

JAPAN IS SENDING TROOPS TO CHINA

International Expedition Will be Resisted at the Gates of Peking.

BOXERS IN STRONG FORCE.

Chinese Troops Land—Marines Must Fight Their Way—Peking is Being Intrenched.

[Early Dispatches.]

Yokohama, June 14.—Japan is about to send a mixed regiment to China. The government press declares that Japan alone could suppress the revolt, but she must first win the confidence of the powers and avoid acts likely to arouse suspicion.

HALF WAY TO PEKING.

Tien Tsin, Wednesday, June 13.—The international expedition is now at Lang Fang, half way to Peking. The troops found the station destroyed and two hundred yards of the track torn up. Upon approaching the station they found the Boxers still carrying on the work of destruction, but the latter bolted into the village upon the approach of the advance party. A shell from a six pounder was dropped into the village and the Boxers fled up the line. Above the station a small party was discovered engaged in loading up the trucks with a few long range shots drove them back. The patrol returned this morning and reports that a mile and a quarter of the track has been destroyed. The expedition will remain for the present at Lang Fang.

CHINESE WILL FIGHT FOREIGNERS.

A courier who arrived this morning from Peking and Lang Fang brought a letter from the American Legation stating that Gen. Tung Fuh Siang intends to oppose the entrance of the foreign troops into Peking. Ten thousand troops are guarding the south gate. The report states that it is said that upwards of two thousand Boxers are in the immediate neighborhood of Lang Fang.

KEPT BOXERS QUIET A WHILE.

New York, June 14.—Rev. Dr. Arthur Brown, secretary of the Presbyterian board of foreign missions, has received nine long letters from missionaries in the Shantung and Peking missions. Only two make any reference to the Boxers. The first of these is from Rev. V. F. Fatch, of Shanghai, dated April 28th, and reads as follows:

"We have had no serious anxiety regarding the Big Knife society since the present governor, Yuan Shihkai, came to power. He is probably the best general in the country and is now considering the Boxers and is managing the disaffected with a strong hand. Recently a force of fifteen of his troops met eighty-three malcontents, about fifty miles from here and killed twenty-one and wounded a number more, with scarcely any injury to themselves."

TO EXPEL CHRISTIANS.

The second letter is from Rev. C. H. Hsu of Peking, dated May 3rd, and reads:

"The Boxers and Big Knives are increasing in strength and boldness as they see the empress dowager encouraging them rather than otherwise. While the foreign powers, with all their arms, are doing next to nothing. The Boxers are doing next to nothing. This is the situation. It is attributed to the Christians, and these secret societies publicly announce that they are going to drive out every foreigner and kill every Christian."

"We do not think that the day has been set for our extermination at least fifty years since I came to China, it would be difficult to keep a restless mind. As to the Boxers, as usual, though some of the country work is now considered serious. I have always had an absurd belief that nothing very startling would occur in my neighborhood and indeed as the notion is, it really comes considerably to the quietness of mind."

"Moreover, I do feel sure that no real harm can befall the people of God. They would not be the worst place in the world to exchange for heaven, if it should come to that."

BRITAIN'S POLICY UNCERTAIN.

New York, June 14.—A dispatch to the Times from London says: "The news from Peking is still vague. The marines are compelled to fight their way into the capital with rifle and machine gun. British marines have been sent to clear the Boxers in clearing the railways. It is strongly suspected that the British are not yet in the city. It is strongly suspected that the British are not yet in the city. It is strongly suspected that the British are not yet in the city."

RAIFOUR TO THE FRONT.

The China complications will exert a direct influence upon the present foreign policy of the United States. It is now believed that the British are not yet in the city. It is strongly suspected that the British are not yet in the city. It is strongly suspected that the British are not yet in the city."

INTELLIGENCE AT PEKING.

London, June 14, 4:20 a. m.—The Chinese are intrenched outside of Peking and are resisting the advance of the international expedition. A dispatch from Tien Tsin, dated Tuesday, June 12th, says: "The Chinese have been firing guns at the American mission and the British Legation."

Thousand Russian cavalry and artillery, have landed at Tientsin.

