NEWS OF THE STATE FOUR RETURN

SCHOOL COMMENCEMENTS. Eighth Grade Graduates of City and

County Schools. Correspondence, Provo, Utah Co., May 11.—The graduates of the city schools had the right of way yesterday. In the afternoon a fine program was rendered in the tabernacle for the school children and in the evening for the parents and adult friends, who nearly filled the large building. The graduates presented a most attractive picture, and the program, an excellent one, well rendered, was enjoyed by all. The school year has been a very successful one. The encollment for the year was 1,634. The following is the program and list of graduates: Provo, Utah Co., May 11 .- The gradu-

216 SOUTH MAIN ST

If you do not think we are doing good in the world read the letters of these four men whom we have just nut in the way to again make their own living. We do not know these people—never heard of them till these happy letters were received. See how much alike they are—all telling the same story of once discouraged men now joyfully returning to employment:

ment:

West Haven, Conn., July 5, 1996.

Jno. J. Fulton Co.—Dear Sirs: I have been in the New Haven general hospital three times in a year for Bright's disease. My eyesight failed so I thought I would go blind. They told me in the hospital I would not be any better and sent me home to die. But your Renal Compound has me on earth yet, and I stand a good chance to stay som; time. I was away down, but am gaining in weight any my sight has come back. Your compound has gotten me so I can go to work. I work at the railroad, and a man has to be all right to work there. I am not going away to die. there. I am not going away to die, but back to my work next week, good and strong once more, ALBERT G. PORTER, 74 Richard St.

Here is another:

Here is another:

Now or Never Lodge, Brotherhood of R. R. Trainmen, Brooklyn, N. Y. J. J. Fulton, Co-Your Renal Compound is the most wonderful thing I ever heard of. I had Bright's Disease in a most critical way, and two doctors told my wife I was gone. So she called in a third. He said my only hore was in your Renal Compound. My wife got it at 200 Broadway, N. Y. In seven days the dropsy left and my eyes got so I could see quite plain. I am on the eighth bottle and am able to walk around and feel so much like myself that I expect to go to work next Monday. I am a steam railroad conductor, so you see I must feel pretty gor i to be able to handle a train. I shall continue till my wonderful cure is made permanent. Yours, F. BLISS, 14 Stewart St.

And still another:

New Haven, Conn., July 18, 1968. Dear Sirs—At request of my husband I write you. He has had Diabetes for the last seven years. Last December it grew worse and for three months he was not able to do anything, and had two or three different dectors but they did not seem to help him any. About two months ago he heard of your Compound and has taken it steadily and has since been able to work right along. He was almost a shadow, but is caning in flesh again. He has great faith in it and has recommended it to several. One in particular was a young man who had been in the hospital and they said he could not live. Since he commenced taking it he has been gaining right along and has gone to work again.

MRS. WM. CURTIS. 84 Vernon St., New Haven, Conn.

If we never cured another case we would feel that the restoration of

If we never cured another case we would feel that the restoration of these four to their families after the doctors had given them up was compensation. But as a matter of fact, Fulton's Compounds are saving lives all over this country. They are the only things in the known world that reach serious dikney disease. For Bright's and stubborn kidney diseases get Fulton's Renal Compound. Diabetics will ask for the Diabetic Compound.

We will see that people with Bright's Disease, Diabetes or serious kidney disease are sent ilterature on this important discovery. We sent for these Compounds and have them in stock. F. J. Hill Drug Co., Salt Lake City.

BOY SEVERELY INJURED.

BOY SEVERELY INJURED.

Reed Farrer, the 12-year-old son of Mr. and Mrs. W. K. Farrer, met with a very severe accident yesterday afternoon. He was with his father in the field west of the city and climed into a tree to hunt a bird's nest. A branch on which he was resting broke and threw him some 20 feet to the ground, with the result that his right elbow and wrist, and his right thigh were fractured and he received quite severe bruises on his head. Drs. Taylor and Aird reduced the fractures and the little patient is resting as well as can be expected. He harrowly escaped falling on a cultivator, which would probably have resulted in death.

THATCHER, ARIZONA

VETERANS LAID TO REST. Demise of Moses Curtis, John P. Lee And David D. Markham.

Special Correspondence Thatcher, Graham Co., Ariz., May 6.— Patriarch Moses Curtis of Eden died on the 4th and was buried yesterday at his home ward. He was within four days of 91 years of age; born May 8, 1816 in Michigan; embraced the gospel in an early day and was associated with

DAVID D. MARKHAM.

Prophet Joseph Smith as a life ed. He followed the saints in all r travels and endured with them all their trials. He arrived in the val-

leys in 1850, being one of the pioneers of the west. His funeral was conducted by Bishop A. B. Kempton. Many of bis old friends bore record of his in-tegrity. Presidents C. M. Layton and Andrew Kimball and Bishop J. R. Welker were among the speakers. He is the father of 15 children: 77 grand-children and 73 great-grandchildren also survive him.

survive him. DEATH OF JOHN P. LEE.

