LAST NIGHT'S DISPATCHES

EASTERN.

NEW YORK, 28.—Judge Fanchon has given an order for investigation into the sanity of Geo. F. Train.

A Washington special says the treasurer has decided to reduce the outstanding legal tenders to $356,000,000, by June first.

The ship *Java*, for Europe, takes out $835,000 in silver bars.

Four thousand emigrants arrived yesterday.

By the special "News trains" leaving at 3.30 a.m., papers will reach western cities six hours sooner than heretofore.

It is now believed that the bonds found on the burglar Brady, last night, were the proceeds of the robbery of the First National Bank at Glenn's Falls.

Mr. Gale, of 581 Broadway, called at the police head-quarters, and stated that he is a brother of Daniel Gale, whose bonds were stolen from the First National Bank at Glenn's Falls three years ago, and he thinks those found on Brady were a portion of the stolen ones; also that Elmore Platt, A. W. Black, and Harriet P. Baldwin, whose bonds were stolen, resided at Glenn's Falls at the time the robbery of the bank of $190,000, when the bonds were taken, and this is the first clue to them. The cashier of the bank has been telegraphed for to identify the bonds.

The gross receipts of the Pacific Mail Steamship Co., for the year ending May 1st, show an increase of over a million dollars compared with last year. The following are the nine Directors unanimously elected to-day, by the stockholders of the Pacific Mail Steamship Co.: Geo. H. Bradbury, T. W. Park, J. M. Burke, Chas. J. Osborne, Russell Sage, Geo. S. Scott, Geo. H. Palmer, Rufus Hatch, and J. D. Smith.

WASHINGTON, D. C. — Several hundred delegates of the Presbyterian General Assembly were received at the Executive Mansion to-day, by the Members of the Cabinet, the President being absent. Rev. Dr. Nichols delivered a short address in behalf of the delegates, which was responded to by Secretary Fish.

CAMDEN, Me., 28.—The coroner's inquest in the Warren murder rendered a verdict that Dr. Baker came to his death by means of a pistol in the hands of Lucy Ann Mink.

CINCINNATI, 28.—A fire at Carlisle, Ky., this morning, destroyed the depot building, express and telegraph offices, grocery of Rogers, Bank & Co., F. M. Peale's dry goods store, a millinery and tailor shop, and three dwellings; the losses are mostly covered by insurance. A disastrous fire occurred at the same place several months ago.

NEW ORLEANS, 28.—A dispatch from West's Station announces the burning of the business portion of the town of Valden, Miss., at one o'clock this morning; loss $75,000, insurance $35,000.

INDIANAPOLIS, 28.—The National Agricultural Congress convened at the House of Representatives, at nine o'clock this morning. In the absence of the President, Vice-President Garland, of Illinois, presided. A committee on credentials, consisting of Messrs. Wheeler, of Nebraska, Jackson, of Tennessee, Williams, of Indiana, Bliss, of Vermont, and Stevens, of Minnesota, were appointed.

WHEELING, Va., 28.—A fire last night, about 11 o'clock, destroyed the driving house attached to Kline's keg factory, at Martin's Ferry, opposite this city.

NEW YORK, 28.—The result of the Pacific mail elections shows that the control of the institution is in the hands of Jay Gould. Captain Bradbury, for years commodore of its fleet, is to be President. Stockwell is thrown out completely, and is reported to be in a bad fix financially. The annual statement of the Company shows that the cash assets, including coal and other supplies, bills receivable and so forth, are $3,841,448; that $2,472,930 have been paid on steamers now building, leaving $2,027,069 yet to be paid; therefore that the Company holds $2,009,831 in real estate, and computes the value of its fleet at $11,651,592, which with outside matters brings the total assetts to $20,363,008. The gross receipts of the year are $4,822,805, against $3,685,707 the previous year. One hundred and fifty-one thousand eight hundred and two shares were voted at the election, all for the ticket already chosen.

BOSTON.—The Boston eight-hour league, at a meeting to-day, discussed a resolution which anticipates that the voting power of the masses will be openly or covertly assailed in the next constitutional convention, with propositions to qualify the suffrage, increase the number of officers to be elected by the people, and that an aristocracy of wealthy Republicans and Democrats will stand on these high-minded usurpations. The only hope for pure elections, incorruptible legislatures, less violence, crime and misrule is the reduction of the hours of labor, wherever public opinion and legislation can properly interfere.

WASHINGTON.—The secretary of the interior, in his letter to the governor to-day, again requesting him to pardon Satanta and Bigtree, the Indian chiefs, now confined in the Texas penitentiary, explains, in addition to the recently published statement on the subject, that the first request, dated March 22nd, was revoked on the 14th of April in consequence of the excited condition of public sentiment at the time, growing out of the Modoc difficulty, and because of some objection to the pardon of Satanta and Bigtree by Gen. Sherman.

