer of a "dummy" engine was terribly in-jured and may be blind for the rest of his life. Felix Vosjean, assistant me-chanic of the smelters at McGill, Ne-vada, was bruised about the body and may be injured internally. Nathan D. may be injured internally. Nathan D. Myeres, head brakeman of the freight train was cut about the face, but not seriously. ----
