GREAT FIRES.
List of the Great Fires of the World from B. C. 1897, to A. D. 1897.
[CONCLUDED.]
Liverpool. This city has a remarkable fire record. In 1884 there were four, and none exceeded the loss from 1884 to 1897. In 1884 there were three, causing losses amounting to \$3,500,000. In 1885 there were three, 1884, two; 1885, one; 1886, three. After the last date only one great fire occurred. It was recorded in any year in Liverpool up to August 1897, except in 1851 (two); and there were none in 1852, 1853, 1854, 1855, 1856, 1857, 1858, 1859, 1860, 1861, 1862, 1863, 1864, 1865, 1866, 1867, 1868, 1869, 1870, 1871, 1872, 1873, 1874, 1875, 1876, 1877, 1878, 1879, 1880, 1881, 1882, 1883, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897.
The fire which destroyed the immense "landing stages" July 28, 1874 (loss \$1,250,000), was the largest ever occurring in Liverpool; and it is also remarkable for the fact that it was caused by a gas explosion in the large sum named being decided against the gas company of Liverpool, on the plea of carelessness of its workmen.
Other parts of Great Britain.—From A. D. 610, when St. David's, Wales, was burned, to 1800, there are 318 fires recorded (besides those of London and Liverpool). From 1800 to August 1897, 250. There were, at various times during the past seventy years many important fires in the agricultural and manufacturing districts, not detailed, most of them being incendiary fires, and arising from troubles with the laborers and the operatives of factories.
France.—Paris.—This city was an extraordinary instance of the exemption until quite recently. The first record is A. D. 688, "Paris burned," then no fires are recorded until 1716, a period of 1,028 years. Then follow in order (most of them slight fires), 1716, 1762, 1763, 1766, 1767, 1768, 1769, 1780, 1802, 1803, 1804, 1805, 1806, 1807, 1808, 1809, 1810, 1811, 1812, 1813, 1814, 1815, 1816, 1817, 1818, 1819, 1820, 1821, 1822, 1823, 1824, 1825, 1826, 1827, 1828, 1829, 1830, 1831, 1832, 1833, 1834, 1835, 1836, 1837, 1838, 1839, 1840, 1841, 1842, 1843, 1844, 1845, 1846, 1847, 1848, 1849, 1850, 1851, 1852, 1853, 1854, 1855, 1856, 1857, 1858, 1859, 1860, 1861, 1862, 1863, 1864, 1865, 1866, 1867, 1868, 1869, 1870, 1871, 1872, 1873, 1874, 1875, 1876, 1877, 1878, 1879, 1880, 1881, 1882, 1883, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897.
Spain.—Previous to A. D. 1800 only one fire is recorded. That of 1790 in Madrid was the worst, and began at midnight August 12th. The miraculous image of St. Roch was taken to the blazing square, but it is at the corner of the square the multitude did not check the flames. Afterwards the Eucharist and the image of the Saviour produced no better effect; but these attempts occupied six hours. The fire burned three days. After that, the only fire recorded in Spain is that of the Escorial palace at Madrid, October 2, 1874.
Russia.—Previous to 1800, Russia, Saxony, Bavaria and Belgium. Previous to 1800 fifty three great fires are recorded in these kingdoms; and fifteen from 1800 to August 1897.
Russia.—Moscow. This city had fearful conflagrations in 1571, 1707, 1743, 1750, 1752, 1758 (two), 1773, 1812 (Napoleon's greatest check), and June 8, 1812. That of 1812 was the worst, and began at midnight August 12th. The miraculous image of St. Roch was taken to the blazing square, but it is at the corner of the square the multitude did not check the flames. Afterwards the Eucharist and the image of the Saviour produced no better effect; but these attempts occupied six hours. The fire burned three days. After that, the only fire recorded in Spain is that of the Escorial palace at Madrid, October 2, 1874.
Argentina.—Buenos Aires. Previous to 1800, Argentina, Saxony, Bavaria and Belgium. Previous to 1800 fifty three great fires are recorded in these kingdoms; and fifteen from 1800 to August 1897.

TO CALIFORNIA.
We don't give this for a full description, but it is very strongly recommended that Cedar Rapids is to be the half-way station between Chicago and Council Bluffs.
If this is to be, and some experiments have been made to that end, we suppose it is on account of the superior condition of the road. A trip on the steel rail and well ballasted road, is not any more now, if as much, wear and tear on the employees and machinery as a train from Chicago to Cedar Rapids, 218 miles, as it was on the iron rails from Chicago to Clinton, 238 miles, in the old times.
It is not necessary for us to say that the C. & N. W. is a first-class road in every particular, that it rides as easy as sitting in a "rocking chair," that its coaches are parlors, that its employees are the most polite and affable gentlemen the traveling public can meet or will meet in a lifetime of travel—the spirit of the corps of the employees, if we may so say, is at a high standard; we say we need not say this in a newspaper, it is self-evident to every traveler on the road. But in the future there are to be increased; we suppose the speed will be increased; if possible, the express trains will be made super; there is to be no train more complete for comfort or safety, leave the world's commercial metropolis for the golden state, than the GREAT TRAINS OF THE CHICAGO & NORTH-WESTERN RAILWAY.—THE ONLY COMPANY RUNNING OUT OF CHICAGO THAT HAS A ROAD SO RELIABLE THAT THEY ARE NOT AFRAID TO TRY AT VERY SPEED CAPABLE OF BEING ATTAINED BY ENGINES OF THE MOST IMPROVED CONSTRUCTION, RUN WITH THE HAND OF IRON, AND A HEAD OF BRAINS, WITHOUT ANY FEAR OF ACCIDENT OR INCONVENIENCE.
Every employee on the road feels a personal interest in the North-Western Railway; it's the "dipper" road in the West, and so far as anything he can do it will continue to be so.
THIS IS THE TRANS-CONTINENTAL LINK FROM THE GREAT LAKES TO THE GREAT MISSISSIPPI RIVER.
The old time traveler speaks in high praise of the "easy and comfortable" of these trips of steel in contrast with the pioneer days of this pioneer road in the days of iron. The comforts of travel on the North-Western Railway are every traveler's mouth from the Atlantic to the Pacific. It must be a proud compliment to the efficient management, and that is the reason every officer or employee feels so happy and obliging.
It is with pride we mention these things, and the general about about the line, the "Old Reliable," Cedar Rapids Republican, Aug. 14, 1878.
