

DESTRUCTIVE FIRE AT H. L. GRIFFIN'S

Everything Practically Destroyed
By Fire or Water—Fully
Insured.

SESSION OF CITY COUNCIL.

County Treasurers Employed in Making
Cash Roads—Suits Filed—
Wedding Permits.

Ogden, Oct. 29.—Fire of unknown
origin was discovered in the wholesale
grocery house of H. L. Griffin & Co.,
on Twenty-fifth street shortly after
midnight Monday night, causing a loss
of \$10,000, fully insured.

The fire had gained considerable
headway before an alarm was sent in.
Investment No. 1 responded, but owing
to the rapidly spreading flames de-
partment No. 2 was called out. It
was not until after 2:30 o'clock this
morning that the fire was under con-
trol.

What was spared by the flames was
made practically worthless by water,
the destruction is about complete.
The upper floor of the two-story build-
ing was much damaged by water.

CITY COUNCIL SESSION.

Salary Ordinance Under Discussion—
Contention Over Treasurer's Stipend.

Ogden, Oct. 28.—At the session of the
city council last evening, the law com-
missioner presented the ordinance pro-
viding that the salary of the treasurer be
increased to \$1,250 a year and that he
devote his whole time to the position
with the recommendation that it be
passed. The report was rejected, and
the ordinance was passed over the
readings. The supporters of the
measure could not get a two-thirds
vote for a suspension of the rules for
the final passage of the bill, and a spe-
cial meeting will be held tomorrow
evening to pass it.

The city engineer submitted speci-
fications for filling in the old river bed
at the mouth of Ogden canyon, which
were adopted and bids will be adver-
tised for.

An ordinance regarding the net creat-
ing between districts Nos. 1 and 2 pass-
ed over one reading, and went to the
law commission. The law commis-
sioner recommended amending Hudson
avenue between Twenty-third and
Twenty-fourth streets.

The board of health, to which was
referred the petition of Robert Bur-
kin, reported that the slaughter house
complained of was in a sanitary con-
dition, as no slaughtering had been
done in the past two years.

After a long and unusual discus-
sion on the advisability of creating a
graveling district, the city fathers
took the road supervisor to task and
instructed him to see that the ordi-
nances were enforced in regard to the
bad condition of the ditch culverts.

WEBER COUNTY AFFAIRS.

Pretenses Employed in the Improve-
ment of Highways.

Ogden, Oct. 29.—A short session of
the board of county commissioners was
held yesterday. Sheriff Schering re-
ported that the new departure in work-
ing the prisoners who are serving time
in the county jail is proving a success,
as it gives the men physical exercise
and the roads in Wilson precinct are
being considerably improved through
their work and the rock crusher.

The board referred the matter of
revising the plat over the Kootenai
lock of Ogden river to Commissioner
McKay, with power to act. The repairs
will cost about \$195.

County Attorney Harris reported that
the county has no need of buying a
right of way for a drive to the Hunts-
ville cemetery, having acquired one
through usage of over 20 years.

O. S. L. SUE FOR DAMAGES.

The O. S. L. Railroad company has
been made defendant in a \$1,000 dam-
age suit brought by George Greig and
Evelyn Greig, of Boulder county, and filed at Bur-
ham City by Attorney A. G. Horn
for the plaintiff. The complaint al-
leges that during the past season war-
rents were issued on the right of way of
the Mafel branch of the Oregon Short Line
and the main line was carried along the
road to plaintiff's land, and covered
through a culvert over his land, dam-
aging his hay crop to the amount for
which he asks judgment.

SUE FOR FURNITURE STORE.

Suit has been commenced in the dis-
trict court by Sarah White and H.
L. White against C. J. Herrick et al.
The plaintiffs allege that they leased
to the defendants their furniture and
second hand business known as the
Household Fair on certain terms,
which have not been lived up to by the
defendants. They therefore ask for
judgment in the forfeiture of the lease.

Gasoline Explosion—Civil Service Ex-
amination—No Single Blessedness.

Special Correspondence.
Provo, Utah Co., Oct. 29.—The city
fathers met in regular session last
night and considerable routine busi-
ness was transacted.

