

Today's Ogden News

OGDEN CHAMBER OF COMMERCE

Organization Effected and Board of Directors is Chosen—Nominate Officers.

AFTER DERELICT HUSBANDS.

Deserters Will Be Prosecuted—Hatchery Comes to Grief With Auto—Prosecutor Turns Defender.

Ogden, April 10.—The chamber of commerce of Ogden is now a real live organization and will immediately launch forth to do its duty toward the boosting of Ogden and the state. A meeting was held at the city hall Thursday night by those interested to complete the organization, which now numbers 250 members. Only a few more details remain to be carried out, and then the organization will begin its campaign in the distribution of literature of an advertising nature.

The following board of directors was elected by the meeting: S. H. Browne, president; S. S. Smith, S. H. Henderson, O. A. Kennedy, L. D. Emsen, J. N. Spargo, J. J. Brummitt, E. G. McGriff, B. H. Cannon, Hyrum Belnap, W. L. Russell and C. A. Horn. At the conclusion of the meeting the above committee met and appointed the following officers who will be voted for at the next meeting: S. H. Browne, president; Hyrum Belnap, first vice president; W. L. Russell, second vice president; W. L. Russell, treasurer. The matter of selecting a permanent secretary was referred to the following committees: S. S. Smith, Hyrum Belnap and B. H. Cannon.

The matter of selecting suitable headquarters which will be announced later. The committee upon incorporation reported that it had not completed the articles of incorporation and was given additional time to report.

AFTER DESERTING HUSBANDS.

Law Will Be Enforced Against Derelict Benedicts.

Ogden, April 10.—Those young men who desert their wives within a few months after their marriage will undoubtedly in the future be careful as to their actions and try at least to afford some support to the wife. The first case to be prosecuted under the new law passed by the legislature last spring which provides that the parents shall care for their offspring until they have come of age, will be that of the late Oliver White, who was

Patrons are requested to make immediate complaints regarding unsatisfactory delivery.

PROSECUTOR NOW DEFENDER.

City Atty. Devine Retained to Defend Alleged Pickpocket.

Ogden, April 10.—An unusual proceeding in the annals of criminology in Ogden is the proceeding lately made by City Attorney Devine, who has been retained by a criminal to defend him in the upper court. On Tuesday C. E. Crawford was caught red handed in picking the pocket of John Evans an Idaho farmer at the union depot as the latter was making his way through a crowd to a train.

In the police court yesterday Crawford was bound over to await the action of the district court under a bond of \$750 upon the charge of robbery. When arrested he had \$10.10 upon his person and yesterday, Wednesday morning, this money was turned over to City Attorney Devine by the desk sergeant upon an order signed by Crawford, who has the head of the city's legal department retained to defend him.

This unusual proceeding has caused a great deal of discontent among the police officers because they naturally feel that there should be a conviction there after the clever culprit and they take an exception to the unprecedented move of Devine in turning defender instead of prosecutor. County Attorney Harris will prosecute the man.

BRONCHOS BEFORE AUTO.

Idaho Rancher Comes to Grief Trying To Run a "Pesky Machine."

Ogden, April 10.—"Me for the bucking of Idaho in the future," said D. C. Stuart, Sr. yesterday afternoon, as his son helped to extricate him from beneath an automobile which had upset while the "old man" was acting as the chauffeur. The young man was giving his father a ride about the city in an auto, when the elder Stuart wanted to run the "thing," which the son consented to. No sooner had the man from Idaho taken the wheel from his son than the "pesky machine" started for the curb. "Turn her, dad," shouted the boy, and dad did as he was told, but the turn was too short,

and over went the machine with dad under the wreckage. Luckily the auto was not traveling fast and the driver, a slight shaking up all concerned escaped without a scratch.

FALSE FIRE ALARMS.

The fire department made three runs last evening to false alarms. The first call came in at 7:30 p. m. from Five Points, here it was found that a small bonfire had aroused an excited person and the department was called. The second call came in from Twenty-second street and Jefferson avenue at 12:40 and proved to be a false alarm. The third alarm came in at 1:10 this morning from Twenty-second and Quincy.

DEATH OF MRS. BAKER.

Mrs. Harriet Baker died at the home of her granddaughter, Mrs. Ralph Gibson of Warren, Wednesday. Old age was the cause of Mrs. Baker's death. Mrs. Baker was born in Kent, England, March 10, 1811, so that she was 97 years old. In 1837 she came to America and in 1854 crossed the plains to Utah, where she has resided ever since. Funeral services will be held on Friday and interment will be in the Plain City Cemetery.

WEDDING PERMITS.

Marriage licenses were issued to the following couples by the county clerk: Ernest A. Bowen and Nancy Frye of Ogden.

Leroy Stone and Hildred Vernon, also of Ogden.

JUNCTION CITY BRIEFS.

