KENDALL'S SPAVIN CURE.

The most Successful Remedy ever discovered, as it is certain in its effects and does not blister.

READ PROOF BELOW from

Rev. P. N. GRANGER,

Presiding Elder of the St. Albans District.

St. Alban's, Vt., Jan. 20th, 1880.

Dr. B. J. KENDALL & Co., Gents:—In reply to your letter I will say that my experience with 'Kendall's Spavin Cure' has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and what it did for a horse of lameness caused by a spavin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he grew worse, when I discovered that a ringbone was forming. I procured a bottle of Kendall's Spavin Cure and with less than a bottle cured him so that he is not lame, neither can the bunch be found.

Respectfully yours, P. N. GRANGER.

KENDALL'S SPAVIN CURE is sure in its effects, mild in its action as it does not blister, but is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargement, such as spavins, ringbones, curbs, callous, sprains, swellings, sore throat, distemper, lameness and all enlargements of the joints or bones, or rheumatism in man and for any purpose for which a liniment is used on man or beast. It is now known to be the best liniment for man ever used, acting mild but yet certain in its effects.

Send address for illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success in our knowledge, for beast as for man.

Price $1 per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. Dr. B. J. KENDALL & Co., Enosburgh Falls, Vermont.

NEW YORK TRADE.

FORTY-SEVENTH CONGRESS.

SENATE.

WASHINGTON, 22.—The President pro tem presented a communication from Joseph F. Smith, president of a convention of citizens in Utah, transmitting an application for the admission of that Territory into the Union as a state, with a copy of a proposed constitution. Referred to the committee on Territories.

Allison reported favorably from the committee on appropriations of the House joint resolution appropriating $33,000 to continue the work of the Arctic exploration on or near the shore of Franklin Bay, of the scientific observations at Point Barrow, Alaska, during 1883.

Hampton, from the military committee, reported back the petition of Mrs. Jesse Benton Fremont, in relation to her property in San Francisco with a bill for her relief. Placed on the calendar.

The Senate bill granting to the Mississippi, Albuquerque & Inter-Ocean Railway Co. the right of way through the Indian Territory passed.

The House bank charter bill came up. Vest offered a substitute directing the issue of treasury notes in place of national bank notes and forbidding the creation of any new national banks.

Morgan offered an amendment the purport of which was stated to be to compel national banks to reserve as a deposit silver certificates and compel depositors to receive from the banks these certificates in payment for their checks.

Allison apprehended that the effect of this would be liable to cause silver and silver certificates to be set aside and kept apart for other money of the bank and the discrimination would be prejudicial to silver.

George presented a resolution upon the request of the citizens of Vicksburg, of Italian birth, granting permission to erect a statue of Garibaldi in the National Cemetery at Vicksburg.

Several Senators suggested a motion as to propriety. This has established a bad precedent. It was held if a Garibaldi statue was raised within a burial place of our dead, we ought not to object to the erection there of a memorial of the illustrious defenders of liberty of our age. Referred to a committee.

Van Wyck offered a resolution upon the President for the correspondence between the State Department and the Spanish claims commission and the Spanish government in relation to the claims of Pedro de Buzz, a naturalized citizen of the United States. Adopted.

Allison referred favorably to the House joint resolution appropriating $33,000 to continue the Arctic exploration. Passed.

Van Wyck offered a resolution calling for the information desired, because of its supposed relation to the rights of naturalized citizens. It called upon the President for the correspondence between the State Department and the Spanish government in relation to the claims of Pedro de Buzz, a naturalized citizen of the United States. Adopted.

The Senate bill granting the Mississippi, Albuquerque & Inter-Ocean Railway Company the right of way through the Indian Territory was passed.

The House bill to enable the national banks to continue corporation and existence, came up.

Hill submitted an amendment to be offered to the general deficiency bill, authorizing the payment of $2.50 per diem and a mileage of 8 cents per mile to the witnesses in the Star route cases, from west of the Missouri river, and appropriating a sum sufficient to pay the same.

