

GREAT REFORM IN CATHOLIC CHURCH

Much of Complicated and Obsolete Bureaucracy Simplified Or Swept Away.

WORK TO BE REDISTRIBUTED.

Pope's Decree May be Regarded as Important Prologue to New Codex of Canon Law.

New York, July 15.—A cable to the Sun says: The pope's decree issued last Monday makes the most sweeping reform of modern times in the administrative machinery of the Roman Catholic church. Much of the complicated and obsolete bureaucracy which has grown up in the last two or three centuries is simplified or swept away.

The first part of the decree provides for a redistribution of work, especially by assigning to offices those most competent to deal with duties which have been allowed to accumulate elsewhere. To this end the decree particularly separates the legislative and disciplinary functions from the judicial, which in future will be relegated to the proper tribunals.

The second part of the decree lays down the procedure of these tribunals, which will comprehend in the tribunal of the rota courts of first instance and appeal, and in the tribunal of apostolic signature a court of cassation. It also provides for the protection of poor suitors.

The third part establishes rules for the appointment, promotion and salaries of all officials, secretaries and others in the employment of the holy see. Enacting as it does serious reforms in the government of the church, the document may be regarded as an important prologue to the new codex of the canon law. To understand more fully the changes made it must be remembered that the actual government of the church ever since the sixteenth century has been delegated by the pope to the congregations of cardinals. These correspond more or less to the ministries of modern states, an important difference being that the congregations possess also legislative and judicial faculties. There have existed also certain tribunals such as the penitentiary, the rota and the apostolic signature, and offices for the dispatch of business, such as the chancery, dataria, the chamberlain's office and that of the secretary of state.

In the course of time this has led sometimes to usurpation and sometimes to interchanges of duties with corresponding confusion in regard to the work. This was particularly the case in the judicial questions assigned to the tribunals of the rota and the apostolic signature, with the result that a case might often pass through the courts of first instance, appeal and cassation and find the same judges in each. In future all contentious cases will be removed from the congregations and will be dealt with by the tribunals.

The work of the congregations themselves has also been redistributed in some respects. The congregation of the holy office (the inquisition) will only be concerned with the protection of the doctrine and the judgment of heresies. Questions of discipline, sacramental or other, are removed from its jurisdiction with the exception of the questions of marriage between Catholics and non-Catholics.

The consistorial congregation receives wider power in the relation of bishops and the control of seminaries as well as the dioceses. This congregation and that of the holy office the pope still remains the prefect.

A new congregation of the propaganda loses its jurisdiction over England, Ireland and Holland, Luxemburg, Canada, the United States and Newfoundland, which countries now enter into the common law of the church.

The congregation of the council in addition to its present duties will be entrusted with the discipline of the secular clergy and laity, chapters, parishes, pious works and confraternities. The announcement of the pope's decree has been received with widespread approval. The reforms are regarded as radical and complete. The *Corriere* of Italy has expressed the sentiment of local Catholics when it says: "Plus X enters at once into the ranks of reforming popes. He has proved how keen in his vision for the needs of the church, how unerring his judgment in the detection of weakness in its organization and how firm his resolution in applying a remedy. In his reform, he has been inspired by the most direct path, with the result that he has succeeded in carrying out to universal satisfaction a task of vast magnitude where more timid reformers would only have complicated the numerous issues involved."

HANGED TO A TREE.

Dover, Del., July 15.—William A. Williams, a well-to-do farmer, aged 60 years, whose body was yesterday found hanging to a tree near Templeville, across the Maryland line, may have been murdered.

A wound on the head appears to have

JUST IN TIME.

Some Salt Lake City People May Wait Till It's Too Late.

Don't wait until too late. Be sure and be in time. Just in time with kidney pills. Means curing the back. Before backache becomes chronic. Before serious urinary troubles set in. Doan's Kidney Pills will do this. Here is Salt Lake City testimony to prove it.

O. E. Moody, living at 20 south Sixth West St., Salt Lake City, Utah, says: "I do not think there is another remedy on the market today which will cure backache as quickly as Doan's Kidney Pills. My back had given me trouble for six months. If I stooped over I became stiff and lame, and it was with difficulty that I could arise. Sharp pains would start at my kidneys and radiate throughout my body, causing me much suffering. Deciding to give Doan's Kidney Pills a trial, I procured a box at the F. J. Hill Drug Co. They give me relief at once, and I continued taking them and was absolutely and permanently cured of my trouble. It is a year since I used Doan's Kidney Pills and I have not had return of the complaint since." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for United States. Remember the name—Doan's—and be no other.

Nervous women should profit by Mrs. Barton's experience with Lydia E. Pinkham's Compound.

