New York, May 1.-Tom Morrissey of Newark, famous as a contender in ama-teur long-distance races, in which he has won many laurels, turned professional last night, and was accepted as an add-ed starter in the international Marathon which is to be run tomorrow afternoon at the Polo grounds. Morrissey's friends say that the offer of \$10,000 in prizes tempted him to desert the amateurs. Morrissey is said to be in excellent con-dition as he has beek training several weeks for an amateur Marathon. It was his belief that he would stand an excel-lent chance against the professionals which ied him to take this action. His entry brings the list of starters up to 13.
