WASHINGTON.
Political Talk.

WASHINGTON, 17.—Several leading democrats, who have been interviewed last night and today as to what may be expected to happen at Cincinnati, express exceeding diverse opinions.

Senator Beck, who leaves for Cincinnati to-morrow night, said this morning that in his opinion neither Tilden nor Seymour is out of the race. He thinks that Seymour will accept the nomination if it is tendered, in spite of all that has been said, and that either Seymour or Tilden will be nominated.

Congressman Carlisle, who left here last evening for his home in Covington, Ky., said before leaving that he believed both Tilden and Seymour were well out of the way. The convention he thought would be free for all and the chances about equally divided between several candidates. Speaker Randall will, he thinks, make some headway, but will probably be unacceptable to the men of the West.

Sergeant-at-Arms Thompson leaves for Cincinnati to-night. He says that Tilden will not accept, but that Tilden has not given up the fight by a good deal, so long as there is a ghost of a chance, he will work every influence and to its fullest capacity to secure the nomination.

Mr. Thompson, however, thinks the choice will probably be one of these three men, Bayard, Thurman or McDonald. Senator Beck believes that the ticket will be Seymour and Hendricks. He thinks they will be nominated almost by acclamation and elected by an overwhelming majority.

An intimate personal and political friend of Speaker Randall said this evening that Tilden would not permit Seymour to become a candidate if he could help it, and would slaughter him if he should receive the nomination. Tilden, he said, had done such things before and would not scruple to do the same thing again. He believed that Randall will exert all his influence to secure Tilden's nomination if possible, and that failing in this he will respect the field and obtain a respectable share of Tilden's followers.

Personal Notes, Etc.
The President, Mrs. Hayes, and Webb C. Hayes expect to leave to-morrow for Columbus, Ohio, where they will spend the day. From Columbus they go to attend the commencement exercises at Kenyon College.

The Treasury Department to-day purchased 458,000 ounces of fine silver for delivery at the Philadelphia and San Francisco mints.

It is intimated in high official quarters that the President will appoint John W. Morton as surveyor of the port of San Francisco, to hold office until the end of the next session of Congress unless the Senate shall meanwhile take action upon a renewed nomination of him for the same office, which will be sent to that body when Congress re-assembles on the first Monday in December.

Senator Conover, of Florida, now here, is very confident that State will be carried by the republicans. Conover is a republican candidate for Governor. A prominent Florida politician offered to pay a wager of \$100 to \$1,000 yesterday, that the republicans would carry the State. The census enumerations claim the population of Washington to be 148,000 and the District of Columbia 172,000, being an increase of 48,000 in 10 years.

Secretary Thompson and several aides of his family will leave Washington about July 1st for the Pacific Coast, to remain there most of the summer.

THE CURRIE MURDER TRIAL.
Effort to Prove Insanity.

State put hypothetical case involving the views of Currie on capital punishment from evidence and witness said in such a case a person would know what he was about. The burden of the evidence today, mostly tended to establish it. Defendants closed and the State, after introducing one more witness also closed. Argument began to-morrow.

STATE CONVENTIONS.
Indiana Republicans.

INDIANAPOLIS, 17.—The Republican State Convention met at 10 o'clock and was called to order by Hon. John C. New, chairman of the State central committee. General Grose, chairman of the committee on organization, reported for permanent chairman W. H. Calhoun, and John Wray as temporary secretary. The report was unanimously adopted. The mention of Gen. Garfield's name by the president produced enthusiastic and prolonged cheering.

The platform reaffirms and endorses the resolutions of the Chicago convention, recognizes in the Chicago nomination representative republicans and statesmen who may well be entrusted with the administration of our national government, and commends them to the support of the people; recognizes the right of foreigners to emigrate hither, and the right of native born citizens to migrate from this State to other States without the vexatious investigations as to their motives; congratulates the people of Indiana on the recent constitutional amendments, as tending to economy, free ballot, reduced taxation, and as proving the unfitness of the democracy to administer the State; and declares its devotion to free schools, and expresses gratitude to soldiers, which should be embodied in the national laws enacted from time to time.

The convention then proceeded with the nomination for candidates for the State ticket. The following were presented: Gen. A. D. Streight, Hon. W. R. McKeen, Dr. A. O. Burgess, Hon. A. G. Porter and Thomas Stanford, Secretary of State, G. B. Hawley, Auditor, Col. E. H. Wolf, Treasurer, Roswell S. Hill, Attorney General, Dr. P. H. Baker, reporter of Supreme Court, Francis D. Hooper, Superintendent of Public Instruction, Prof. J. M. Bloss.

Kentucky Democrats.
LEXINGTON, 17.—The democratic State convention met to-day, about 90 delegates were present. Gen. Lucius Dike was elected chairman, and A. Polk Johnson, Secretary. While waiting for reports of committees speakers were Col. Breckenridge, Henry Watterson, Gen. C. M. Clay, and others. The name of Tilden was always received with loud applause, but when the name of Seymour was called for, the cheering continued for several minutes. All of the speakers favored a strong preference for Tilden. A resolution directing the State delegation to Cincinnati to vote as a unit excited a very heated discussion, and the convention adjourned to the hour of the next session, at eight o'clock p. m.

National Prohibitionists.
CLEVELAND, O., 17.—The Prohibition National Convention was held here to-day. One hundred and forty delegates were present, representing 12 States—Arkansas, Connecticut, Michigan, Iowa, Massachusetts, Minnesota, New Jersey, New York, Pennsylvania, West Virginia and Wisconsin. Rev. Dr. Miner, of Boston, presided. The principal speakers were Dr. Miner and O. W. Brown, for President, Neal Dow, of Maine, was nominated by acclamation; for Vice-President, A. H. Thompson, of Westerville, Ohio, was chosen.

A platform of considerable length and setting forth strong reasons for abstention was promulgated in New York.

BOAT RACE AT PROVIDENCE.
Hanson has a Swift and Loose the Race.

PROVIDENCE, 17.—At the signal Hanson rushed to the front and was followed by Boyd and Riley. After a time Ross pushed ahead of Boyd and they fought steadily for third position. Finally Ross passed the Englishman and sped for Hanson, passing him before the latter had time to take a second start. Boyd followed Hanson and Riley second and Hanson third. Boyd seemed to have contact with his buoy in turning and Boyd fell back across the course in contact with his buoy and was detained nearly half a minute, as the buoy was rounded the wind freshened perceptibly.

The eastern shore, with Riley second and the champion third. Ross maintained his lead, and when about half way around the course he was observed to cease rowing and rest on his oars. When asked what was the matter, from the stern he replied that he had lost his chest as though experiencing pain. At this time Ross was several lengths in advance with Riley second. The water was exceedingly rough, and one of the oarsmen seen to leave his boat. The police boat and several other boats went to his rescue. Flashed at the stern were steering for the western shore, with the latter in advance. Ross kept his leading position very easily and at the finish had a lead of 35 seconds, with Riley second and Ten Eyck third. Following is the official time of the three first, that of the others not being taken: Ross, 29 min. 54 sec.; Riley, 30 min. 30 sec.; Ten Eyck, 30 min. 58 sec. The prizes amounted to \$5,000 divided as follows: \$3,000 to the first, \$1,500 to the second and \$500 to the third. Hanson's trouble is to be a stitch in the side. Fifty thousand people witnessed the race. One of the stands gave way before the race. John McCreary and his crew were rescued, Col. John McManus and wife, John Dempsey and Mrs. Welch were injured, but not seriously.

The Broken Bank of Baltimore.
BALTIMORE, 17.—To-day's developments only confirm previous reports of the utter failure of the First National Bank, and possibly future developments may add to rather than decrease the liabilities, which are now placed at \$430,487. The assets consist of about \$218,000 in notes, many known to be fraudulent Government bonds in Washington \$100,000.

Waite's property under attachment is variously estimated at from \$30,000 to \$50,000. Telegrams were received to-day showing additional fraudulent transactions at New York. Three hundred shares of the bank stock had been placed in the Fourth National Bank at New York as collateral, on which Waite had received about \$15,000. This stock may be taken by Waite if he is understood that he was a large shareholder, but it may turn out to be otherwise.

Fortland, Me., 17.—President Waite, of the Baltimore First National Bank, was at the Preble House on Friday night. His name does not appear on the register, several vessels having sailed for Cuba, but none for European ports.

Strikers Agreed to Resume.
DENVER, 17.—The News' Leadville special gives the result of the meeting of the miners' union to-day. The meeting was largely attended by members of the union. Generals Cook and James and their staffs and a number of prominent mine owners were also present. After a full and free discussion, the miners' union passed a series of resolutions agreeing to resume work at the terms on which they were previously employed to the strike. Certain mine owners have conceded to the eight-hour system in the future as heretofore, and have even pledged to give the system generally adopted throughout the camp. It is understood, however, that the men were to go to work at old prices wherever they could get it, and that no strike would be ordered or permitted against managers who insisted upon working ten-hour shifts. Such leaders of the strike as were known to have counselled and resorted to violence and intimidation would not be employed.

A Chinese Visit to Minister Angell.
SAN FRANCISCO, 17.—The Chinese consular corps of this city made a formal call on Minister Angell and Commissioners Swift and Prescott at the Palace Hotel, this morning. The usual compliments, the Chinese consul-general, Chen Shue Tong, invited Angell to visit China, Angell declined the invitation, saying he had fully investigated all Chinese questions here, and believed that he understood the condition of affairs on the Pacific coast. Chen Shue Tong expressed himself as pleased that the consular adjustment of all differences between his people and the Americans should be made by the Chinese, and also regretted the fact that the number of the Chinese here had brought the whole race into dispute.

Alaska News.
SAN FRANCISCO, 17.—A Port Townsend dispatch gives late Sitka advice. Chilcote Cross Sound has been visited by Indians from British Columbia, who have disposed of some \$10,000 worth of British goods smuggled from Port Simpson, taking furs in exchange. The North-western company has been warned to the Treasury Department a statement of the affair, with a request that steps be taken to prevent the continuance of the infringement of the revenue laws.

Twenty miners, escorted by about the same number of officers and men from the sloop-of-war Jamez, have been ordered to go to Yukon River, to prospect for placer diggings. The Indians gave friendly assurances.

The coal beds near Hootzenoo have been reopened. The scientists accompanying the surveying expedition to Behning Bay have obtained valuable additions to the cabinet of the Smithsonian Institution.

Business at Sitka is generally prosperous.
Marques again in Mexico. A dispatch from Tucson, Arizona, says: General Marques has returned to Loma with 75 men recruited in Tucson. He considers that he will go direct to Chihuahua.

The Reward.
CHICAGO, 17.—The Inter-Ocean's Washington special says: The official case continues to fall upon Grant. Secretary Sherman has directed the collector of customs at Charleston, South Carolina, to discontinue the services of Wm. A. Hayne, Inspector of that district. After the 15th inst. Hayne was South Carolina's delegate to the Chicago convention, and always voted for General Grant, in obedience to instructions.

Trumbull as a Dark Horse.
Hon. Lyman Trumbull's friends here regard him as a possible dark horse and will try to carry him to Cincinnati. An excursion is already made up from here to go down Saturday night. Trumbull's nomination as governor is regarded as an advantage in his Presidential aspirations.