Coke offered an amendment requiring that silver certificates be accepted in Clearing House balances.

Sherman denied the power of Congress to make the silver certificate a legal tender in payment of debts as between individuals, or between banks other than national banks.

Allison coincided in this view.

Upon suggestion of Pugh, the amendment was so modified that no national bank shall become members of any clearing house in which silver certificates shall not be receivable in settlement of clearing house balances.

Pugh remarked that this prohibition would operate alone upon the fiscal agents of the governments, and would not affect the rights of others.

Sherman construed the amendment as making necessary separate clearing houses for national banks.

Beck followed in an arraignment of clearing houses in general as a powerful agency in discrediting silver.

HOUSE.

WASHINGTON, 22. — The House went into committee on the bill to reduce the internal revenue taxation.

White favored the amendment. He proposed to offer a bill repealing the internal revenue system as far as it applied to the regulation, production and manufacture of tobacco.

Morrison, of Illinois, spoke at some length in opposition to the amendment to remove the tax on manufactured tobacco.

Hatch, of Missouri, advocated the proposed amendment allowing farmers and planters to sell tobacco of their own production without payment of special license.

Page, Aiken and Ryan announced that they should vote against the bill, and the committee rose.

A communication from officers of the navy, urging that the age for retirement in the navy be not changed from 62 to 64, was referred. Adjourned.

AMERICAN.

A Pretty Row.

WASHINGTON, 22. — There is a very pretty row between the members of the House commerce committee and Representative Van Voorhees, of New York, which may lead to a scene when the subject is brought before the House. Van Voorhees is charged with having struck from the bill to regulate immigration, that passed the House under suspension of rules, certain amendments agreed to by the committee, and which it was supposed were contained in the bills. The committee this morning decided to ask the House to recall the bill from the Senate, and a resolution for that purpose was adopted. Van Voorhees being the author of the bill was displeased that the committee should have changed it at all.

Guiteau.

Guiteau will be hung one week from to-morrow, and is keenly active to the horror of the fate that is in store for him. This morning Rev. Dr. Hicks, Mr. Reed, Dr. G. M. Beard, of New York, and Miss Chevaillier, of Boston, Secretary of the National Society for the protection of insane, called upon the assassin. Guiteau knew that this lady was to present to the President the petition of medical men, asking that the sentence be suspended until a scientific examination of the assassin's condition could be made. The prisoner was glad to see his visitors, but he appeared nervous and excited and finally urged the Rev. Dr. Hicks, Dr. Reed, Dr. Godding, of the Government Insane Asylum, joined the party when they left the jail and proceeded to the White House. The party was presented to the President by Dr. Beard and Dr. Godding, and in addition to the petition, letters were filed from Dr. Godding, Dr. Thomas Fisher, Dr. D. McFarland, Dr. W. L. F. Brown, Dr. Wm. J. Morton, Dr. Hammond, Dr. Spitzga and Dr. Clark Bell, of New York. The latter argued that from a legal standpoint there was no defence of the assassin on the ground of insanity. The President listened patiently to all that was said, but gave no ground for encouragement to the petitioners and simply said the matter would be referred to the Attorney General.

Public Lands.

Senator Miller, from the committee on public lands, reported back favorably the bill recently introduced by Senator Chilcott. The bill provides that section 2,225 of the Revised Statutes be amended so that when a protest or objection shall be made to any proceeding in the chapter in the General Land Office the party or parties objecting, in case they fail to sustain the protest or objection, shall be liable to the application for patent on his guarantees for all costs or expenses incurred because of such protest or objection.

Across the Continent in Five Days.

Colonel Thompson, general superintendent of the railway mail service, was in Kansas City yesterday, in consultation with representatives of the Pacific railway, with reference to the establishing of a fast mail train between New York and San Francisco. It is proposed to make the run from New York to San Francisco in five days instead of seven.

Harbor of Refuge.