The board of health, to which was
referred the petition of Robert Bur-
kin, reported that the slaughter house
complained of was in a sanitary con-
dition, as no slaughtering had been
done in the past two years.

After a long and unusual discus-
sion on the advisability of creating a
graveling district, the city fathers
took the road supervisor to task and
instructed him to see that the ordi-
nances were enforced in regard to the
bad condition of the ditch culverts.

GASOLINE EXPLOSION.

The fire alarm from the Provo
Drug company caused the department
to make an exceptionally good run. The
fire was caused by the clerk lighting a
candle close to a can of gasoline,
which exploded and burned the clerk
quite badly. No damage to property.

been demonstrated that it is not, for
a license was granted R. C. Kirkwood
and Martha E. Kirkwood, who are
divorced husband and wife, to again
unite in wedlock.

Benjamin Adams and Walter D.
Jones will have to face the charge of
jumping and boarding a moving train

LOGAN.

PREST. SMITH ON FARMING.

Strong Address Before Stake Confer-
ence—Reception to Students.

Special Correspondence.
Logan, Oct. 27.—The student recep-
tion at the Brigham Young college last
night was a thorough success. The
program began with the students gather-
ing in the big chapel hall which was
completely filled. The college brass
band played a few selections and as
President Joseph F. Smith entered the
room the student body sang, "We

thank Thee O God for a prophet."
President James H. Linford gave the
students and friends an address of wel-
come. Hon. Joseph Howell spoke to the
students a short time and was follow-
ed by the student body singing "B. Y."
President Smith gave one of his char-
acteristic addresses to the students.
Prof. W. O. Robinson sang a solo. The
students then adjourned to the gym-
nasium where they partook of light
refreshments served by the faculty,
dancing and games were the features
of the evening.

PRESIDENT JOSEPH F. SMITH ON FARMING.

The Cache state quarterly conference
was continued this morning at 10
o'clock by the congregation singing
"Hail to the prophet." Prayer by W.
W. Maughan. The choir furnished its
usual good music. Elders N. W. Kin-
ball, Isaac Smith and C. W. Nibley
made brief addresses, and were fol-
lowed by Elder Hyrum M. Smith, who
took as his theme the Sacrament of the
Lord's Supper.

President Joseph F. Smith occupied
the remainder of the forenoon, speak-
ing on the temporal affairs and duties
of the people and said in part:
"The gospel is practical through and
through. It is practical in religion, it
is practical in temporal things. It
teaches us, or came to teach us what
is for our happiness, whether it be in
temporal labor or whether it be in
spiritual labor."

"I attended a gathering at the col-
lege last night when your children
were assembled together. They at-
tended that institution to get manual
training, to learn to be blacksmiths
and to carpenters. They are taught
there the different sciences, the science
of agriculture. There is a great deal
to learn about these subjects. The
farmers of Utah raise too many weeds
in their farms. To raise weeds is
good farming. If you have so many
acres that you are unable to keep out
the weeds, cut down your acreage to a
point where you can take the proper
care of your land. If you do, do it
well. Along the roads and highways
you can see the burdock growing. This
is an obnoxious weed and seeds your
land by blowing into the stream and
flowing out to your farms. I would
like to see a law passed that would
compel the people to exterminate all
these obnoxious weeds. There is con-
sideration to be learned about good
farming."

He told of a Chinaman who came to
Salt Lake and who, from a rented city
lot, within two or three years and
cleared some \$100,000 and was
ready to return to his native land to
spend the remainder of his life in lea-
sure. The whole of his talk was upon
matters temporal. He admonished the
people to patronize home industry
whenever it was possible. He said
that the saints should be an indus-
trious people as the idle brain was the
devil's workshop.

President Smith continued his re-
marks in the afternoon in a similar
line of thought, occupying the entire
time. The big tabernacle was filled
with people who were eager to hear
the words of the president.

fit Dance.

Special Correspondence.
Mt. Pleasant, Sanguia Co., Oct. 24.—Jos.
P. Johnson left this city yesterday for
Lamar, where he is going to do mis-
sionary work.

Two cups of coal came in yesterday,
and is being distributed to the schools.
The public schools have decided to hold
each month, on a Sunday evening, a par-
ty for the parents of the children of the
greater school spirit in the commu-
nity. The first meeting is arranged for
Sunday evening, Oct. 30. The program is to be
prepared by the faculty of the public
schools.

A benefit dance, gotten up by prominent
citizens of this city, was given last eve-
ning, at the opera house, for the family of

with an accident about one year ago, and
at present his family is quarantined with
scorbutia, and his wife is ill.

VERNAL.

Lorenzo Dow Young Family Reunion—
Two Tickets in Field.

Special Correspondence.
Vernal, Uintah Co., Oct. 21.—The
members of Lorenzo Dow Young's fam-
ily in this section held a reunion Sat-
urday, Oct. 19, in commemoration of
his one hundredth birthday. They
were joined by the members of Phil-
lips Howe Young's family here. There are
only two small branches of these fam-
ilies in Uintah county, but to have
seen them together one would think
they are quite a factor. There are
over 70 in the valley and a goodly por-
tion of that number gathered at Mrs. S.
Carter's home and mingled in feast
and song. A spread characteristic of
the family and a program very appre-
ciated were enjoyed. A perma-
nent organization was effected, with
Perry Le Grand Young as president;
Mrs. Josephine Y. Carter, vice presi-
dent, and Francis M. Young, secretary.

The Republicans and Citizens, or
more properly the "Democrats," have
chosen tickets for the coming city elec-
tion and considerable interest will be
taken.

THEODORE.

BONDS FOR SCHOOL BUILDING.

School Commencement—Popular Lec-
ture—"Nothing Doing" for Doctors.

Special Correspondence.
Theodore, Uintah Co., Oct. 18.—The
school district was bonded three weeks
ago, and a new two-story school build-
ing is being erected by the trustees to
replace the brick from his kiln. Several new
buildings and residences are going up
for rent, as houses are in great demand.
People are moving in town from their
ranches for the winter and school,
which will commence next Monday in
the town hall, with Mr. Washburn as
teacher.

M. F. O. Buel of Heber, has lately
moved into his new two-story store.
The building is a credit to the county.
Mr. Cook intends closing his restau-
rant and putting in a grocery store in
the near future.

Mrs. Workman's new hotel is near-
ing completion in the town of town.
The health of the people is excellent.
As there is not enough work for the
doctor here, he has had to seek other
employment and is thinking of leaving
this place. All regret seeing him leave,
but rejoice he has nothing to do in the
medical line.

Arrangements have been made for
a series of lectures to be delivered by
Theodore, Washburn. The talks are
intermingled with vocal music from
Mrs. J. W. Grant, American Fork's
prima donna, and Mr. Bond of Heber.

Well.

Special Correspondence.
Bloomington, Washington Co., Oct. 20.—
The district school commenced on Mon-
day, Oct. 2, under the able management
of Mrs. E. C. Carson, of St. George.
There has been much stormy weather
of late in Dixie, which has moistened
the ground nicely.

The farmers have had their grain
threshed and the field at this place was
very dry. The crops have had no cause
to complain this year on account of a short-
age of water.

Lara James Larson is busy working up
the razor case given in this vicinity.

CASTLE DALE.

SESSION OF DISTRICT COURT.

Criminal and Probate Cases Heard by
Judge Erickson.

Castle Dale, Emery Co., Oct. 26.—The
fall term of the district court for this
county convened Monday and Tuesday
last, Judge Erickson sitting.
A number of probate cases were dis-
posed of.

In the case of the State vs. Frank
Van Meter and Edward Keller, the two
young men who broke into a box car on
the Denver & Rio Grande and stole
some shoes and some books, the young
men both pleaded guilty and were given
the minimum sentence of six months,
going to this being their first offense.

Andrew West, charged with assault

on a friend in Green River, was ar-
raigned, as was also Warren Jones of
Castle Dale, charged with the embezzle-
ment of an \$80 check, the property of
an Italian. Col. H. W. Tatum was
appointed attorney for Jones and later
was procured by West to handle his
case. West was given his freedom on
account of lack of evidence. In Jones
case, on account of a failure to procure
the Italian as a witness the case was
postponed until next term.

Frank Russell, who borrowed a horse
from a friend in Green River, also a
saddle, traps and rifle and other para-
phernalia, and sold the outfit to Orange
Reidy of Castle Dale, also issued checks
on the Green River bank to the sum of
about \$80, was given two years in the
state penitentiary following a plea of
guilty.

Thomas Keel, aged 31, of Emery, who
has a wife and three children in desti-
tute circumstances, charged with com-
mitting adultery with his wife's sister,
Mrs. Flannigan, also of Emery, was
given one year in the state penitentiary.

A burglary and attempted rape case
of Thomas Hardy of Clatsop was dis-
missed on motion of the district attor-
ney. The offense was committed a few
days before the present juvenile laws
went into effect. Hardy was arrested did
not apply to such cases as his.

Safe Little Specifics—They Are All
Absolutely Harmless and Are Guar-
anteed Under the Pure Food and
Drug Law.

The free distribution of Munyon's
Rheumatism Cure and Kidney Cure
from the office of the Herald will close
this evening. Thousands of people
came to test these celebrated reme-
dies. During the days many came in
and testified that they had been cured
by one of the Munyon Remedies.

The crowd was not composed of any
particular class. The banker elbow-
ed with the mechanic. The lady in silk
with the plainer dressed. Some came
in carriages. Some hobbled along, all
having an abiding faith in Munyon's
Remedies.

Some of the testimony was truly
marvelous. More than one woman de-
clared that they would not be without
Munyon's Remedies in the house.

MR. P. J. MORRISSEY, 41 SOUTH
TEMPLE STREET, an employee in the
dispatcher's office of the Oregon Short
Line in the Deseret News building, is a
firm believer in the Munyon Reme-
dies. He has used both the kidney
and rheumatism remedy and has found
both to be more than he claimed for
them. In this connection he says:

"Munyon's remedies are the real
thing in my opinion. For a long time I
suffered from acute kidney trouble and
it was not until I took the Munyon
cure that I found any relief. It
has done wonders for me and I am
able to work every day now. I have
also been a sufferer from rheumatism
and have found that the Munyon re-
medy for this malady has restored me to
my former health while all other cures
were of no avail. The doctors even
could do nothing for me."

MRS. N. A. GATES, 55 WEST 4TH
SOUTH STREET, has used Munyon's
Rheumatism Remedy and has always
found that it helped her. She says:

"I have been a great sufferer from
rheumatism and until recently have
been unable to find anything that
would help me. I finally tried Mun-
yon's remedy and it immediately re-
lieved my pain. I can now walk about
as other women, and I attribute my
remarkable recovery to the use of the
Munyon cure. I can recommend it to
all sufferers."

MR. E. M. EAST, 991 SOUTH SEC-
OND WEST STREET, is an old iron-
worker and used the Munyon Remedy
for 15 years ago while on the front-
ier of Arizona. At that time it was
very difficult to secure medicine of any
kind, but hearing of the remarkable
cures that had been effected by the
Munyon Remedies he finally secured
after great effort, some of the disapp-
eared cure, and it relieved him immedi-
ately. If it had not been for it he
says he would have been compelled to
quit work and go to some hospital for
treatment.

Mr. East called at the Herald office
on Saturday and said that he wished
in some way to show his appreciation
for what Munyon's remedies had done
for him. He cheerfully recommends
Munyon's Remedies to all suffering
humanity.

MR. WILLIAM SHOWELL, 553
EAST SEVENTH SOUTH STREET,
is loud in his praise of the Munyon
Remedies. He says that for some time
his wife has been a sufferer from a
variety of maladies and never could
find any relief until she tried the
Munyon cures.

"After using the Munyon Remedies,"
said Mr. Showell, "my wife has about
recovered her normal health, and I am
most profoundly thankful for the good
that has been done her at such small
