telegram was received last night by Minister Wu from Heng, director general of the imperial telegraphs, at Shanghal, dated yesterday:

"July 8 .- Two legations in Pekin still preserved, All ministers cafe. Rebellious troops and rioters make attacks But suffer many losses. Imperial troops are protecting but meet with difficulty in doing so. It is feared that food and ammunition are exhausted."

THERE IS A REASON FOR HOPE.

Washington, July 9 .- Though fearful of giving false encouragement, the state department officials are bound to admit today that there is reason for hope now respecting the welfare of the legationers at Peldn. Minister Wu's cablegram from Sheng, taken in connection with the report of Admiral Bruce from Tien the report of Admiral Brace from the Tsin, has done much to encourage this hopeful feeling. Mr. Wu brought his telegram to the state_department this morning in person and pointed out to Secretary Hay what he regarded as some significant and gratifying features of his dispatch. Such, for instance, was Sheng's description of the Chinese who are attacking the legations as "rebellious troops and rioters," and the posl-tive statement that the Chinese govcrnment is opposing them.

Washington, July 9 .- The following , There are several garrisons in Pekin, each composed of a separate nationali-ty, and Ching commands the Manshu force. At last advices this force com-prised about 10,000 soldiers. They had been drilled in foreign tactics at the military school of the north by instructors who had themselves been taught the art of war by German army officers and would undoubtedly prove very ef-fective. The minister noted that the Boxer movement had degenerated into rioting and looting, all principle having been lost, and so it was reasonable to expect that the strongest and best and most influential of the Chinese man-darins would find it necessary to combine to crush them, from an instinct of self preservation and regardless of their

foreign or anti-foreign sentiments.

ADMIRAL KEMPFF CABLES. A cablegram has been received by the navy department from Admiral Kempff, dated at Taku, probably Saturday. The admiral's communication relates to the number of troops and the character of the force that should be supplied to participate in the campaign against Pekin. The foreign admirals at Taku have been consulting on this point. Admiral Kempff was addressed directly by the navy department at the instance of the President with an inquiry as to what force was needed in his judgment. His cablegram was discussed today by Secretary Hay and Secretary Long, and it was decided to withhold it from publication in order to prevent the infor-mation from sifting back to the rebellious Chines

London, July 9.—The more hopeful feeling engendered by Saturday's news form Pekin, was strengthened today by Rear Admiral Bruce's endorsement of the rumors that Prince Ching, who is said to be heading a counter revolution the rumors that Prince Ching, who is said to be heading a counter revolution at Pekin, is fighting in behalf of the le-gations against the usurper, Prince Tuan. If the admiral's hope that Prince Ching, with his army, is defending the legations at Pekin against Frince Tuan turns out to be well founded, this turn of events is of the atmost importance as it is fait here that in some such division it is felt here that in some such division among the Chinese themselves lies the It is for here but in some lives live the best hope for the safety of the foreign-ers. If the powers can find allies in China itself, it will materially facilitate the task of restoring order, and those acquainted with the country believe that if the diplomats are able to induce such a man as Li Hung Chang of Chang Chi Tang to send forces to The assist-ance of Prince Ching, the hordes of revolutionists will disperse as quickly as they have collected and a way to Pekin will be opened without great delay. With all due allowance for the uncer-tainty in regard to the reliability, the authorities here feel that the latest mea-sages from the far east give distinct sages from the far east give distinct hope. If, as suggested, the native sym-patzihers are able to keep the besteged legations reasonably supplied with pro-

visions, the foreign colony may yet escape destruction. RENEWED CHINESE ATTACK.

be available in due course of time. It was rumored this afternoon that the officials had concluded to dispatch additional troops from the Philippines to assist in the proposed alfied movement against Pekin for the possible rescue of the foreign ministers and residents, but it was impossible to veri-fy the rumor. Those people who origi-nated it seemed to be positive of its accuracy and even went so far into deall as to assert that the Fourth and Eighteenth regiments of infantry now serving in the vicinity of Manila have actually been ordered to prepare for embarkation to Taku. Secretary Root was questioned in regard to the report late this afternoon but declined in the most positive manner to commit himself. He would not say that no more troops will be sent to China from the Philippines nor would be admit that such a movement was in contemplation.

THE BOXERS AS PATRIOTS.

San Francisco, July 9.-Hongkong papers that arrived here today by the Rio Janeiro stated that through the in-fluence of Yu Hsien, governor of Shan Tung, whom the German officials had cashiered last year, Pekin officials have persuaded themselves that the Boxers onstituted a society that may be used a advantage by the Chinese against foreigners. Consequently, in their pro-clamations and orders to officials, instructions have been given to prosecute Boxers who act singly, but to leave all "patriots" and gymnasts who affect military drill severely alone,

PREPARING TO RECEIVE LODGE.

The McKinley Home Awaits the Arrival of the Notification Committee,

Canton, O., Jul- 2 .- Preparations for receiving Senator Lodge and other members of the notifications committee Thursday are receiving attention at the McKinley home today. The special train is expected to leave Cleveland about 9 o'clock and reach Canton about 11 o'clock.

The old committee of 1896, the citi-zens' reception committee and the Canton troops will take charge of the committee at the station and President Mc-Kinley, Senator Lodge and probably other distinguished party men will oc-cupy the porch, with the members of the committee on the lawn immediate-ly in front. Senator Lodge will speak from the porch and President McKinley will respond, and it is probable others will speak during the day.

A tent will be erected on the lawn and in it lunch served to the committee. The week opened with a flood of call-ers. The mails over Sunday brought business from Washington and the President and Secretary Cortelyou were busy in the library all day.

Oregon Arrives at Che Foo.

Washington, July 9.-The navy de-partment was informed today that the Oregon has arrived at Che Foo. She will start for Kure, Japan, to dock, July 10 or 12. The naval department's cablegram was from Captain Rodgers of the

Nashville, who made a flying trip from his station at Che Foo out to the scene of the grounding of the Oregon, thirtyfive miles northwest of the port. His dispatch reads as follows:

"Che Foo, July 9 .- Oregon starts for Kure dock, Japan, about 10th or 12th, stopping en route, if weather is bad. All well on board Oregon. "RODGERS."

The dispatch conveys indirectly the information that wire communication with Che Foo is again open.

A rough estimate made at the navy department consigns the Oregon to the dry dock three months. The courtesy exhibited by the Japanese government in allowing the Oregon to use the dock which is owned by the government, is much appreciated by the pavy dpart ment officials here.