Senator Grover will move an amendment to the river and harbor bill, directing the Secretary of War to expend the money appropriated by the Act of March 3, 1879, for the construction of a harbor of refuge at Port Oxford, and appropriating the further sum of $100,000 for the same purpose.

Relief.

The announcement is made here that subscriptions in aid of the sufferers by the cyclone in Iowa will be distributed if sent to Walter P. Phillips, Secretary of the Red Cross Association.

KICKING AT THE CAMPAIGN FUND.

Government Assessments.

CHICAGO, 22. — A special from New York says: The government employees here, encouraged by the Civil Reform Association and Tax Collector Robertson, are not making any response to the call of the Republican Congressional Committee for contribution to the campaign fund. Collector Robertson has informed his employees by a proclamation: "While I am here no man shall be dismissed or in any way interfered with for non-payment of political assessments."

It seems to be uncertain whether Collector Robertson will be here very long, but while he remains in the Collector's chair the Custom House employees will probably be emboldened quietly to drop all appeals from the campaign committees into the waste basket.

Meanwhile the half breeds are becoming more and more disgusted, owing to their inability to secure any of the federal offices in the State. Neither from Washington nor Albany do they derive any comfort. The President is appointing to office the most outspoken and bitterest opponents of the half-breeds, and it is found that in Gov. Cornell's brief record of appointments, he has nominated for office only one solitary half breed.

Elected.

A private telegram received here from New York states the Board of Directors of the Illinois Central railroad met there yesterday and re-elected the old officers, including W. C. Ackerman, President. The officers of the Chicago, St. Louis & New Orleans road, recently leased the Illinois Central in perpetuity. It remains as before for the present.

Democratic Convention.

SAN FRANCISCO, 22.—At the democratic convention, before the seventh ballot a motion was made to adjourn. The chair declared it lost. For ten minutes the utmost confusion prevailed in an endeavor to override the decision. Quiet was finally restored, and on the seventh ballot Hearst received 151, Stoneman 136, Johnson 52, Taylor 92, and Berry 17.

Adjourned till 9 o'clock to-morrow.

Triple Suicide.

DANVILLE, Ill., 22.— Allie Mills, aged 14, Mary Ogle, aged 17, and Mary Jones, aged 12, committed suicide yesterday morning by taking arsenic. Allie Mills gave as her reason that her father lived with a shameless woman. Miss Ogle's reason was that she was an orphan, and Mary Jones took the drug because the others did.

Fires.

MILWAUKEE, 22.—The erecting shops of the Chicago, Milwaukee & St. Paul railroads were burned. Loss, $25,000; partially insured. Five cars were burned.

EAGLEVILLE, Conn., 22.—Glastonburg Knitting Company's works were burned. Loss, $70,000. Two children were badly burned.

Strikers.

NEW YORK, 22—The situation of the freight handlers' strike is practically unchanged at the New Jersey Central depot. On the piers of North River about 90 men are at work, and business is progressing favorably in comparison with other places. Freight is rapidly accumulating on the dock and bulkheads of all the depots.

Transit of Venus.

BOSTON, 22.—Two German expeditions go to American stations to observe the transit of Venus in December. Observations are to be taken at Stratford, Conn., Aiken, South Carolina, by Bahai Blanco and Printa Asenos.

FOREIGN.

African Affairs

LONDON, 22.—The *News* says: Dispatches were sent to Admiral Seymour at Alexandria instructing him to avoid all hesitation in landing the sailors and marines in an event of necessity.

The following is said to be the programme of the new Egyptian minister: General amnesty in Egypt to participators in the recent riots. The relations with foreign powers is to be conducted through Cairo only.

A dispatch from Alexandria states that the Sultan is urging the Khedive to return to Cairo, and several Americans, including Stone Pasha, gave him similar advice.

The ministers have ordered all Europeans in the employ of the Egyptian government to return to Cairo to work.

Another dispatch reports the Khedive has written to Arabi Pasha, entrusting him with the entire command of the army.