Mrs. Helen Barton, of 27 Pearson Street, Chicago, Ill., writes to Mrs. Pinkham:

"I was all run-down, and on the verge of nervous prostration from overwork and worry, and ill in bed, when I began taking Lydia E. Pinkham's Vegetable Compound. After I had taken it a week I commenced to get better. I continued its use, my nervous troubles disappeared, and I am completely restored to health. I hope Lydia E. Pinkham's Vegetable Compound will benefit other women as it has me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ill, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

been made by some blunt weapon and there are indications that he had struggled before death. In a pocket of the clothing was found a marriage license for himself and Elizabeth Walls, who is only 18 years old.

Williams was a widower. He rented his farm to the father of the Walls girl.

UNCLE SAM'S SAILORS DISCRIMINATED AGAINST

New London, Conn., July 15.—Acting Secy. of the Navy Newberry has written a letter to A. T. Miner, president of the New London Business Men's association, in regard to the recent refusal of the dancing privileges at a local pavilion to men wearing the uniform of the United States navy.

"It being apparent under the existing circumstances that enlisted men of the navy, although sober and well behaved, are being discriminated against by at least one part of the public entertainment at New London, it only remains for the navy department to transfer the headquarters of the squadron to some port where the men will be made welcome on their own account in spite of the fact that they wear the honorable uniform of the service of the United States navy or where they are protected by law from humiliation such as was experienced in this instance. In view of your letter, however, the department will defer action in the matter, awaiting some reply to this letter which will enable the department to take other than the indicated action."

PROHIBITIONISTS RE-ELECT THEIR OLD OFFICERS

Columbus, O., July 15.—The Prohibition national convention, which met here today, worked under a temporary organization throughout its two sessions and adjourned until tomorrow morning without hearing a report from the committee appointed to select its permanent officers. In fact, little was accomplished today beyond naming the members of the various committees and receiving the reports of the committees on rules and credentials.

The national committee met tonight and re-elected all of its old officers. These were:

Chairman, Charles R. Jones, Evanston, Ill.; vice chairman, A. G. Wolfenbarger, Lincoln, Neb.; secretary, Alf Calderwood, Minneapolis; treasurer, Felix T. McWhirter, Indianapolis. Among the members of the new national committee so far selected are: California—Wiley J. Phillips, T. K. Beard.

Oregon—F. M. Kelcher, W. H. Elmore.

Utah—Robert J. Shields, Miss Edith Wade.

Washington—R. E. Dunlap, Guy Osborn.

Wyoming—L. L. Laughlin, C. J. Sawyer.

Arizona—Frank J. Sibley, John W. Thomas.

The sub-committee of five completed its draft of the platform early in the evening and reported to the committee of the whole at 9:30 p. m. The plans were substantially those previously announced, with the addition of a declaration in favor of the guaranty of deposits in savings banks.

TELEPHONES SUPPLANTING TELEGRAPH ON RAILROADS

Chicago, July 15.—The Record-Herald today says: The day of the telegraph for the operation and dispatch of railroad trains is rapidly passing and the day of the telephone is at hand. The substitution of the telephone for the telegraph in train service is progressing rapidly, the movement having been accelerated greatly by the passage and operation of the nine hour telegraph law.

The Northwestern, the Illinois Central, the Rock Island and the Burlington railroads have in operation telephone systems covering nearly 1,400 miles of railroad. These same railroads are preparing to install within the next two months telephones for the operation of more than 1,600 miles of additional roads. In addition to this work every railroad in the United States is making careful investigation of the subject of train operating by telephone with a view of installing the best system possible.

HITCHCOCK WILL OPEN CAMPAIGN IN FAR WEST

Washington, July 15.—Chairman Frank H. Hitchcock of the Republican national committee will open the campaign of 1908 in the far west. Practically the first movement in the campaign will be at Colorado Springs, Colo., next Monday and Tuesday. At that time in the Antlers hotel at Colorado Springs Chairman Hitchcock will hold a conference with Republican leaders of all the states and territories west of the Missouri river. Represented at this

A Skin of Beauty is a Joy Forever.

DR. T. Felix Gouraud's Oriental Cream or Magical Beautifier.

"Gouraud's Cream" is the least harmful of all the skin preparations. For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe. FRED T. HOPKINS, Prop., 37 Great Jones Street, New York.

conference will be North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, New Mexico, Idaho, Utah, Arizona, Nevada, Washington Oregon and California.

The Republican chairman and their national committee of these states and territories have been invited by Chairman Hitchcock to attend the conference, and all of them have notified him of their intention to be present. It is the purpose of Mr. Hitchcock in the bringing this together of the Republican leaders of the west to consider plans for the campaign in that territory. It is his desire that the leaders should become acquainted with one another, so that each one should feel that he has a part to perform, not only in the conduct of the campaign, but in the formulation of plans for it, and that there should be co-operative effort among all of them to bring about a general result.

