## **FRAGMENTS.**

Utah apples are in the market. HOME missionaries will visit the city wards to-morrow.

No more business in the Third District Court until the 17th inst.

There have been five deaths within the past two weeks in the 1st ward.

The Fourth Quorum of Seventies will meet in the Twenty-first Ward meeting house, on Monday evening next, at 7:30.

The theatre was jammed at the matinee this afternoon, the best standing room only in the parquette some time before the curtain rose.

YOUNG Benedict was held in \$2,500 bonds to await the action of the grand jury. During the progress of the examination the charge was changed from one of rape to one of attempted rape.

It is reported that machinery for the manufacture of silk is shortly to be placed in the hands of the government at Edward Stevenson, situated on First South Street, in the Fourteenth Ward.

As will be seen from a paragraph in our telegrams headed "Colorado-Utah Pool," there is a prospect of a break in freight rates from eastern points to this Territory within a few days. Let her break.

At its last session the Territorial Supreme Court adjourned until 10 a.m. next Friday, the 16th inst. There will be no business in that nor the Third District Court until near the close of next week.

We are requested to state that the meeting of the Sixteenth Quorum of Seventies, which was to have been held next Monday in the First Ward school-house, is postponed until the second Monday in August.

A PARCEL of dry goods and a lunch basket were left on City Creek bridge, North Temple Street, last evening. The finder is requested to leave the same at E. K. Thomas' store or to call on him, and get a reward.

A MAN named Barton, in charge of the chain gang at work in the city gravel beds, was yesterday buried by the caving of a gravel bank. His escape from death was rather close, but he did not sustain serious injuries.

The Second Quorum of Elders, comprising those Elders living in the First and Tenth Wards, will not meet their usual monthly meeting next Monday, on account of the district school meeting. The meeting will be postponed until the second Monday in August.

ATTENTION is called to a notice which appears in this issue from Mayor Armstrong, regarding the use of city water for sprinkling lawns, etc. The water may be used for such purpose only between the hours of 4 p.m. and 8 a.m., without incurring the penalty of a fine.

In the tabulated statement of school districts that have levied a tax, which appeared in the News last evening, the rate assessed in the Tenth Ward is given as one half of one per cent. It should be one and a half per cent. This is a matter of considerable interest in that ward.

A FLOWING well on the premises of a gentleman residing on the drive, which has yielded a nice stream for about a year, suddenly failed yesterday, only discharging a few small quantities of water. Whether the flow will return again or cease entirely can only be determined by time.

The regular monthly meeting of the Day Nursery and Orphan's Home Association will be held on Monday, July 12th, at 2 p.m., at the Nursery, 579 East Third South. First Ward street cars pass the door. All who have any interest in such work are cordially invited to be present.

GEORGE BURNER, Esq., the advance agent of "The Bunch of Keys Company," arrived in town yesterday. The success which greeted this company on their previous visit here last May has induced the management to re-engage them for one, eight more, Friday, the 14th. Their success in California has been unprecedented.

RELIGIOUS services of the Church of Jesus Christ of Latter-day Saints will be held in the Tabernacle to-morrow afternoon, commencing at 2 o'clock. Services in German will be conducted in the City Hall at 10 a.m., and in Scandinavian in the Social Hall at the same hour to-morrow.

## **LOCAL NEWS.**

Welsh Re-union.—I am directed by the committee to announce, that the annual Welsh re-union will not take place this season.

JOHN H. WHITE, Secretary.

Forty Days' Excursion.—Arrangements have been made for a four days' excursion, over the Utah Central to Nephi, Payson, Provo and American Fork. The excursion will leave the city on the morning of July 24th. Further particulars will be duly announced.

Thanks and Needed Articles.—The management of the Day Nursery and Orphan's Home are very grateful to Mr. C. R. Savage, for his generous gift of pretty picture books to the children; also to Mr. Maden for his kind donation of a dozen chairs for the Home. They wish most earnestly to call the attention of the public to the destitute condition of the 15 children under their care and ask for gifts of second hand clothing, etc., to be sent to the Nursery suitable for children from the ages of 2 to 10 years, and even larger garments will be very acceptable. They also need old sheets and pillow cases; even those which have been mended will be better than none at all.

Prosecuting Liquor Men.—This forenoon Isaac Woolf, Geo. Lawrence, Jr., and J. M. Fallon were arraigned before Judge Pyper, charged with selling liquor on Sunday. Each waived examination and was held in the sum of \$500 to await the action of the grand jury.