The question of provisioning the expedition is already difficult, and it is believed that the British are not yet in the city. It is strongly suspected that the British are not yet in the city."

The leading members of the reform party, representing fifteen out of sixteen provinces, are at Shanghai. A dispatch to the Daily Mail, dated yesterday, says they are sending a petition to the United States, Great Britain and France, praying those powers to take action against any attempt on the part of other powers to partition the empire, and they implore the powers to take action against any attempt on the part of other powers to partition the empire, and they implore the powers to take action against any attempt on the part of other powers to partition the empire."

Chinese soldiers outside Peking, the American Legation and Minister Conger.

All eyes are now fixed upon Peking, which is the storm center of the present uprising of Boxers in China. The rights of American citizens are being looked after by Minister Conger and Rear Admiral Kempf. The American legation in Peking is guarded by a detachment of United States marines. The Chinese soldiers, types of which are given above, are either powerless or unwilling to stop the outrages perpetrated by the Boxers.

RUSSIAN WARSHIPS SAIL.

A dispatch from St. Petersburg says that the ships of the Russian Pacific squadron on the active list, as well as those at Vladivostok, have been ordered to proceed with all haste to Chinese waters.

The foreign office confirms the report of an engagement between troops of the international column and the Boxers on Monday. It says that about thirty-five Chinese were killed. Peking appears to be completely isolated. None of the morning papers or news agencies have a word from there direct today. The latest message received in London is the one announcing that the Chinese are intrenching outside the capital.

FOUGHT TWENTY-ONE DAYS.

At the Close of the Battle the Rebels Were Beaten.

New York, June 13.—Official advice was received in this city from Carthage and Bogota, giving details of the revolution in Colombia. The complete and utter overthrow of the rebels in Santander has been confirmed, in which place, after a hard-contested battle, lasting twenty-one days, the government forces remained complete masters of the field.

The casualties were 1,500 dead belonging to the enemy, 2,000 wounded and 1,800 prisoners of war, besides implements of war in large quantities which were taken from the enemy. Among the prisoners taken was Gen. Vasquez Santos, a prominent liberal leader, who was put aboard the steamship Alice and is now on his way to the prison at Boca Chica, on an island in the bay of Carthage.

The revolutionist general, Avelino Rosas, was captured at Carthage, and the rebellion seems to be virtually at an end. On the night of May 19th, a great fire took place in Bogota, and the city hall was completely destroyed, thirty-six persons perishing. The loss is estimated at \$4,000,000 gold.

Collecting Campaign Funds.

Washington, June 13.—The Post tomorrow will publish an article stating that the Republican congressional campaign committee has been endeavoring to collect as a campaign contribution a part of the extra money salary voted to members of Congress just before adjournment. The employees were informed that any contribution would be voluntary, and many of them paid no heed to the communication, while others made a small contribution, so that the amount collected will not exceed \$1,200 or \$1,500. Instead of \$10,000 or more, as has been expected.

The engineer misunderstood the signals and there was a frightful railroad collision, with terrible loss of life. The whole country was appalled by that accident. There is doubtless far greater loss of life occurring every day, in various sections of the country, for which the only excuse is—"the doctor didn't understand the symptoms." These cases are not the subjects of special inquest or the country would be agast at the sacrifice of life to ignorance.

It has been the experience of Dr. R. V. Pierce and his staff of assistant physicians, that ninety-eight out of every hundred persons submitting to their treatment can be cured. People given up by the local physicians, weak, emaciated, with stubborn coughs and bleeding lungs have been absolutely cured by the use of Dr. Pierce's Golden Medical Discovery.

Sick people are invited to consult Dr. Pierce by letter free. All letters are held as strictly private and treated as sacredly confidential. Answers are mailed in plain envelopes without any printing on them.

"Last spring I was taken with severe pains in my chest, and so weak I could hardly walk about the house," says Mrs. G. E. Kerr, of Port Dodge, Webster Co., Iowa. "I had consulted several physicians and they told me I had consumption. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I took the first bottle I was very much better. I took five bottles of it and have not yet had any return of the trouble."

BOER FORCES ALL GET AWAY.

Gen. Botha Retires in the Night from Lord Roberts.