The *News* believes Lord Dufferin has been instructed to confine his action at the conference to the effecting of such a settlement as will provide for the maintenance of the rights of the Khedive, the preservation of the liberties of the Egyptians and the observance of Egypt's international engagements.

The *Standard* says there is reason to believe there are differences in the cabinet in regard to the Egyptian question.

Constantinople, 22.—The ambassadors met to-day at the British Embassy, but no conference was held because the German and Austrian representatives had not yet received their instructions. The British and French ambassadors received detailed instructions last evening.

London, 22.—In the House of Commons this afternoon, Dilke, Under Foreign Secretary, confirmed the statement that Sir Edward Malet and M. Sienkiewiez, in Egypt, have been instructed to do nothing implying the recognition of the Egyptian ministry.

Trouble in Sierra Leone.

LONDON, 22.—Advices from Sherbro Island, near Sierra Leone, dated May 21st, state that the natives of Martio having plundered a boat belonging to Bunthe Island, where British officers are stationed, and having fired on the police who went to arrest them, the Governor of Sierra Leone proceeded to Martis with a force of Blue Jackets and inflicted a loss of 200 killed on the inhabitants.

BRIEF TELEGRAMS.

The Third District greenbackers of Maine renominated G. W. Ladd for Congress.

Major A. R. Anderson was nominated for Congress, at Council Bluffs, on the first ballot.

The national encampment of the Grand Army of the Republic at Baltimore begins to-day.

It is stated an extensive seizure at Dublin of arms and ammunition has been made in James Street.

Quinn, the late secretary of the Dublin Land League has been released from the Kilmainham jail.

A mob took from jail at Concord, N. H., Nathan Lucia (colored), charged with rape, and hanged him.

The strike among the stevedors at the iron ore docks of the Joliet (Ills.) Iron and Steel Works, is ended.

Two thousand miners and slate pickers at Wilkesbarre, Pa., resumed work at the various mines yesterday.

Major George W. Steele was renominated for Congress from the Eleventh Indiana District by acclamation.

Subscriptions in aid of the storm sufferers have been received from Des Moines, Sioux City and Hartford, Conn.

Edward K. Pierce, mail route agent on the Palestine & San Antonio route, was arrested for robbing the mails.

Col. D. D. Henderson was nominated for Congress from the Third District, Iowa, by acclamation yesterday.

The mayor of Concord, N. H., has issued a proclamation soliciting aid for the sufferers by the tornado in Iowa and Sardis, Wis.

The French Senate rejected the bill on the importation of foreign pork, as not sufficiently a protection against trichinosis.

The magistrate of the Clerkenwell police court received a letter threatening him with death if he does not release Walsh on bail.

Henry E. Abbey, the American theatrical manager, signed a contract with Mrs Langtry, the actress, for a tour in America, beginning in November.

At Williamsfield, a boiler exploded yesterday and wrecked the saw mill, killing Thomas Thompson, Charles Dunham, D. Brooks and Frank Chambertain.

The final splice on the Mexican cable was made off Brazos, Santiago, thus placing Calveston in direct communication with Vera Cruz, and telegraphic communication with the whole of South America.

At Cleveland, Mrs. Scoville, Guiteau's sister, is to trying to see Mrs. Garfield, to tell her the peculiar circumstances of her brother's birth, as only one woman can tell another, and ask her to intercede for a reprieve for him till October.

The Ohio Republican Congressional Convention in the seventh district, yesterday, had 165 ballots without a choice. The candidates are Updegraff, Hollingsworth, Taylor, Poorman and Dalziell. Updegraff led the other candidates. At midnight they adjourned.

TARRANT'S SELTZER APERIENT.

The Gentle Way is Best. In dyspepsia, liver complaint and constipation the diseased organs are preternaturally sensitive and tender. Do not use them roughly. An aperative like TARRANT'S SELTZER APERIENT, that tones, corrects and purifies the system without unduly exciting or irritating either the stomach, the liver, or the bowels, is the true specific in such cases. Reason teaches this, and experience confirms it.