A Valuable Book.—A very valuable work is being introduced into the Territory. It is entitled "The American Encyclopedia of Practical Knowledge." Owing to its scope, it is necessarily a large volume, something over 1,500 pages. It does not purport to include comprehensive statements of facts pertaining to every branch of knowledge, as that would be an impossible feat in a work of that size. It includes, however, a vast amount of valuable information upon every known subject, condensed into the practical points of life. This makes it of great value to people engaged in any of the legitimate callings common to mortality. The statement will give a fair idea of the book without expiring

The Hyde Case.—Pending a wait in the examination before Commissioner McKay of A. E. Hyde, charged with unlawful cohabitation, yesterday afternoon, when the witness, Mr. Hyde, who had been sent with a subpoena for Dr. Shipley failed to bring that lady after a reasonable delay, and the proceedings were resumed.

At the close of this witness' testimony the prosecution rested, and the defense announced that it had no evidence to offer. Mr. Hyde addressed the court, dwelling on the alleged reluctance of the witnesses to testify, and making a remark to the effect, "It must be evident to the court that the witnesses have committed perjury; therefore I ask that the defendant be held."

This amazing piece of logic was admirably met by the defendant's attorney, F. S. Richards, Esq., who showed the grotesque absurdity of the prosecutor's position in asking that the defendant be held, not on the ground of evidence adduced, but on the ground of the prosecutor's failure to produce any evidence! Mr. Richards also illustrated the ludicrous strain into which Mr. Hyde was driven when he asked that Mr. Hyde be held for unlawful cohabitation because some of the prosecutor's witnesses, as he alleged, had committed perjury!

The defendant himself addressed the court, protesting against being held for one crime, for the reason that the government's witnesses had committed another. The cogency of this reasoning was long and fully appreciated by the court, and he was compelled to admit its force. But what was to be done? To expect McKay to discharge a "Mormon" accused of unlawful cohabitation was too, too much. But the evidence was all, and there was absolutely not a word, not a jot, not a scintilla of proof on which to hold the defendant. What could McKay do? He was in a dilemma. But he found a way out, at least for the time being. He declared that he would not yet lose jurisdiction of the case, that there were other witnesses whom the government would try to get, and, notwithstanding that the case had been formally closed so far as the introduction of evidence was concerned, he ordered it continued until 10 a.m. next Monday.

Mr. Hyde is a man of quick comprehension, and he keenly felt the ridicule he had given the defense, so fine an opportunity to use at his expense, in asking the court to hold the defendant on the absurd grounds he had made.

Provo Jots.—We are having exceedingly warm weather, the thermometer showing as high as 100 degrees, which with the long spell of dry weather causes the crops to look bad and the farmers lots of work.

The 4th-6th passed off quietly in our city, no disorder was seen on the streets.

Our Summer Institute closes to-day after a pleasant term of four weeks, which might be called a recreation to those participating, as the exercises have been so interesting as well as instructive that the time has been as a holiday.

Our principal streets are kept moist by Mr. A. Wilkins who sports a watering cart much to the relief of citizens. Mules, or more generally speaking "suckers," are so plentiful in Provo, that when the water is turned off from the millrace, or even the irrigating ditches, the fish can be picked up by the dozen. Trout are also below par on account of the damming up of the successful fishermen. The Provo river is well stocked with trout, etc., affording excellent sport for those piscatorially inclined.

On the 15th to 16th the Y. M. and Y. L. M. I. A. of Utah County intend having an "out" in Provo cañon, where meetings, racing, giving prizes, and all kinds of enjoyment will be participated in. Prizes will be given for the lady who can make the best bread, crocheted, knitted, or sewed, and for the best lady, etc., also to young men for the best catnap stool, etc.

It is hoped that a storm will be the result of the heavy clouds and muttering thunder which are to be seen and heard, though we have been disappointed so often lately that we are used to it.

A New Duty.—District Attorney Dickson, during the Hyde examination yesterday afternoon, became very angry with a certain witness, whom he gave "a big scolding," in the elegant language of Mr. Dickson's organ, charging the witness with lying, perjury, etc. Mr. Dickson declared "It was his duty to denounce such wherever it was found."

If the District Attorney has reason to believe that perjury or any other felony or indictable misdemeanor has been committed, it is his duty to take steps to have the culprit indicted. But no possible condition of things, or combination of facts or circumstances, can ever make it his duty to insult, abuse, vilify and recklessly accuse a witness of crime and moral turpitude, as an open court, as he did yesterday afternoon, and it is a pity that a corrected sense of his duty in this regard cannot, by some means, be infused into the mind of this tyrannical and arrogant attorney.

