

# F. Auerbach & Bro.

## WE ARE FORTIFIED

Against advancing prices. 3 great floors and basement are loaded to the guards with new Fall and Winter Goods, bought before the rise. No matter how much goods advance in price, you won't have to pay any more here this season. We are in a position to undersell all houses in the West and offer values that none can equal.

### Your Opportunity is Now.

#### THIS IS GLOVE WEEK.

Glove Bargains Long to be remembered. It is money in your pocket in a supply of Kid and Fair-Gloves during this week and to buy them here. Every item at reduced prices and each pair warranted.

Butterfield's 6-inch Mouse Kid Gloves, medium to heavy, in black and white, 50¢ to 75¢.

Butterfield's 6-inch Mouse Kid Gloves, medium to heavy, in black and white, 50¢ to 75¢.

Butterfield's 6-inch Mouse Kid Gloves, medium to heavy, in black and white, 50¢ to 75¢.

#### COATS AND CAPES.

For Autumn and Winter. We have fully prepared for much the largest stock of coats and capes in the city. Every item in the class is selected by a buyer who has been looking for the best in the market. The quality is guaranteed. The price is guaranteed. The service is guaranteed.

#### CHILDREN'S DRESSES.

Made in the newest styles, well selected, our prices this week will make them cost you less than any other. A well-made, hand-finished, excellent quality Young People's Dress, in a size 10 to 12, sold during this week at only 50¢.

# PRIDE OF JAPAN (TREE) TEA

THE UNIVERSITY OF UTAH.

See us at May 29, 1926.

Remo M. J. Grandenest & Co.

Antennae.

The sample

of tea. The Pride of Japan, sub-

mitted to me for examination

contains within the range of an

adult tea, a conclusion

partly drawn from the presence

of ash. It is free from gypsum,

addigo, prismatic blue graphite

and former leaves substituted

in adulterating tea.

Respectfully submitted,

J. T. Chubbuck

Chemist, Univ. of Utah

### Stacking Fodder.

#### A Plan Described For Which Many Advantages Are Claimed.

There are various ways of stacking corn fodder. A writer in the Ohio Farmer gives an illustrated description of his method. He writes:

I begin the stack the same as a short stack, by standing bundles almost perpendicularly on the ground, butt down and tops pressed together. I continue in this way, placing the bundles close together, until the stack, on a perspective stack, is about 12 feet in diameter.

One of the most successful methods for stacking corn fodder is described in the Ohio Farmer. The method is as follows:
