

UNCLE SAM TO UTILIZE RIVERS

New Source of Revenue for the Government is Being Figured Out.

POLICE SUPPRESS ANARCHY.

When Emma Goldman Visited Chicago She Found Halls Closed Against Her—To Investigate Schools

Chicago, March 9.—A new source of revenue to Uncle Sam that may eventually run into millions of dollars annually, is part of the latest plans of the Internal Waterways commission. This is the utilization of the immense water power that will be developed by the construction of dams in the Mississippi and other rivers in connection with proposed government waterway projects.

SUPPRESSING ANARCHY.

A bloodless but effective way to suppress anarchy has been devised by the Chicago police as a result of the troubles arising from the attempted assassination of Chief of Police Shippy by the Russian anarchist, Abernethy.

Spigotty?

"Sam" Blythe went down for us, and shook hands with the Panama Canal. He is a different kind of reporter—is Blythe, and he has given us a different kind of story.

The first article is "Life in Spigotty Land." It doesn't tell much about the Canal itself, not much about gradients and cubic feet and plumb-lines; it's mostly about the cheerful social side of the life down there.

Says he, "Isthmus moonlight would make a man make love to a cigar sign." He tells about one of their baseball games, where a crowd was "enthusiastic to the degree of temporary insanity and impartially joshing everybody in sight."

He also heaves a brick at Uncle Sam's Hotel: "The United States can go on record as conducting a hotel where positively less food for the price is served than any other place in the universe."

Social life on the Isthmus is regulated according to your pay. If you earn \$300 a month you snub the people who only get \$250, and smile graciously on those who get \$325.

Altogether, Panama and Panamanians are an interested and interesting lot. The people who are there mostly want to stay, and needn't stay unless they want to.

But read the whole article. It is only one good choice out of thirty-two pages of interesting stuff in this week's issue of THE SATURDAY EVENING POST, now on sale.

Kokomo Woman Gives Fortune To Help Women Who Suffer.

In the past few years Mrs. Cora B. Miller has spent \$125,000.00 in giving medical treatment to afflicted women.

More than a million women have accepted this generous offer, and as Mrs. Miller is still receiving requests from thousands of women from all parts of the world, who have not yet used the remedy, she has decided to continue the offer for awhile longer, at least.

This is the simple, mild and harmless preparation that has cured so many of the most distressing and painful cases of leucorrhoea or whitish discharges, ulceration, displacements or falling of the womb, profuse, scanty or painful periods, uterine or ovarian tumors or growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feelings, melancholy, desire to cry, hot flashes, weariness and piles from any cause, or no matter of how long standing.

Every woman suffering, unable to find relief, who will write Mrs. Miller, without delay, will receive by mail a copy of the medicine box. By this simple home remedy, also a book with explanatory illustrations showing why women suffer and how they may be cured, or no matter of how long standing.

Don't suffer another day, but start at once to Mrs. Cora B. Miller, 2591 Miller building, Kokomo, Indiana.

plans sheets of music that have the O. K. of critics as having musical merit. Instead of getting a novel or the unamusing works of a poet, the reader can get entire evenings of profitable communing with the works that made Wagner famous and the waltzes that put Schubert's name on a melody of fame.

INVESTIGATE SCHOOLS.

A close investigation of the Chicago schools will be made by a committee which has been appointed to examine the fire escapes, stairways and exits, and to investigate violations of the city fire ordinances that may be found. The schoolhouse horror at Chicago, O'Connell street, has excited a widespread interest for Chicago people because of the Iroquois theater disaster which in this generation will never be forgotten.

MODERN PIED PIPER.

A modern Pied Piper has been in demand in Chicago to rid the city of rats. Dr. A. W. Haer appealed to the health officers to drive the rats before bubonic plague works eastward from South America and the western islands. "Food is cooked in the same rooms about this city rats," was the doctor's warning.

OF INTEREST TO CITIES.

Where are the funds coming from to finance for the rest of the year the 495 cities in the country having a population of over 10,000, was the pertinent subject of debate at the unique convention of Illinois mayors which just been held in Chicago.

CAMPAIGN AGAINST "OLEO."

Butter has been so high of late, and the substitution of "oleo" for it has been so highly profitable, that internal revenue officers at Chicago have started a campaign through notices to Illinois against dishonest dealers.

