MUD PIES.

Behind the house all day around
For the little children lies;
And there they are noisy and busy
Making mud pies.

I sit at an open window
Watching their serious play,
And smile at the deep illusion
Of all they say.

For one insists that her way
Is better than all the rest;
But others, who do much like her,
Call their way best.

And my mind from the scene before me,
Goes out to the world of men;
To the things that are, and ever
Shall be again.

Till I wonder, if angels viewing
The marvelous ways of earth—
The schemes and the anxious efforts—
Ne'er feel mirth.

If, when we struggle and travail,
And deem ourselves most wise,
They smile not, and call us children
Making mud pies.

Indians Troublesome—"Good Indians" Decreasing.

CHEYENNE, Wy. 28.—The settlers in Loup Valley, Nebraska, apply to General Ord for protection against Indians, who are becoming very troublesome, otherwise they will be compelled to leave their homes, some already having left.

Further advices from the Red Cloud agency show that the number of heretofore reported "Good Indians" is growing less day by day, and that the search for bad ones, by the troops leaving Fort. Laramie early next week, will be successful.

The Secretary of the Interior Explains.

WASHINGTON, 28.—The Secretary of the Interior has written a letter to the Secretary of War, in relation to the hostile Sioux Indians, in which he states that the purpose of the Interior Department in asking for troops at the Red Cloud and Spotted Tail agencies, was to prevent and not to cause hostilities, and that it was supposed these troops might be needed as a protective and not as an aggressive force.

Committed to the Toombs.

NEW YORK, 28.—Patrick J. Leahy, the detective who shot McNamara last Saturday night, while McNamara was resisting an invasion of his apartments by detectives, whom he mistook for a gang of ruffians, was committed to the Toombs to-day, without bail, on a verdict of the coroner's jury.

The Crusade.

PHILADELPHIA, 28.—The demonstrations of the temperance crusaders was repeated to-day, but the women were not admitted to any saloons, and the police have been instructed to keep the sidewalks clear. The saloons visited yesterday were in full blast to-day, but the women had a meeting in a house in the vicinity, and attracted a crowd by singing and praying.

WESTERN.

Exonerated by the Grand Jury.

SAN FRANCISCO, 28.—The grand jury, this afternoon, reported on the case of Mayor Otis and treasurer Hubert. They say that after a most earnest and careful examination, they came to the unanimous conclusion that there was nothing in the conduct of the parties which would entitle them even to censure. They say the treasurer was guilty of a technical violation of the law, but there was no criminal intent, and further, that Otis has never advised, connived at or consented to a violation of the law nor otherwise abetted any offence which entitled him to the very pointed charges of the county judge to the grand jury. In conclusion, they say, "We do not find, as a matter of fact, that the mayor failed in his duty to lay the matter before the grand jury, but we do find, as a fact that, after all was known to the mayor, auditor and county judge, it was distinctly agreed among them, the county judge approving, that the matter should not be presented to the grand jury, and we regret that so unimportant a matter, which no one could regard as more than an irregularity, should be so magnified to the scandal of the municipal government and to the hurt of persons whose private and official characters are yet above suspicion. An undeserved imputation cast upon the chief magistrate of our city is more than personal to himself, it is a wrong and an insult to all. The county judge, remembering his language in the grand jury room concerning mayor Otis, will not blame us if we have become convinced that somewhat of a personal feeling has entered into the matter, and gotten the better of his judicial impartiality and official dignity. Such being our opinion, we have dismissed the whole matter from any further consideration."

FOREIGN.

GREAT BRITAIN.

The "Claimant"—Petroleum Washed Ashore.

LONDON, 28.—After the verdict in the Tichborne perjury trial was announced, the Claimant expressed a desire to address the court, but the judge refused permission, and proceeded to pass sentence, the Claimant maintaining his usual composure. When the sentence was pronounced he shook hands with Mr. Keneally, his counsel, and was then taken from the court room by a seldom used exit, placed in a private carriage and rapidly driven to Newgate, much to the disappointment of an immense though orderly crowd, which had gathered outside to see him pass.

Five hundred and seventy casks of refined petroleum have come ashore on the Suffolk coast, supposed to be a portion of the cargo of the bark *Brilliant*, from Philadelphia, which was wrecked off Long Sand.

SPAIN.

Carlists Master of the Position.

MADRID, 28.—A dispatch received at the War Office from General Moironez, states that he has been unable to force the Carlists from their intrenchment before Bilboa, and that his own advanced line has been broken by the insurgents; he asks for reinforcements, and the appointment of his successor.

The Carlists before Bilboa.

