Thomas Dixon, Jr. and F.  
Hopkinson Smith.

## AT A COOPER UNION MEETING.

Was Held to Protest Against the Disfranchisement of the Negroes  
In the South.

New York, Feb. 2.—Hoots and hisses greeted the mention of United States Senator Tillman, Gov. Vardaman of Mississippi, Thomas Dixon, Jr., and F. Hopkinson Smith at the mass meeting held by the Constitution League in Cooper Union last night. Called to protest against disfranchisement of the negro in the south, the meeting resolved itself into a general denunciation of conditions south of Mason and Dixon's line. At least four-fifths of the crowd of 3,000 were negroes.

"Now comes Thomas Dixon, Jr., said Prof. Kelley Miller of Howard university, Washington, D. C., over the speaker of an evil propaganda who would deprive the negro of his rights by holding up the grotesque and repugnant side of his life with hideous portrayals. This shameless apostle priest of God, with unbridled daring, is doing the work of the devil. With satanic glee he stirs the fire of race wrath and inflames the evil passions of men."

As the denunciation of Mr. Dixon waxed fiercer, there were mingled cheers, hisses and laughter.

Most bitter of all the speakers was Mrs. Mary Church Terrell, a negroess from Washington. Over and over again the chairman, John E. Kilbould, tried to get her to stop and give the other side a chance, but she refused to do it. Becoming more violent in her denunciation of the south, she appealed to the audience for more time and was loudly sustained.

Prof. E. B. Dubois of Atlanta university spoke on "The Negro American and the South." He said that the letter of the law in the southern states, its interpretation, and the manner of its administration tended to draw the worker down.

Ex-Congressman George H. White of North Carolina, who was defeated for re-election by the disfranchisement of many of his constituents, it is alleged, declared that if one state had a right to pick out one class in the Constitution and nullify it, another state would have an equal right to disregard another clause, until the entire constitution had been destroyed.

Congressman J. Warren Keifer of Ohio declared that the political parties had failed to carry out the fundamental principle of equality, and that to take away the votes of the negroes to give power to the few was the first step to an autocracy.

The indignation meeting did not break up until morning. A set of resolutions for the reduction of representation from the south in Congress was passed.

A. B. Humphrey, the secretary of the league, announced that other meetings will be held in Philadelphia, Baltimore, Washington and Chicago.

## TO PUT AN END TO GRAFT IN ARMY.

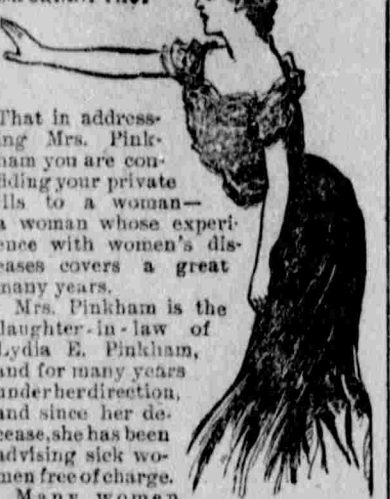

Chicago, Feb. 2.—A dispatch to the Tribune from Washington, D. C., says: The house committee on military affairs, of which Representative Hull of Iowa, is chairman, has determined to put an end to the graft in the army. If Congress enacts legislation in accordance with its recommendation, mileage accounts can no longer be padded, nor can army transports be used for excursions by officials, or members of Congress, or any one else. The committee is searching for other leaks in the laws which permit diversion of money into the pockets of interested parties.

"We estimate that \$50,000 has been paid out in mileage," said Representative Hull, "to which the recipients were not entitled. They got hold of the money by evading the law which Congress has enacted for the express purpose of introducing economy in transportation. The intention of Congress was to reduce the amount of money an officer should receive who was under orders to the Philippines."

"The law states specifically that only actual expenses shall be paid between the United States and its insular possessions, but we have found that officers have been ordered to Nagasaki, Japan, or Shanghai, or even down to Hongkong and thence to Manila, traveling, with the exception of the last leg, on government transports. They have received mileage when they should be reimbursed only for their actual expenditures, and the latter amount to about \$1 a day, while mileage for the trip amounts into the hundreds. An officer going to Manila via Europe re-

# STOP, WOMAN!

AND CONSIDER  
THE ALL-  
IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private ills to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

ceives over \$500 in mileage. If ordered to Manila he goes direct from San Francisco and it is cut down two-thirds."

