Crowd on Hand.

Yesterday afternoon's horse races at the fair track were the most interesting that have been pulled off in Salt Lake this year, and more than made up for the disppointment of former meets. The finishes of the harness and running events were close and exciting but the automobile races were a disappointment.

Probably the most interesting event on the program was the 2:22 pace and trot and a great deal of interest was centered in Topeka Maid, the horse picked as an easy winner. But those who had backed animal were greatly disappointed when the horse made a poor showing in the first heat. The driver was held remonsible and was accused of deliberately holding the horse back. He denied the and was fully vindicated when se quit cold in the next heat after a good start. The race was fin-y June Wilkes, Cold Storage and ied by June Wilkes, Cold Storage and orgs M. The first two heats were cred-d to the first named. In the third heat e horse seemed o tire and Cold Storage is rushed to the front a winner. The deciding heat uld not be run on account of darkness, d was posiponed until this afternoon. could not be run on account of darkness, and was postponed until this afternoon. The mile run was another very pretty race and the time of 1:46% is said to be the best ever made on a Utah track. Four animals started, and it was a toss up for three-quarters when Honest John. Argot and Baido made a rush for the wire. Argot looked like a winner but Honest John held his own and gradually forged ahead, winning by a nose from Argot. Although baseball has been gaining in popularity since the days of the Cincin-nati Red Stockings in 1869, baseball was not taken seriously in Pittsburg until 1876. The first team of prominence to rep-resent this city was sent out in that year and was known as the Zanthers. The toam was a salaried one and pulled off some great games with Wheeling and Ohlo towns. The success of the Zanthers stirred up the people of Allegheny, and the Alleghenies, with the late lamented Jimmy Gaivin on the slab, were sent forth to earn baseball renown. The Alleghen-ies captured second place in the Inter-state lengue, being defeated for first hon-ors by a Canadian team. I had constant racking bearing down pairs in the pelvie organs and a pull-ing through my limbs with frequent headaches. I felt sick at my stomach and yomited frequently and no medicine helped me until I tried Wine of Cardui. Then my general health improved, the pains gradually lessened and after 18 weeks I was well. I am now the happy mother of a boy eighter menths old and my busband joins me in sending heartfelt thanks to you for your spleadid medicine. Without it, I would have been a childless, instead of a happy and well mother. CHAPLAIN, ST. ANDREW'S ASSOCIATION.

It was not strange that Mrs. Nirdlinger should have a miscarriage after suffering nine years with ovarian troubles. This weakness made her unequal to the task of bringing a healthy child into the world. Bearing down pains and ovarian diseases result from the inflammation and consequent weakening of the muscles and ligaments which hold the female organs in place. They either fall of their own weight or some strain which would not be felt in health, causes the trouble.

By regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Nirdlinger. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist. But we want to say right here that while Mrs. Nirdlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. Will you take it? All druggists sell \$1.00 bottles of Wine of Cardui.