JEATH OF JOHN P. LIGE.

John P. Lee was born April 20,1824, in Lencoln county, Tenn.; Joined the Church in Texas. He emigrated to Utah in 1850, and later was one of those who helped to establish a colony in San Bernardino county, Cal. From Benver county, Utah, he came to Arizona in 1887. Father Lee was a man of sterling good character. His funeral was conducted here on the 2nd inst. by Bishop's Counselor John Allen of Thatcher ward, when many friends of the deceased turned out to show their respect to him.

DEMISE OF DAVID D. MARKHAM. David D. Markham, nephew to Steph-

David D. Markham, nephew to Stephen Markham of early Church history, died here at Eden after passing his ninety-eighth birthday, and was buried under direction of the authorities of the Mormon people, whose trail he has followed from an early day. David Markham was a on of Nathanial, brother of Stephen; fived with the latter in Nauvoo. He was born near Hochester, eight miles south of James river, June 5, 1810. Mr. Markham was somewhat of a lawyer in those days and had an office hear that of the prophet at the mill in Nauvoo. He claims to have worked with the Missourians for the adjustment of their land troubles, but was warned to get out or share the same fate as the Mormons.

GOLDEN WEDDING.

The fiftieth anniversary of the wedding of Mr. and Mrs. Joseph Cluff was celebrated Sunday, April 28. Forty-two children and grandchildren and a number of other relatives and friends as-sembled, and the occasion was much enjoyed, with refreshments, music, reminiscenses, etc., till a late hour. Mr. Cluff was the first Mormon to

CARDNER DAILY STORENEWS &

A Grand Array of Boys' and

Children's Wear.

This cut, made for Young & Winger, shows the Rigby Bros. putting up al-Inis cut, made for roung & whiter, snows the right shows that right and alfalfa on their farm, on the bench just outside of Teton canyon. There are three stacks finished, with a fourth well under way. These stacks are taken from 45 acres of ground, lucern and timothy, raised from the first crop. When the fourth stack was finished, they measured, after settling 60 days, 113 tons from one cutting. This yield is a fair average of bench land production throughout the valley. The second crop, if properly handled, yields about half or two-thirds as much as the first.

The soil of these bench lands is usually of a heavy black loam, gently sloping towards the center of the valley. The pure, fresh mountain water that flows out over these benches would be an inspiring sight to the drouth-stricken regions of southern Utah. Alkali is unknown, and crop failures are absolutely unnecessary. In 15 years I have never seen a crop failure on this farm, when the crops were properly attended to.

Besides large yields of hey and grain we raise and the contraction of the contraction of the contraction.

Besides large yields of hay and grain we raise apples, plums and cherries. Small fruit and vegetables are an assured success. We quote from an editorial in the Descret News:

"At a recent visit to the Teton Valley, on the eastern bench, we saw gardens teeming with choice vegetables of great size, raspberries of excellent flavor, the bushes taller than most men, apples in profusion on thrifty trees, curvers ready for use, small fruits, rich and plenty, flowers in startling bright colors, and cows and calves were fat and fine, and the pure, bracing air seemed charged with life and force."

Also we have the best range left in th United States and always will have, protected as it is by the Government—in the interest of Bonifide settlers. Our flock-masters are getting rich without taking chances of anxious loss for these reasons: They live near the range, feed good hay in the winter seasons, cattle and sheep grow larger, sheep clip nearly enough wool extra to pay for the hay they eat.

Altogether conditions are most favorable to the stock grower. Any young man who is willing to work may, by the investment of a small amount of money, become independent in a few years. Land and water sells from \$10 to \$25 per acre.

Fifth Floor Commercial Blk., Salt Lake City, Utah.

Francis G. Luke, General Mgr. "Some People Don't Like Us.

We treat MEN only and our experience in the past assures our patients straightforward and sutisfactory treatment for the future. Many a MAN has lost his grip through brooding over his condition because he imagines he cannot be cured. To such we say investigate our methods of treatment and place yourself under our care and your weakness will disappear and confidence will be restored for the future. Our treatment has proved to be the best yet devised for restoring LOST VIGOR and that physical and mental incapacity which has made a wreck of so many. Our treatment for NER-VoUS D7BHP NY does not stimulate temporarily but permanently. It stops every drair of VIGOR and builds up the muse dar and nervous system—revives the general properties of the case we have to get rid of the cause before we can obtain good effects. Too often these causes are overlooked and so in spite of any and every treatment the case does not progress and the patient often goes into physical and mental decline through want of success in curing his LOST VIGOR.

We take no case we cannot brueilt or cure so you run no risks. We treat MEN only and our exper-

WE CURE MEN

OUR FEE \$12.50 IN SPECIAL CASES. We give you a SQUARE DEML. Our services are the best you-can get in Salt Lake or elsewhere. We cure the disease we treat and we do not treat anything except

DISEASES OF MEN.