It is believed that the sale of oleomargarine, colored to resemble butter, is being carried on a much wider scale than had been suspected. Extra deputies from the revenue office have been sent out to punish all who are violating the law. "Uncle Sam is much interested, for there is a stamp tax of a quarter of a cent a pound on all oleomargarine sold uncolored, and 10 cents a pound on that which has been colored.

Wherever the "oleo" is sold as creamery butter the evasion of taxes means a very handsome profit. The fraud is being carried on principally in the larger cities, where the butter buyers are not so familiar with the real thing, fresh from farm or dairy.

HARRIMAN MAY COLLECT AND THEN HE MAY NOT

Washington, March 11.—An important conference was held at the White House tonight between President Roosevelt, Secy. of the Interior Garfield and Maxwell Everts, and H. J. Cory, representing the Southern Pacific Railroad company.

After conferences between the various interests at that time the president and Edward H. Harriman reached an agreement that the Southern Pacific system should have the work done and that the company should use its influence to have the road reimbursed for its expenditures. The Southern Pacific made a claim for \$1,500,000 and the settlement was effected through Congress.

Paducah, Ky., March 11.—There was no attempt at harmony in the First district Republican convention today, and the Fairbanks and Taft factions separated themselves before the roll call on the national convention.

FOUR MEN ESCAPE FROM CELLS WITH SAWS

Spokane, Wash., March 11.—With saws supposed to have been given them while working on the streets at Ritzville, four men escaped from their jail for assault; Thomas Morse, awaiting trial for highway robbery; Jim McDonald and Dave Merry, serving time for stealing, saved their way through the bars of the Adams county jail and escaped through a hole forced in the brick wall this morning, and are still at large.

GOOD FOR EVERYBODY.

Mr. Norman B. Coulter, a prominent architect, in the Deibert Building, San Francisco says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for every body, and is especially good for the kidney disorders in a prompt and efficient manner and builds up the system."

TELLS OF ATROCITIES IN AFRICAN SLAVERY

Washington, March 11.—A vivid description of atrocities alleged to be perpetuated upon the slave laborers on copra plantations on the islands of Principe and Saint Paul, Portuguese West Africa was given in an address on children's lives in Africa by General Joubert Pinar of South Africa, tonight's session of the International congress on the welfare of the child, under the auspices of the National Mother's Congress.

RUSSIAN STATESMAN FOR JAPANESE ALLIANCE

St. Petersburg, March 11.—During a debate in the Russian duma on the raising the Russian legation at Tokio to an embassy, which eventually was passed, Mr. Gerasimov, the speaker, delivered a lengthy speech in which he said that, however distressing the sacrifices made by the Japanese, it must be acknowledged that Russia lost nothing of her historical inheritance, but only to other, previously belonged to Japan or geographically and economically situated in Japan.

business and, leaving my family thousands of miles away, I have consecrated my life to the freeing of the men and women that are daily being done to death, and the little children that I have seen beaten until the blood flowed to the ground." PLAN TO REFORM. The speaker said that he had formed an association with the intention of petitioning the Portuguese government, and on behalf of the slaves, to establish missionary settlements to civilize and Christianize them and to act as a guard over the slave trader, and to report the atrocities to the association.

S.S.S. A CERTAIN SAFE TREATMENT

S. S. S. is the only safe and reliable cure for Contagious Blood Poison. It is purely vegetable, made entirely from healing, cleansing roots, herbs and barks, and in addition to curing this vile disorder, S. S. S. builds up every part of the system. Mercury and potash cannot cure the trouble; they can only mask it in the system for awhile, and when they are left off the disease returns, usually, in worse form than before, and the patient finds he has damaged his health with these strong minerals, which disease the delicate lining of the stomach, affect the bowels, produce chronic dyspepsia and often set up Mercurial Rheumatism. It will not do to trifle with a disease so powerful as Contagious Blood Poison, for every day it remains in the blood it is progressing toward a dangerous stage, and will in the end get beyond the control of any treatment. S. S. S. cures blood poison in the right way, it goes down into the circulation and removes every particle of the virus. No bad results are ever experienced from the use of S. S. S. It is gentle and pleasant in its action, and forty years of cures warrant the statement that S. S. S. is not only a safe but a certain treatment. Home treatment book on this disease and any medical advice desired sent free to all who write.
