Location of Greenwater Polaris Group.

Senator W. A. Clark's Gladstone group immediately adjoins the Polaris group on the north, while on the south is the Cop-per Hill, owned by Burton of Butte, Mont. The Whale group lies immediately on the west, and on the east is the property of Polaris and on the east is the property of ARIS Nash and Wallace and Capt. W. H. McClintock. Schwab's great property lies a short distance northeast of the POLARIS group, which is in the very heart of Greenwater's best properties.

Ghe Polaris Group

comprises eight full claims (160 acres) owned outright by the GREENWATER POLARIS COPPER MINING CO.

Property's Showing.

A 25 foot ledge assaying 4 1-2 per cent copper at the surface lies in a granite formation. Another vein, being the same one which runs through Clark's property, can easily be traced along the mountain side between granite walls for a distance of 400 feet. Samples taken from the surface as while a 400 feet. Samples taken from the surface on this vein at various points show an average of 17.73 per cent copper, while a single sample carried 26.67per cent copper. Outcroppings show copper ore of shipping values in many other places on the around.