Timber Suits.—Yesterday we made reference to the unjust and oppressive suits that are being instituted against saw mill owners. Following is a list of cases that will be prosecuted at the fall terms of the several District Courts:

C. S. Jones of Provo three suits for the following amounts: \$37,800; \$4048.25; \$8007.25; John Stock of Ogden, one suit for \$3000; John Turner of Provo, \$5000; Sydney Stevens of Ogden, \$8888; the United Order Manufacturing and Building Company of L. W. U. one suit, for \$20,337.50; David Eccles of Ogden, one suit, for \$27,000; Robert Goodgrass of Ogden, one suit, for \$10,000; George W. Thomas of Ogden, one suit, for \$2450; John Phipps of Ogden, one suit, for \$1000; Wm. Leishman of Ogden, one suit, for \$800; Wm. Foreman of Provo, one suit, for \$3000; H. and W. V. Smith of Provo, one suit, for \$1700; Philip Butler, of Ogden, one suit, for \$1700; Third District, one suit, for \$7,000; Thomas Taggart, Third District, one suit, for \$12,000; James L. Kinison, Third District, one suit, for \$85,000.

These prosecutions will be conducted by Mr. Dickson and his assistants, but in justice to the prosecuting attorneys we will say that they have no option in the matter, being required by the Interior Department to institute and push them.

MORE MOBOCRACY.  
TWO "MORMON" BOYS MOLESTED BY 100-STALWART SOUTHERNERS.

CUBA, Sumpter, Co., Ala., June 30, 1886.

Editor Desert News:

We have quite a large field to travel. We have made a good number of friends who have been very friendly and kind to us. The people generally, however, are indifferent and do not manifest any great interest in us. Things in general seemed to be moving along smoothly with a prospect of some bright prospects in the future. The truth until Monday last, when we were

SURPRISED BY A MOB  
of over 100 men, who surrounded the house where we were stopping. We were in the kitchen eating dinner and knew nothing of their presence until one of the children came running in and stated that there was a big crowd of men around the house. We went to our dinner, and by this time the mob had crowded the porch and some had come into the house. We, in company with the men of honor, came to discover for what latent they had come. They all came in and made all kinds of threats. They were principally on mules and on foot herded us behind while those on foot herded us before them. On arriving at the church they opened the doors. When all were seated, they read to us what was said to be the sentiment of those assembled and the people of the settlement. It contained nothing but a demand for abuse, and something false enough to incite the fatherly men of the Devil. They kept us there for about two hours, not being able to agree to what we said. Some were ill. Some were ill.

FAVOR OF SHOOTING.  
others were for hanging and many other Christian (?) acts. In the mean time we were compelled to address as we were told that we were a curse on the land. Their curiosity being satisfied and having agreed what to do with us, we were informed that they had decided to expel us from the country. After applying about 30 men were armed and on mules to escort us, in this manner we were taken to the neighborhood. We tried to prevail upon them to give us 24 hours, to enable us to gather our things together, but they refused to allow us any time or to say much. The noble twenty marched us about seven miles through a big rainstorm. Then they sent us adrift warning us never to again come back, as they intended to murder us if we did. After leaving them we continued our journey toward Meridian, where we intended to take the train. We got into Meridian about 8 o'clock at night, having walked 12 miles from two o'clock until the above time. The roads were muddy and having a couple of hours to rest we were very tired and badly worried. Among those who took a leading part with the mob was a woman named Mrs. W. There were also a couple of doctors, one of them being a spokesman for the brave and noble 100 or more.

A DRAVE MAN.  
We are sorry at being compelled to abandon this field as the prospects were quite encouraging for doing much good. The man at whose house we were taken and his wife are members of the church, we having baptized them on June 15th. He is a splendid man, and a fine fellow, and would have been a great help to us. He has a fine family and a fine home. He has a fine family and a fine home. He has a fine family and a fine home.

THE OPERA HOUSE BAND  
Will give their next excursion to Lake Point on Thursday, July 15th. Four trains leave U. & N. depot at 9:10 a.m.; 1:15; 3:10 and 5:10 p.m. Concert and free dance in the afternoon and a ball at night. Last train leave Lake Point at 11 p.m.

There was left on City Creek bridge, North Temple Street, last evening, by a little boy, a parcel of dry goods, containing 12 yards of gingham and 6 yards of trimming; also a small lunch basket, directed to Mr. Talburt. Who found the same will be well paid and enough to leave at E. K. Thomas' Eagle Emporium, or at this office, and be rewarded.