At the Colorado Springs conference careful plans will be mapped out for the campaign in the west; methods will be discussed, and speakers for the various states arranged for so far as may be possible.

Don't fool with that leaky hose any longer. Get a good hose cheap at the Salt Lake Hardware Co.

Do it today, take a bath at Saltair.

RECEIVER FOR TEL. CO.

Clarksville, Tenn., July 15.—In answer to a petition of the United States Trust company, of Louisville, Ky., Ernest B. Denison, local manager of the Home Telephone company, has been appointed temporary receiver for the company. The case has been set for hearing by United States Judge Sanford of Knoxville, on July 27. It is stated in this petition that the company has defaulted in the payment of interest on bonds in the amount of \$140,000 which money was used in the construction of the plant. The company operates exchanges in Montgomery, Houston and Stewart counties.

WAS IN POOR HEALTH FOR YEARS.

Ira W. Kelley of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney and Bladder Remedy. I add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. For sale by F. J. Hill Drug Co., "The Never Substitutors."

Brigham City and Boxelder day at Lakoon Friday. Fresh water bathing.

FEDERATION OF MINERS.

During Last Year It Lost Five Thousand Members.

Denver, July 15.—The annual report of Ernest Mills, secretary-treasurer of the Western Federation of Miners, which was submitted to the convention today, shows that the organization lost 5,000 members during the past year. The total membership at this year was 33,116. Mr. Mills attributes the loss of members to the existing industrial conditions. The report shows total collections by local unions of \$1,100,694, and expenditures of \$968,885. It shows total receipts by the parent organization, together with last year's balance in bank, of \$392,133, and expenditures of \$187,153.

Of the latter amount, \$188,589, was expended in the defense of Haywood, Moyer, Pettibone and Adams on murder charges. During the year, outside contributions were made to the defense fund to the amount of \$78,451. Sixty-six new locals were organized during the year and 21 either disbanded or affiliated with some other union. James Kirwin, who was acting secretary-treasurer while Haywood was in jail, submitted his report this afternoon. He recommended that officers of local unions give bonds through the parent organization, instead of through companies, and that all unions secure depository bonds before depositing money in banks.

The report of President Moyer yesterday pleased the delegates and today there was a general feeling that he should be re-elected.

KILLED IN QUARREL.

Reno, Nev., July 15.—A special from Elko, says: As a result of a quarrel over the division of work in caring for graves in the Odd Fellows cemetery here, Jack Dolan shot Frank Whitaker, his fellow inmate in the county hospital, three times with a pistol, killing him instantly. Whitaker fell dead over the grave he was watering. The quarrel originated the day before and when Dolan saw his companion on the disputed territory Sunday, he advanced without warning and shot him. Dolan is in the county jail charged with murder.

EDWARD THOMPSON RELEASED.

Chicago, July 15.—Edward Thompson, husband of Mrs. Thompson, who was slain in a room at 1245 Michigan avenue, was released from custody last night. Guy Thompson, a brother, who was arrested yesterday at Stevens Point, Wisconsin, where he is a student at a normal school, also was released after convincing the police that he had no knowledge of the tragedy.

PRESIDENT MAY MAKE SPEECHES

If He Will Consent His Voice Will Be Heard in Coming Campaign.

HAS REACHED NO DECISION.

Has Been Asked to Talk Into Phonograph on Some Vital Questions of the Day.

New York, July 16.—If the president will consent his voice will be heard in the coming campaign, even though he remains quietly at Sagamore Hill or in the White House at Washington. He is now asked to make a number of speeches into a phonograph, the speeches, of course, to be of his own choosing, but preferably bearing upon some of the vital questions of the campaign.

One agent of one of the large talking machine concerns has laid the matter before the president through Secy. Loeb. The agent called the secretary's attention to the fact that his phonograph company has 10 or a dozen records of Mr. Bryan's voice.

While, of course, it is not possible to announce officially the president's decision, the odds are largely against the phonograph concern's hopes. It is not charged in a photograph joint debate engaged in a photograph joint debate with Mr. Bryan.

JAPAN PREPARING TO BUILD TWO BATTLESHIPS

Tokio, June 22.—Arrangements are rapidly progressing for the building of two additional battleships. The keel of one will be laid at Yokosuka during July, and the keel of the other at Kure before the end of the year. The displacement of these ships will be 20,000 tons, and they will be armed with 12-inch guns. The old battleships, which have the honor of being the second battleship upon the Japanese naval list, that is to say, the second in point of tonnage, have been condemned to become a target for gun practice. The date of her demise has not yet been decided, but it is probable that her executioners will be ships of the first squadron.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney and Bladder Remedy. For sale by F. J. Hill Drug Co., "The Never Substitutors."