## ARCHITECTURAL STYLES AND AMERICAN LIFE.

New York, Feb. 2.—Hugh M. G. Gardner of Chicago spoke on "Architectural Styles and American Life" before the delegates of the Architectural League of America last night. He said that its architecture was an indication of the character of a nation, and that our architecture was vain, tawdry and shamming.

At present there is a battle of styles and conditions, he said. America has run the gauntlet through the Gothics and the dear old Louis's and the colonial, which appears with hay fever regularity. In 10 years the best houses are out of date, and in 20 they are torn down. The accumulation which we tear down every year is worth millions of dollars; more than any other nation spends in the erection of new buildings.

A building is the fruit of a man's nature, he went on. It is a mirror not only of himself, but of the whole people at any given time and place. The vain, tawdry and unseemly buildings reflect us.

But there are a minimum of buildings which are sane, sound and wholesome. The existence of the two opposing sides denotes the war between the influence of the democratic idea and the threatened oppression of the dollar. We should have a school of architecture of our own.

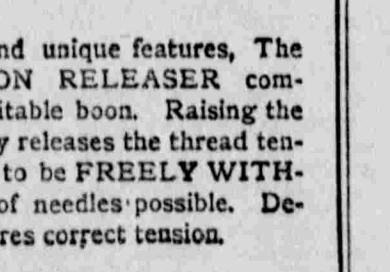

Prof. A. D. Hamilton of Columbia spoke on the "Relation of Decorative Sculpture to Architecture."

In the afternoon the delegates, as the guests of the National Society of Mural Painters, made an excursion around the city.

J. Pierpont Morgan's art gallery, Gorham's and Tiffany's new stores, said a Chicago architect, "are the three best buildings on the continent. The new custom house is very imposing. For its use it is perfect."

## FOR Rheumatism Sloan's Liniment

THE XXTH CENTURY SEWING MACHINE

The highest type of FAMILY SEWING MACHINE—the embodiment of SIMPLICITY and UTILITY—the ACME of CONVENIENCE.

Of its many valuable and unique features, The AUTOMATIC TENSION RELEASER commands notice. It is a veritable boon. Raising the presser-foot automatically releases the thread tension and allows the work to be FREELY WITHDRAWN—no breaking of needles possible. Depressing it instantly restores correct tension.

## MRS. KING'S BUYING MANIA.

Finest of Gowns, Expensive Laces,  
Daintiest China, Costliest Furs  
All Stored Together.

New York, Feb. 2.—More than \$250,000 worth of goods bought in four years of shopping in New York, piled unused rooms, closets and halls, nearly filling a large four-story brown stone mansion in Brooklyn, lay for 19 years unneeded. Laces were heaped upon calico, furs on cotton, the daintiest of linens and silks were stored with common household garments, \$500 gowns from the most fashionable of dressmakers were laid on cheap Mother Hubbards, solid silver and cheap plate, the most fragile of china sets were mixed with ironware, crystal and cut glass with common glassware—all cast in piles reaching as high as the ceilings, stuffed in closets and lying on the stairs.

This was the result of a search of the "House of Mystery," No. 178 State street, Brooklyn. It tells of the mania of Mrs. Mary Cook King, who died two weeks ago in a Flushing sanitarium, and it explains what became of part of the \$50,000 estate left to her by her husband 20 years ago. The search was conducted by J. H. Squibb, executor of Mrs. King's estate.

There were no children born to the Kings, and when Mrs. King came out of mourning two years after her husband's death it was found she had developed an eccentricity of character bordering on insanity. She discharged all her servants; she had the windows and doors of her home iron barred and she refused to receive visitors. She grew worse, and at the end of four years, about 1889, it was thought best to send her to a sanitarium. At the time she was promised that no one should enter her home until after her death.

When the court appointed a committee for her estate it was impossible to find more than \$25,000 in a bank, and she refused to tell what had become of the rest. There was then no thought of searching the house.

