

NEWS NOTES.

Eastern Switzerland is afflicted with the locust plague, and nearly all the grain has been destroyed. There has not been any one hanged for a great many years in Iowa, and they complain a great deal about it.

Dio Lewis thinks the country is rapidly approaching that condition in which it would be willing to shut up the churches and defy the rum shops.

The Supreme Court of Virginia has ordered a grocer to pay \$12.50 and costs, for selling oil as non-explosive, which afterward exploded and injured a woman.

Ex-Governor Holden is the only man now in North Carolina debarred from voting or holding office, he having been impeached by the legislature a few years ago.

The directress of a female industrial school in Paris was sentenced to pay a fine of 100 francs, and to suffer an imprisonment of three months for ill-treating the children.

Colonel Baker pays the following sums for his paroxysmal railway ride in England: Value of his commission, £9,000; fine, £500; cost of prosecution, £1,500, and of defense, £1,000. Total, say, \$60,000. Here they give them \$100,000 prizes.

In the Superior Court at Fitchburg, recently, a tramp, who was tried for an attempt to enter a blacksmith shop in Northbridge, told so pitiful a story as to secure an acquittal from the jury and also contributions of money from the spectators in the court.

A tourist stopping at an establishment at Enghein, France, where throat diseases are said to be cured by inhaling the fumes of a sulphur spring, passed an hour in the reception instead of the inhaling room, and when informed of the mistake declared that the bronchitis had left him anyway.

The story that the Duke of Edinburgh had sold his birthright of the dukedom of Saxe-Coburg-Gotha to the German Empire for £80,000 originated with a Berlin newspaper. The *Official Gazette* of Coburg pronounces it wholly false and without foundation.

A girl of sixteen, beautiful and intelligent, daughter of a prominent and wealthy citizen of Baltimore, was recently rescued from a notorious house of ill fame, having been induced to enter the house by Minnie Warren, the woman who kept it. The police of that city say such cases are of frequent occurrence. Minnie ought to be killed.

Admiral Tom Trump, or Jean Hanneau, the London *Standard* says, is six inches shorter than Tom Thumb, and is attached temporarily to the toy navy on the Serpentine. He was born in Holland, April 23, 1839, is vivacious and intelligent, and speaks five languages fluently.

The following is a portion of an advertisement that lately appeared in a London newspaper: "This is a contrivance which, applied to the nose for an hour daily, so directs the soft cartilage of which the member consists, that an ill-formed nose is quickly shaped to perfection. Any one can use them, and without pain."

Victoria Anderson, a rope dancer from Sheffield, who will be remembered as the "Queen of the Lofly Wire" at Barnum's Hippodrome, aged twenty-three, fell, Monday, August 9, from a velocipede on a rope eighty feet high, on which she was performing. She was fearfully injured and died shortly afterwards.

In July a diver, in submarine armor, working at a wreck on the coast of Normandy, was seized by a devil fish, which held fast to a neighboring rock. His comrade came to his assistance and was seized also. It was only with great difficulty that they could give the signal that they needed help. Others went down. Cutlasses were brought and the monster's arms were hewed off.

Dr. W. A. Hammond, of New York, received a couple of burglars with a revolver the other night, and indulges in the fond hope that one of the villains was wounded. Revolvers are very useful at short range, but as an effective weapon for such emergencies commend us to a full-grown double-barreled gun, loaded with buckshot. After a burglar gets peppered a few times with an allopathic dose of this kind

he will be very apt to go into some other line of business.—*Washington Star*.

Mrs. Scott Siddons has distinguished herself as a volunteer rifle-woman. The Biddeford and Torrington Rifle Corps have just obtained a new long range, which has been formally opened by Mrs. Scott Siddons. In the presence of Sir Edward Green, the local gentry, and the officers and men of the respective corps, Mrs. Siddons took a Martini-Henry rifle and fired at the target, making a bull's-eye the first time and a centre with her second. She was loudly cheered, and the Devon Volunteers boast that they have now in their county the best marksman and the best markswoman in England.