FOUR YOUTHFUL PRISONERS.

New York, July 16.—Four youthful prisoners so small that they had to be held up by a policeman while giving their pedigrees at the station house, were arrested on the charge of robbing a safe in Joseph Adler's hardware store on Amsterdam avenue of \$100 and checks for \$342. The boys, the police say, confessed to the robbery and the money was recovered. A young man entered Adler's store and asked concerning a former employee. While Adler was in the rear of the store looking for the employee's address, it is alleged the four prisoners sneaked behind the counter and ransacked the safe. The boys were taken to the police and a short time later the four lads were arrested.

QUICK RELIEF FOR ASTHMA

Foley's Honey and Tar affords immediately relief to asthma sufferers in the worst stages and if taken in time will effect a permanent cure. For sale by F. J. Hill Drug Co., "The Never Substitutors."

GRACE BARNETT FALLS OVER A PRECIPICE

Visalia, Cal., July 15.—News of the second tragic death within a month among visitors spending their summer vacation climbing the mountains of the high Sierras reached here today, when the death of Miss Barnett, a graduate of the University of California and head of the art department in the Berkeley high school, was brought in after two days' journey on a pack trail. Miss Barnett fell over a precipice in Kings River canyon and was dashed to instant death in the chasm hundreds of feet below. A companion named Oscar, who was with her, was killed in a fall from a ledge of the same place. The place where Miss Barnett was killed is remote from railroad and telegraph communication, and the first news of the accident was received today when the body of the young woman was brought in after the greatest difficulty.

The death of Miss Barnett brought to a tragic and the summer outing of the club, of which she was a member. The club spends its annual outing in the Sierra mountains in some part of the state, and includes in its membership some of the most prominent men and women in the state. A large number of the members of the club were with Miss Barnett at the time of the accident, and they recovered the body after much perilous climbing and hours of dangerous work.

Within a short distance of where the young woman met her death Kenneth Archibald, a San Francisco architect and graduate of Cornell, on an outing with several companions, left camp three weeks ago, and has not been seen since. He has been given up for dead. It is believed that he lost his footing and slipped over the brink of some precipitous cliff and fell into one of the many deep canyons that abound in the mountains.

DEMOCRATIC CLAIMS CEMENT OHIO REPUBLICANS

Hot Springs, Va., July 15.—Arthur I. Voris, manager of the national campaign for the Republican party in Ohio, arrived at Hot Springs today and had a long talk with Judge William H. Taft on conditions in Ohio. Mr. Voris expects that Ohio will give the Republican ticket an old time majority next November.

"If it required anything to do it," he said, "the claims that the Democrats will carry Ohio this fall has cemented all Republicans in Ohio in a determination to elect the national, state and legislative ticket by 100,000 at least." Speaking of the senatorial situation in his state, Mr. Voris was satisfied that the campaign of the national ticket would be kept entirely separate from any senatorial contest.

The coming in Hot Springs of Senator Jonathan Bourne, Jr., is looked forward to with interest. Mr. Bourne, the original "second elective term" advocate for the nomination of President Roosevelt, has not seen Mr. Taft since the Chicago convention. Mr. Bourne will reach here the latter part of this week or early next week.

The situation in West Virginia, where there are two contesting Republican state tickets, has been brought to the attention of Mr. Taft, who until today was not informed of the recent factional fight in West Virginia—both Republican tickets having the names of the same presidential electors, which will result in the national ticket there receiving a much larger vote than it would otherwise.

Mr. Taft today made a rough draft of a portion of his speech of acceptance,

having been able to begin the work of dictating the document sooner than he expected a couple of days ago when in the midst of the study of the platforms and former speeches of acceptance.

SCIENTIFIC EXPEDITION TO ALEUTIAN ISLANDS

Victoria, B. C., July 15.—An expedition similar to those early exploratory voyages to Alaska financed by the rich Russian merchants' expedition which resulted in the discovery of the resources of Alaska and foundation of Russian colonies there, has reached Attu, in the Aleutian Islands, according to advices by mail received from Dutch Harbor. A lumberer from Unalaska tells of the arrival of a schooner carrying one of the best equipped scientific expeditions that has worked in the north Pacific. The schooner which set out from Vladivostok in April last and has visited Kamchatka and the Kurile Islands carries 18 scientists whose expenses of nearly \$100,000 are being paid by M. R. Blushinski, a millionaire merchant of Moscow. The expedition contains a celebrated ethnographic anthropologist who is making a special study of the natives of Kamchatka and of Aleutian Islands. There is also a meteorologist who has established three stations in Kamchatka and who proposes to establish others in Aleutian group. There are also expert botanists, geographers, zoologists and geologists.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, etc. Hall's Family Pills for constipation.