BILBOA, 1.—The fall of Bilboa is imminent. The foreign Consuls have left the city. Don Carlos and staff have been in the vicinity since the 23rd February.

CENTRAL AMERICA.

Earthquake in Chili.

PANAMA, 16.—News from Chili says there was a strong shock of earthquake at Caplapo, on the 14th of January; the Chilian volcano had opened a crater on its eastern side, and the thermometer had risen as high as 18 deg. centigrade.

Last Night's Dispatches.

EASTERN.

The Liquor Sellers Warned.

CUMBERLAND, 1.—Postal cards were sent through the post office on Saturday to all the retail liquor dealers in this city, requesting them to desist from the sale of liquor before Wednesday, or women's prayer meetings would be held in front of their premises.

Temperance Meetings.

PHILADELPHIA, 1.—A temperance meeting was held at 9th and Spring Garden Streets this p.m., at which speeches were made by Geo. K. Snyder, Dr. Leech, Alfred H. Love, Mrs. Ellis and others. In their remarks the speakers all gave encouragement to the crusade movement. An immense meeting was held this p.m. in Wood's Museum. Mrs. Dr. Francis said women would not enter the saloons, but would use moral suasion with the rumsellers; they will not block sidewalks or do anything against the law.

Temperance Mass Meeting.

NEWHAVEN, 1.—All the Catholic congregations in this city united at a public mass meeting this evening to promote the total abstinence movement, as prescribed by the Catholic Total Abstinence Union of America, which has recently received the approval of the Pope.

Baez will not give Bail.

N. Y. 1.—Ex-Prest. Baez, by the advice of counsel, refuses to give bail in the Hatch suit, and remains in charge of a deputy Sheriff at his hotel.

Temperance meetings were held this afternoon at several churches in this city, at two of which an address was delivered by Dio Lewis. He advocated the same plan of procedure as that adopted by the women in the west, but he was of the opinion that the women were not organized sufficiently to open a campaign at present, and advised them to band together and to make ready by prayer.

Temperance—Some of the Parsons Tipple a little—Reformed Episcopal Church—Baez Arrested.

Association Hall was not more than half filled to-night to hear Dio Lewis lecture under the auspices of the temperance ladies of this city; an admission fee of 25 cents was charged. The proceedings were devoid of particular interest.

The corresponding secretary of the National Temperance Society said, to-day, that several efforts had been made for a meeting of the managers of that institution, but had been delayed by the absence or engagement of several prominent local officers. He thought the clergymen of this city could not be united in the prayer movement for the reason that many are not total abstainers, and some difficulty was found in all the large cities and had hindered the starting of the movement in Boston.

At the Fulton street temperance prayer meeting to-day, remarks were offered by members from Brooklyn, in which it was stated that the movement in that city was gaining strength every day, and that the conversion of drunkards and liquor dealers had begun in earnest.

Bishop Cummins will organize, to-morrow, the first Reformed Episcopal church of Brooklyn.

Judge Pratt, this morning, granted a warrant for the arrest of Baez, ex-president of San Domingo, on the application of Davis Hatch, a wealthy resident of Connecticut, who was arrested by Baez when the latter was president of San Domingo, tried by court-martial and sentenced to death, and then pardoned, and a valuable salt mine, which he had bought from the Spanish authorities, confiscated; Baez' bail was fixed at $25,000.

WESTERN.

Committee of Investigation.

SAN FRANCISCO, 1.—The assembly has adopted a resolution to appoint a committee of five, to ascertain if the Central Pacific railroad has complied with the conditions of the act by which the State guaranteed the interest on one and a half millions of its bonds; it is claimed that the company has utterly failed to comply, except in one instance. The committee is not yet designated.

CANADA.

Railway Accident.

MONTREAL, 1.—A fearful accident occurred on the Great Western railway on Saturday night, at Sarnia. The accomodation train left London at 6 p.m., consisting of empty tank cars, baggage and second class cars and a coach; when seven miles west of London the coach took fire in a saloon at the forward end, supposed to have been caused by the falling of a lamp; eight persons were seriously burned.

FOREIGN.

GREAT BRITAIN.

New Trial Likely.

LONDON, 1.—It is asserted that Dr. Keneally, counsel for the Tichborne claimant, will move for a new trial, on the ground that the jury were misdirected by the chief justice in his summing up.

FRANCE.

Occupied By Carlists—Smallpox and Typhus Raging.

BAYONNE, 1.—the Carlist forces have occupied the City of Tolosa in Guipuzcoa, and Andeolin, a small town in Biscay, near San Sebastian. Typhus fever and smallpox are raging.

The Exhibition in 1875.

PARIS, 1.—The French exhibition, to be held here in 1875, is a private enterprise.