Secretary Delano goes on to say, "I cannot omit to add that, in my opinion, a failure to effect their release under existing circumstances, will endanger our present peaceable relations with the Kiowas and Comanches, and will be likely to result in hostilities with these and other tribes residing in Indian territory. I have therefore, respectfully to renew my request for their pardon, and to express my sincere hope that your judgment will approve the same."

The orders for postal cards received at the P. O. department aggregate twenty-four million, about eight millions; thus far have been sent to the postmasters.

BALTIMORE.—To-day was the second day of the spring meeting of the Maryland Jockey Club. The first race, one and a half miles, all ages, was won by Fadladeen, Jury second and Wynne third, time 108½, 145½, 147½. The fourth race, a dash of two and a half miles, all ages, was won by Village Blacksmith, beating Teetotal, time, 4.54.

WASHINGTON, 28.—Attorney General Williams has given no opinion whatever to Congressman Wilson of Oregon, or to any other person, favorable to transferring the Modocs who have surrendered or who may be captured, to the authorities of that State to be tried for murder. The treatment of these savages is with the military, and no question has yet been presented concerning them.

The Secretary of the interior, to-day, formally approved the awards for the Indian supplies and transportation made in New York city recently, by the Commissioners of Indian affairs, against which James B. Harlan and other persons had filed a protest. Secretary Delano, in his letter to the Commissioner of Indian affairs, communicating his approval, quotes the acts of Congress which gives the Board of Indian Commissioners large power and control over the purchase and expenditure of the Indian bureau, and says, "The Board of Indian Commissioners have assumed this duty, they delegated a committee of their board to supervise your awards. On the occasion referred to this committee was present and performed the duties assigned to it, and as I am informed, you made no award without its concurrence. In addition to this you had the advice of Hon. B. R. Carson, assistant Secretary of the Interior, who was detailed to this duty by this Department, and who concurred with the committee of the board of Indian Commissioners in all instances. Under such circumstances, I cannot, without very satisfactory evidence of error or injustice, feel justified in over-ruling the decision of the Commissioner of Indian Affairs. After a careful review of the case as presented by the protestants, of your report, by the opinion of the assistant attorney-general, I found nothing in the case which, in my opinion, would justify me in over-ruling your decision in reference to these awards, and I therefore affirm it."

EUROPEAN.

MADRID, 28. — The government army in the north, commanded by Gen. Howell, has received reinforcements, and has marched for Calaf in pursuit of the Carlist force under Tristany.

LONDON, 28.—Sir James Duke, Lord Mayor of London in 1848, and for many years a member of Parliament, died to-day, aged 88.

LONDON.—The betting just before the start was 4 to 1 against Doncaster, 7 to 2 against Kaiser, and 2 to 1 against Gangforward. Twelve horses ran. The race was finely contested. All the animals started well together, Beadroll heading to Tottenham corner. At a distance of two hundred yards from the finish Doncaster, Gangforward and Kaiser were nearly abreast; when a hundred yards from the stand Doncaster spurted and came in amid the wild cheering of the multitude, winning the race by half a length, time two minutes and fifty seconds.

PARIS. — The Conservatives intend to propose a law, making the President irresponsible to the Assembly for his acts.

It is rumored that a motion will be made in the Assembly to proclaim the republic, and to confirm McMahon as President for the term of five years.

MADRID.—The *Gaceta* promulgates a decree which prohibits the granting, hereafter, or the use in official documents, of titles of nobility.

The republicans have sent a deputation to Espartero, urging him to accept the Presidency.

The Spanish government has authorized the creation of another society for the abolition of slavery in Porto Rica.

The Carlist chief Dorregary is marching on Lagrona, with a large force. The national troops are concentrating to attack him before he reaches the city.

LONDON.—Austin Byron Bidwell, the alleged bank forger, was brought up at the Guildhall to-day, and formal testimony was taken establishing his identity and he was remanded to jail.

In the libel case of Keene vs. Archbishop Cullen, the plaintiff was awarded one farthing damages.

A bill has been filed in Chancery against the Anglo-American Cable Co., to prevent the amalgamation of its stock with that of the Newfoundland and the French Atlantic Telegraph Company.

BRUSSELS.—A terrible boiler explosion occurred in a crowded workshop here to-day; fourteen persons were killed outright and many injured, some of whom will die.

CONSTANTINOPLE.—Thirty houses have been destroyed by fire in Stamboul.

CANADA.

ST. JOHNS.—The Newfoundland government have notified the New York, Newfoundland and London Telegraph Company, that if they will not abandon their monopoly of landing cables on Newfoundland, they, the government, will exercise their pre-emption right.

QUEBEC. — Recent heavy rains have swelled the river and caused an immense destruction of property. The Gosford railway bridge, over the Jacques Cartier river, is reported swept away, also the government dam at the mouth of the St. Maurice river, and a number of extensive saw mills.

TORONTO.—The body of W. H. Jacques, the well-known forwarder of this city, was found by a boy this a.m. He disappeared on Monday night, and as his watch and other valuables are missing, foul play is suspected.