Mrs. King died two weeks ago and by her will Mr. Squibb was the executor. When the legal formalities concluded he began a hunt for the missing securities and on Thursday of last week he turned the key in the rusty lock and entered the house. The astonishing discovery was then made.

## WILL OPPOSE NEW TRIAL FOR PATRICK.

New York, Feb. 2.—Preparations are being made by the district attorney's office to oppose the motion of Albert T. Patrick for a new trial. Assistant District Attorney Garvan had a conference with Dr. Otto H. Schultze yesterday to go over the affidavits of physicians who swear that the evidence does not show that William Marsh Rice was chloroformed and that the embalming fluid could have reached the lungs in Rice's body.

The district attorney's office is also looking into the history of Alexander B. Stanbury, who makes the principal affidavit concerning statements made by Charles F. Jones in Texas.

Attorney Frederick B. House was asked yesterday about the statement of Jones on the stand that Patrick made a confession before him. Mr. House said that there was a statute in regard to lawyers divulging privileged communications from clients and that he had no desire to violate the statute.

## PROVIDENT SECURITY AFFAIRS.

Boston, Feb. 2.—Charles F. Weed, one of the receivers of the defunct Provident Security & Banking company upon his return to New York, where he had been in conference with Charles D. Gurley, one of the directors of the company, stated that the proposition of Mr. Gurley to take up one of the securities of the company had been rejected. He said that the affairs of the institution in which more than 8,000 people placed deposits of over \$12,000 in savings, had not changed in the least, and that he was just as hopeless of the situation as ever.

## DEAL IN MEXICAN LANDS.

Mexico City Feb. 2.—The Southwest-Townsite & Colonization company organized under the laws of the territory of Oklahoma, closed a deal yesterday for the purchase of 175,000 acres of land in the states of Tamaulipas, 75 miles from the capital, Veracruz.

## HARPER MEMORIAL.

Committee Recommends That It Take Form of a General Library Building.

Chicago, Feb. 2.—The Harper memorial committee of the board of trustees of the University of Chicago recommended to the trustees yesterday that the memorial take the form of a general library building to cost \$1,250,000. All the friends of President Harper will be asked to co-operate in securing the funds.

It was recommended also that the final resting place of the president's body be designated by the wishes of the family. This leaves in some doubt the question as to whether the building will serve as a mausoleum as well as a memorial.

## DIVIDEND FOR CREDITORS.

New York, Feb. 2.—At a meeting of the creditors of William F. Miller of the Franklin syndicate, yesterday, a final dividend of .133 on a dollar was declared. With the sending out of the checks and the final order of the court discharging the trustees in bankruptcy, there will be a legal end of one of the greatest swindles of the last century.

Of the principals, Miller, the original is the only one at liberty. He is working in a shoe store in Brooklyn; his partner, Edward Schlesinger, is dead, and Robert F. Ammon, who was a party to the swindle, and who received a part of the money is serving a term of imprisonment in Sing Sing.

There were 3,110 creditors with claims aggregating \$225,000. A former dividend of 15 per cent was declared, making the total dividend to creditors \$128 on each dollar.

## JOHNSON SUCCEEDS STARNES.

Chicago, Feb. 2.—Albert M. Johnson, who has been vice president of the National Life Insurance company for several years, was elected its president at the annual meeting yesterday, held here. He succeeds P. M. Starnes, who gave in his resignation in December because of impaired health, and is now on the Pacific coast.

# Rev. Bulgin is the only one seriously hurt.

The wreck was caused in a peculiar manner. No. 18, an eastbound local passenger train, leaving Los Angeles at 5:40, had orders to pass the westbound local passenger train No. 19 at Rowlands, 6:15. The eastbound train had the right of way and the westbound train was to have taken the siding. The westbound train was late and had no time to get on the siding when the eastbound train bore down upon it.

The engineer of the westbound train, realizing the danger, attempted to back his train out of the way, but had barely got his train started when the eastbound train crashed head-on into it. The speed of the latter train had been considerably slackened, or the results would have been more serious. The pilots of both engines were smashed and the entire trains badly shaken. The passengers were injured by being thrown from their seats.

Stops itching instantly. Cures piles, eczema, salt rheum, tetter, itch, hives, herpes, scabies—Doan's Ointment. At any drug store.
