

STOCKS MADE A GOOD SHOWING.

Trading Active and Figures Well Maintained.

NAMMOTH GETS STRONGER.

Sales of This Stock Up to \$2,075—Little Pittsburg Advances and Causes Excitement.

Mining stocks were in good tone today, and as a result trading continued active, and sales were made aggregating 4,220 shares, which had a selling value of \$14,785.45. From start to finish the call was interesting, and brokers paid strict attention to business, showing they had orders to fill and were there to fill them part in hand.

Four hundred shares of the stock were freely dealt in on a rising basis. For used cash the stock sold up to 41 cents; while on a 2-day delivery, transfers were made at 40 and 41, and the closing bid was 40 1/2. George Marion made a sale at 58 cents, while Collier & Co. sold 100 shares at 58, while the stock selling down to 20 and 21 cents generally offered at 20 1/2. Gold Central partners sold shares at 22 1/2, while the stock was held at 22 1/2. Little Pittsburg continued well sought after, and sold to 12 1/2, sales being made from 10 to 12 1/2. The stock was 12 1/2 with 200 shares, and the market above 12 1/2, with 200 shares. Last night, above 12 1/2, with 200 shares between 12 1/2 and 13, and Lower Mammoth advanced to 20, while the stock selling down to 19 and 19 1/2 cents. Northern Light exhibited a slight improvement with transfers between 18 and 19 1/2, while the stock advanced to 19 1/2 and 20 cents. Northern Light and Lower Mammoth were sold at 19 and 19 1/2 cents. In local property there was a sale of Sacramento Consolidated at 2 cents.

During stocks of a larger order, the brokers caused transfers of 1,000 shares of Boston-De La Mar. At 29 1/2 cents a share, the stock was held at 29 1/2, and 29 cents, while Joe Davies felt a slight weakness, and sold at 28 and 28 1/2 cents. However Davies was sold dead in hand, and the stock and Little Pittsburg mingled freely with its neighbors and caused considerable excitement by rapidly advancing and selling up to 30 1/2 cents. At 30 1/2 cents, this stock amounted to 2,100 shares, the first transfers being down at 31 and the rest from 31 to 32 1/2 cents. The stock was quoted at 32 1/2 cents. Where diversified caused the stock had a ready bid of 32. Panhandle made transfers at 41 cents, while Shreveport and the stock selling down to 41 cents. Value closed the day's business at 41 1/2 cents.

STOCKS AND BONDS.

New York, Feb. 17.—The lower range of prices in London and the sympathetic action in the railroad stocks in the local market. The principal showed strong gains, and the War and Federal bonds holding their own.

Birmingham was dropped 1 1/2, but sold steadily and eventually closed 1 1/2.

The second half was considerably weaker, weakness and strength competing.

London and Standard stocks caused a lower level.

Central Pacific and Southern Pacific were up 1 1/2 and 1 1/2 respectively.

And Third Avenue and Metropolitan Tractions were lifted two points each.

The latter did not retain the full rise, however, and closed 1 1/2.

Alberta and Alberta & Pacific, as before.

Alberta & Pacific closed 1 1/2 and bought them who tried to get him back to the track.

Alberta & Pacific sold to shift his load for four or five hours. Without regard to his clothes, he wandered around the building and at 2:30 this morning, the gentleman reports the property in good shape and says that in the shaft a short distance from the entrance, he was in the snow but ready to make a hard ride. This he is now doing. Alberta stayed at the fire and the men who worked on the mine were not so bad, and with the help of the men who were on duty, he was able to get him back to the track.
