THE EVENING NEWS.

Friday, April 16, 1875.

Death of a Horse that Won More Money than Any Other Horse that Ever Lived.

The famous English race-horse Thormanby, sire of the winner of the Derby in 1860, died suddenly of heart disease at Newmarket, on Feb. 28. At two years old he won for his owner in stakes alone upward of $18,000, having started fourteen times, and won nine races, and been placed either second or third in the remaining five. His trainer felt confident in his ability to win the blue ribbon of the turf on the Epsom Downs, so well had the colt done throughout the winter, and this hope was realized, for he won the Derby easily by a length and a half from Wizard, who had won the 2,000 guineas, and was the favorite at starting. Mr. Merry had backed his horse so heavily, and on such good terms, that he won between $400,000 and $450,600 on the race. The horse was seized with strangles the day after the Derby, and was not in condition again all the season—running unplaced to St. Albans in the St. Ledger, and being beaten by Sabrueur in the Doncaster cup, by the Wizard in the Grand Duke Michael stakes, and by Tom Bowline in a 500 sovereigns sweepstakes.

At four years old he won the Claret stakes and Ascot cup, beating Umpire, Thunderbolt, St. Albans, Fairwater, Parmesan and others and was beaten by the American horse Starke, to whom he was conceding fourteen pounds in weight and two years in age, for the Goodwood cup. This was his last race. He sired Planet, Sunshine, Lady Coventry, Thorwalden, Hester, Camel, Atlantis, Atlantic (the 2,000 guineas victor last year,) Tomahawk, Cashmere and many other distinguished winners. Two of his produce came to this country—By the Sea and Glengary. The former is running successfully in Peru, South America, and the latter is at the stud in South Carolina. —*Ex.*

MORE THAN

6,000,000

Of One Number Alone of the Justly Celebrated

SPENCERIAN

Double-Elastic

STEEL PENS

Were sold in 1874, being a gain of more than 1,000,000 over the year previous, this with the marked increase in the sales of the other numbers, shows that the superior qualities of these Pens are being more and more appreciated, and that they are destined to take their place as the most popular Steel Pens in the market. They are made of the best steel by the most skilful workmen in England, and are a nearer approximation to the real Swan Quill action than anything of the kind hitherto invented.

The Spencerian Steel Pens are universally used in the Commercial Colleges throughout the U.S., more largely than any where by the United States Government, and quite generally in the Banks, Counting Houses and Offices of the country, and are for sale by the trade generally.

We claim for the Spencerian superiority over all other pens in durability, elasticity, flexibility and in evenness of point.

* * *The Spencerian Pens are comprised in 15 numbers, varying in flexibility and fineness of point, and, for the convenience of those who may wish to try them, we will send a CARD containing A SAMPLE OF EACH NUMBER by mail, securely inclosed, on receipt of 25 cents.*