THE BANK OF CALIFORNIA ARRAIGNED.

The Bank of California used its influence on the side of those who wished to carry California out of the Union in the beginning of the Rebellion.

The Bank of California was the chief cause of the Government Greenback currency being rejected in California.

The Bank of California was the instigator and fosterer of mining speculation in the Golden State that robbed thousands to make a few rich.

The Bank of California was mixed up with all sorts of wild schemes by which honest men were the losers and rogues benefitted.

The Bank of California undertook to rule the politics of the Pacific Coast as it had sought to rule everything else.

And now the Bank of California has collapsed suddenly, and left nothing behind but an all-pervading stench. Ralston, the President, is an Ohio man. We do not mention it as any honor to the State which has produced so many honorably distinguished men, but only as a melancholy fact.—*Cleveland Herald*.

Do Justice Even to Mormonism.

We can afford to allow justice to all persons and all questions. No one could have a stronger personal hatred of polygamy than myself. But I am willing to consider all arguments pro and con. This consideration is not granted by your two late correspondents from Utah.

The Mormon claims that he adopts polygamy in order to give to every woman a chance to become a wife and mother. However it may be claimed that, taking the world together the sexes are numerically equal, yet we don't get the world together so as to make it so. Meanwhile, if the logic of men is good that women are constituted alone for wifehood and motherhood, polygamy only gives Woman an opportunity of fulfilling her destiny.

Again, if, as men themselves shamelessly assert, houses of prostitution are a "necessity," far, far better obviate that hellish necessity by the comparatively pure practice of the Mormons.

And it is a blessed comfort to know that women are at least politically free in Utah. Neither has our government anything to do with family regulations in which lie the consent of all concerned, or, if it has, why does it not first interfere with the Oneida Community in the very heart of the States, which is incomparably worse than Salt Lake?

An ingenious young Mormon, who reads the *Journal* closely, said to me: "I am sorry that those ladies are unfair. You can find Mormon homes as merry as other homes." He liked the sensible article of H. B. B. and said: "Yes; convince us we are wrong and we will abandon a practice which has its trials for men as well as for women. But nothing will strengthen us like persecution."

SHAWANEBEKE.
Oak Cottage, Ithaca, N. Y.
—*Woman's Journal*.

A bereaved New York woman went to her minister asking him to come and perform the funeral service of her fourth husband, he having officiated for the three who had previously disappeared from public view. "Why, madam, how is this?" asked the repentant gentleman. "Ah, its mighty bad," she replied. "There never was a poor woman worn down with such a lot of dying men as I've been."

Notice to the Public!

THREE YEARS' EXPERIENCE HAS TAUGHT US THAT WE CANNOT DEAL IN TWO different makes of wagons with satisfaction to the manufacturers, ourselves and the public.

Therefore, we shall hereafter only buy and sell the

FISH BROTHERS WAGONS.

They have been so steadily and deservedly growing in favor, that we find it next to impossible to sell any other wagon. Ask any person who has bought one for the last two years, and he will tell you he has never had a tire or spoke loose, or a wheel broken or out of repair. He will tell you that the Fish Brothers Wagons run the easiest, and are the best in all respects.

The balance of our stock of Mitchell Wagons on hand we offer for sale at cost.

We thank the public for its generous patronage in the past, and shall try to deserve your kind favors in the future. We know from the letters written us, and the thousands of words of commendation received from purchasers, that in offering you the FISH BROTHERS WAGON we offer you

The Best Wagon on Wheels!

NOTICE TO AGENTS.

We sell no wagons on commission. Fish Brothers' Wagons don't need to go round the country begging for purchasers. We can sell outright all the wagons the manufacturers can furnish us and supply their other demands, and when a wagon leaves our yard, it is sold.

Yours very respectfully,

JOHN W. LOWELL & CO.