GEN. DEWET ESCAPES ALSO.

De Wet got away with his forces practically intact. Lord Roberts reports a complete victory gained by Gens. Methuen and Kitchener over Gen. De Wet at the Rhenoster river yesterday, June 12th. The Boer camp was captured and the burghers, it is added, were scattered. The all directions of Mr. Schreiner, the Cape premier, and his colleagues resigned last evening. Sir Alfred Milner accepting their resignation. The London papers only recently abused Mr. Schreiner for not making war preparations. Now they are complimenting his refusal to follow the majority of the Afrikaner Bund in opposition to the British military policy.

Gen. Buller's casualties on June 10th have been issued by the war office. They were twenty-six killed, 125 wounded and two missing.

CHAMBERLAIN HISSED.

A meeting of women who object to the war was held at Queen's hall last evening. Mrs. Howard Courtney presided and Mrs. James Bryce moved a resolution declaring that the war resulted from the "bad policy" of the British government. The other anti-war resolutions were adopted. The meeting hissed Mr. Chamberlain's name vigorously.

M. H. Donahue, the Daily Mail's correspondent at Pretoria, insists that President Kruger took £3,500,000 gold in his flight.

Controller Coler Accused.

New York, June 13.—Counsel for Jacob Mack of New York has forwarded to Gov. Roosevelt a copy of a charge of malfeasance in office made by Mr. Mack against Comptroller Eld S. Coler, accusing him of swindling for \$12,683,992 advertised on July 29, 1893, to a favorite syndicate, thereby causing a large money loss to the city. Mr. Mack, in his petition, prays for the removal of the comptroller from office.

Champaign, Ill., June 13.—Bird S. Coler said tonight that the attacks upon him are inspired by interests that he has opposed; that his position on the debt limit is well known; and the award spoken of was made in accordance with a decision in Judge Copen's court. The papers in the comptroller's office, Mr. Coler says, are open to inspection, and he has wired Gov. Roosevelt for an immediate hearing.

Will Not Give Up Taylor.

Indianapolis, Ind., June 13.—Gov. Mount tonight issued a statement declining to honor a resolution from Gov. Beckham, of Kentucky, for the return to that State of William S. Taylor, who is under indictment for complicity in an alleged plot which resulted in the assassination of Gov. Goebel.

Col. Thomas G. Campbell, Justus Goebel, brother of the murdered man, and Sheriff Slater, of Frankfort county, Ky., arrived here this afternoon with the requisition. They met the governor in the executive parlors, and at his orders every one was excluded during the arguments, including reporters.

After hearing the arguments, Gov. Mount asked for the papers in the case, which included copies of the evidence, and said he would consider the matter.

He did not know when he would decide. The Kentuckians then left the city for Louisville and Cincinnati.

Late tonight Gov. Mount announced his decision, refusing to honor the requisition. In his statement he says: "I do not believe a fair and impartial trial can or will at this time be given Mr. Taylor."

Bryan as a Prophet.

Chicago, June 13.—William Jennings Bryan was in Chicago today and he was the center of much political discussion, all of it bearing on what may be done at the Democratic national convention next month. The silver leader is exceedingly hopeful and predicts a sweeping Democratic victory next fall.

Was Mad at Pine Needles.

Tucson, Ariz., June 13.—Thos. Lewis, a miner, has been arrested on a charge of setting fire to the Catalina forests, where 5,000,000 feet of timber was destroyed. A miner, who was with Lewis, claims that Lewis became incensed because pine needles hurt his feet and set fire to them, causing the most disastrous forest fire ever known in the Southwest.

Grand Duke Dead.

Oldenburg, June 12.—The grand duke of Oldenburg (Nicolaus Peter) died today at his summer residence at Rastede. He was born in 1857.

NEW COLONIAL CABINET.

Capetown, June 14.—Sir Alfred Milner, governor of Cape Colony, has sent Sir John Gordon Sprigg, who is trying to form a cabinet.

NEVER CAUGHT A BOER.

London, June 14, 2:40 a. m.—The dispatch from Lord Roberts, clearing up the situation at Pretoria and along the communications, stands alone. Military observers, noting that no mention is made of prisoners, assume that Gen.