Ogden's apportionment of the state school fund amounts to \$18,460.50, and to Weber county schools, \$5,202. The school population of Ogden is 6,850; that of the county, 3,450.

A suit for divorce was filed in the district court late yesterday afternoon by Elizabeth Hamilton against Thomas Hamilton upon the grounds of failure to provide. The complaint alleges that the couple were married in Ogden, May 27, 1907.

Upon his return from Salt Lake City, Wednesday, Saturday Inspector George Shorten reported yesterday that he had not as yet received a report from the state chemist relative to the condition of the water in some of the city's ice ponds. The report is expected to be forthcoming in a day or so.

Two hundred men employed in the "back department" of the Southern Pacific shops were laid off yesterday morning until next Monday morning, and only a small force of men are kept at work in the machine shop and the foundry.

Heber Pihlman of Hooper who was charged with stealing the harness alleged to have belonged to Orson Christensen, was found not guilty in the municipal court before Judge Murphy late yesterday afternoon and was dismissed.

The Weber club of Ogden has decided to do some advertising at the Democratic convention which will be held in Denver this summer. Brilliant pieces of advertising handled by wide awake boosters will be sent to Denver and distributed.

The police were notified yesterday that 50 chickens from the coops of Mrs. Bolt at No. 2585 Pacific avenue, had just been stolen by tramps, and that she thought that if the police came right down that they would catch the tramps cooking the fowls into a "mulligan stew." The police hastened to the scene and found the tramps sleeping near the Bolt home, but did not have any signs of a fowl.

wings of the fans being studded with small round mirrors.

"Many innumerable," he said, "can sleep at the window of an express train. The sight of the landscape rushing by them invariably brings on a refreshing nap. Well, this machine, with its whirl and glitter of revolving mirrors, acts on the eye and brain in the same soothing manner, and the insomnia who a train ride helps is invariably helped by this.

"Here," he said, entering a smaller room, "we turn our slumber balls."

A number of young men were round him polishing balls of bright metal, and he took one in his hand.

"Fixed high above the head," he said, "so that it strains the eye to stare at it, this ball frequently brings sleep to insomniacs of a melancholic type.

"In the next room we make small machines for clamping the arteries leading to the brain. It is easy to adjust and it very considerably diminishes the flow of blood to the brain centers. To certain nervous, feverish insomniacs—authors, and so on—the clamp often brings sleep in a few minutes.

"And here we make a very simple battery that while the patient lies in bed sends a mild current up and down his spine. The battery treatment usually succeeds best with female insomnia.

MOUNT PLEASANT.

Mrs. John Romero Leaves Six Distant Children, Deserted by Father. Special Correspondence.

Mount Pleasant, April 9.—Mrs. John Romero died Saturday morning of pneumonia. She leaves a family of six children. Their father is alive but deserted his family some three years leaving the burden to the wife. The children will be taken by relatives of the deceased and cared for, or put in charge of the county. The funeral was held yesterday at the South ward meetinghouse.

There was a large attendance at the funeral of Glen Larson, held at the South ward meetinghouse Sunday afternoon. The speakers were Patriarch Mads Anderson, and Elder Christian Johansen.

THE UPPR UNEMPLOYED.

There are hundreds of "upper class" young men every year now who come leaving their career in the world without having any employment even in prospect. It is to be wondered at that some of them are inclined to utilize their social opportunities and advantages to earn money. (From the London Graphic)

SLUGGISH LIVER

makes life a burden, as thousands of suffering men and women know. Food does not do any good. There is no energy for business or pleasure. Headache, sleeplessness, yellow skin, coated tongue indicate that the liver is not doing its work and the bile is not being carried off.

Warner's Safe Cure

which is purely a vegetable compound, is an absolutely safe and permanent cure for all inflammatory and other diseases of the liver. It corrects the functional trouble by increasing the flow of bile into the bowels to a healthy standard and keeping it so. It removes all the waste material and obstructive agents within the circulation and structure of the liver, and by its tonic and purifying properties brings to a condition of perfect harmony all the important organs of the body.

In diseases of the liver, the bowels are usually constipated because the flow of bile is lessened. WARNER'S SAFE PILLS quickly relieve this condition, and no ill after-effects is experienced.

WARNER'S SAFE CURE is put up in two sizes and is sold by all druggists, or direct at 50 CENTS and \$1.00 A BOTTLE. Refuse substitutes containing harmful drugs which injure the system.

Sample Bottle Free. A sample bottle of WARNER'S SAFE CURE will be sent postpaid to any one who will write WARNER'S SAFE CURE CO., ROCHESTER, N. Y., and mention having seen this liberal offer in The Deseret Evening News.

 Sold by C. M. I. Drug Dept. 112-114 Main

ENGLISH SMALL FARM

In a report from Nottingham, Consul Frank W. Mahin states that the small holdings act of parliament, which took effect on Jan. 1, and applies to England and Wales, is considered of much importance and of great possible value to that part of the country, a rich agricultural section. He discusses its workings as follows:

The act is an attempted solution of the land problem, and its object is to check the flow of population from country to city, to reverse the current, if possible, by making the acquisition and holding of small farms. A small holding is defined as a piece of land between 1 acre and 50 acres in maize; or 10 acres and 50 acres if its value be less than £50 (\$243.22) by the income tax assessment. The act also provides for allotments—tracts of five acres or less.

A small holdings act was passed 15 years ago, but it proved abortive for lack of effective provisions to execute it. The new law is free from such defects, and appears to possess every possible contingency. Its chief points are thus summarized:

1.—It sets up machinery to find out the extent of the demand for small holdings and allotments in England and Wales, and the extent to which it is reasonably practicable to satisfy that demand.

2.—It authorizes the taking of land compulsorily—that is, against the will of the owner—for small holdings and allotments, either by purchase or lease.

3.—It provides a cheap and easy process for acquiring such land, free from the case of purchase, at its fair market value, or in the case of leasing, at a fair rent, without any extra payment to the owner because he has to sell or lease.

4.—It provides considerable sums out of the taxes to be spent in the extension of small holdings.

5.—It enables voluntary associations to take part in the provision of both small holdings and allotments.

SYSTEM OF ALLOTMENT.

The government board of agriculture and fisheries, which has charge of the working of the law, must appoint at least two persons, with a certain knowledge of agriculture, to be small holdings commissioners. Money for necessary expenses is provided from the national treasury—£100,000 (\$486,650) for the remainder of the fiscal year from Jan. 1 to March 31, 1908. The future appropriation is expected to be £200,000 (\$972,200) a year. Local authorities must aid the commissioners. Any person wishing a small holding or allotment applies to the small holdings or the local authority.

The local authority for small holdings is the county council. This body is similar to a board of supervisors in an American county. In the ways provided by the law, the council can take as much land as it deems necessary, divide it into small holdings, fence it, drain it or supply water, make roads, and erect or alter buildings. But land cannot be taken from an owner of less than 50 acres, and a few other exceptions are made to prevent hardship or injustice. Compensation must be paid where land is taken from a lessee holding an unexpired lease. In other respects the law also protects the interests of owners and tenants of land.

The council will act through a committee, to whom everything relating to small holdings may be referred with full power to act. Incorporated towns, parish councils, and urban district councils (there are many such councils in a county) are to provide allotments, and have the same powers regarding them as county councils have touching small holdings.

Eighty years' time may be had to pay the purchase price of land, by yearly installments. The law also enables the council to acquire land to rent allotments or small holdings at a low

OFFICIAL FINANCIAL AID.

The land for these holdings will be bought and equipped with public money. The board of agriculture may repay county councils the expenses incurred in acquiring land, but not the purchase money, compensation, or rent. These costs it appears come from county funds. But it is not expected that any increase of taxes will result. In case of loss, the state would bear at least one-half, and still more if shown that the county was not at fault.

It is probable that co-operation among the occupiers of these tracts will figure largely in buying, marketing, dairying, harvesting, etc. It is proposed that as far as practicable the holdings be established in groups, so that essentially the same working as that of a large farm may obtain. It is believed this would be a great stimulus to the enterprise, if not necessary to its complete success.

There can not, however, be failure of lack of official action. It is the duty of the commissioners appointed by the board of agriculture to stir up the council, and if it continued to do so, the board of agriculture would act for it. This feature of the law will prevent its being a dead letter.

The authorities in the counties of this country are at work on the preliminary arrangements. Applications have already been received for several thousand acres in Lincolnshire. No statement as to the applications in other counties has yet been made.

SLEEPLESSNESS CURED BY MACHINES.

"I call it a sleep mill," said the manufacturer, as he led the way to his huge plant.

He opened a door into a long room where two rows of girls were boxing instruments like electric fans, the

LOST \$300

Buying Medicine When Right Food Was Needed.

Money spent for "tonics" and "braces" to relieve indigestion, while the poor old stomach is loaded with pastry and pork, is worse than losing a pocketbook containing the money.

If the money only is lost, it's bad enough, but with lost health from wrong eating, it is hard to make the money back.

A Mich. young lady lost money on drugs. But in thankful she found a way to get back her health by proper food. She writes:—

"I had been a victim of nervous dyspepsia for six years and spent three hundred dollars for treatment in the attempt to get well. None of it did me any good.

"Finally I tried Grape-Nuts food, and the results were such that, if it cost a dollar a package, I would not be without it. My trouble had been caused by eating rich food such as pastry and pork."

The most wonderful thing that ever happened to me, I am sure, was the change in my condition after I began to eat Grape-Nuts. I began to improve at once and the first week gained four pounds.

"I feel that I cannot express myself in terms that are worthy of the benefit Grape-Nuts has brought to me, and am perfectly free to publish this letter, if it will send some poor sufferer relief, such as has come to me."

Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in papers. "There's a Reason."
