

GARRISONS IN SAMAR ISLAND.

Over Twenty Points Have Been Occupied.

MALVAR WILL SURRENDER.

Gen. Haeltermann, a Belgian, Has His Sentence Commuted to Life Imprisonment.

Manila, July 17.—A line of operations in the island of Samar has been furnished to the correspondent of the Associated Press by Maj. Noble, adjutant general of the department of the Visayas.

Gen. Chaffee, acting upon the recommendation of Gen. Hughes, has ordered the construction of several trails across the island to connect points now occupied by natives friendly to the Americans.

The influence of the insurgent general, Malvar, who is still at large, have telegraphed former insurgent leader Trias, now in Manila, that Malvar is willing to surrender to the Americans.

Gen. Corbin explained to the correspondent of the Associated Press that the chief purpose of his visit to the Philippines was to get in better touch with the details of the situation, and to further the desire of the administration for greater economy in the army of the Philippines.

Gen. Corbin has been invited to accompany the members of the civil commission on a trip to the northern part of Luzon island. Gen. Corbin will probably decide to visit the southern islands of the archipelago.

When questioned about this order today, Aguinaldo said to the correspondent that he had always been considerably of the opinion that the execution of all these prisoners.

RELIGIOUS RIOTS IN SPAIN.

One Carlist Killed and Fifty Persons Wounded.

Saragossa, Spain, July 17.—Senior Cervera, a Carlist, was killed and fifty other persons wounded in a riot today between Catholics and free thinkers in Saragossa.

Great Heat in England.

London, July 18.—Although Scotland and Ireland have recently enjoyed local rain storms, there is no prospect for rain in the midland and southern parts of England, and a steady increase of heat for several days to come is predicted.

ARTIST FAHER KILLED.

A Watchman Apparently Wantonly Shoots the Old Man.

New York, July 18.—Gottlieb Faher, a landscape artist, was shot and killed in front of his home at One Hundred and Sixty-first street and Broadway last night by Thomas McGurk, 81 years old, a watchman employed by the contractor who is cutting the Washington Heights section of the Rapid Transit tunnel.

RELIGION IN JAPAN.

Ep. McKim Says Awakening Can't be Regarded as Permanent Effect.

New York, July 18.—The Right Rev. John McKim, episcopal missionary bishop of Tokyo, Japan, has arrived in this city on his way to the general conference of his church, which is to be held in San Francisco early in the fall.

The religious awakening of which Japan has heard so much, can hardly be regarded as of permanent character.

Lightning Kills Three People.

Arthur, Ill., July 17.—Robert Cook, Charles Swisher and Charles Scott were instantly killed by lightning this afternoon while seeking shelter in a barn from a severe electric storm north of this city.

Brazil's Chamber of Deputies Dismisses Charges Against Him.

New York, July 18.—A dispatch to the Herald from Rio Janeiro says: The chamber of deputies has dismissed the charges preferred by Adm. Mello against President Campos Sales.

PROFESSOR SMITH, OF GEORGIA, CURED OF NERVOUS PROSTRATION.

PROF. A. M. SMITH.

Hon. A. M. Smith, Principal Fuller Academy, of Vezay, Ga., writes: "Allow me please to express to you my sincere thanks for your wonderful life-giving medicine, Peruna."

"For the past two or three years I have been troubled with nervousness at times resulting in almost nervous prostration. Recently I have had very severe attacks and was induced by a friend to try Peruna. This I have done with more than satisfactory results and consider Peruna the best medicine on the market to-day for what it is recommended."

"I have a brother who thinks it is the greatest thing in the world. To all who suffer with nervousness in any form I would say 'use Peruna.' With best wishes and many thanks for your splendid medicine, I remain sincerely, A. M. Smith."

Hon. Martin W. Wheelock, of Montpelier, Vt., in a letter to The Peruna Medicine Co., says: "I have always had a strong antipathy against giving any testimonial in regard to proprietary medicine, but after much investigation I was convinced largely upon the proper organization of the system of management."

Victoria, B. C., July 18.—News has been brought here of incursions of Russians into Szechuan from Tibet after fights with the Tibetans in which the Russians appear to have been in danger of being worsted but they not been relieved by the good offices of Chinese officials.

Plan for a Hat Combine.

New York, July 18.—The hat manufacturers of the country are now talking combination and should the plans now being discussed by the manufacturers of New Jersey and Connecticut materialize another gigantic corporation will be added to the list.

that yours was worthy. I have been troubled with what is termed post nasal catarrh, causing an oppressive feeling in the head and considerable nervousness and sick headache.

"Noting the wonderful testimonials from eminent men regarding Peruna, the great remedy for catarrh, I concluded to and did try a bottle of Peruna. I must acknowledge that the medicine seems to possess tonic, warming and remedial virtue in excess of other medicines and that the use of Peruna in my case has been advantageous and that I have faith enough in its medicinal virtue to continue its use."—Martin W. Wheelock.

Mr. John F. Schmidt, of Carthage, Ohio, says: "Peruna has saved my life. For five years the best doctors had pronounced me incurable. I suffered with a complication of diseases—palpitation of the heart, nervousness, weakness and dyspepsia. A few bottles of Peruna cured me. Peruna cannot be beaten as a tonic. I have gained forty pounds since taking Peruna."

In a later letter he says: "I am in the best of health since I have taken Peruna. I weigh 185 pounds, but I will never be without Peruna in the house."—John F. Schmidt.

Peruna is a Natural and Efficient Nerve Tonic.

Peruna strengthens and restores the activity of every nerve in the body. Through the use of Peruna the weakened or overworked nerves resume their natural strength and the blood vessels at once begin to regulate the flow of blood according to Nature's laws. Congestions immediately disappear. All phases of catarrh, acute or chronic, are promptly and permanently cured.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

PROSPECTS FOR CANAL TREATY.

Lord Pauncefoot Thinks That They Are Very Good.

CONFERS WITH LANSDOWNE

Now in Middle of Negotiations—Looks to Go Against Sentiment of the Senate.

London, July 17.—Lord Pauncefoot, British ambassador to the United States, made the following statement tonight to a reporter of the Associated Press:

"I have had conferences with the Marquis of Lansdowne, not only with reference to Nicaragua, but also with regard to half a dozen treaties pending between Great Britain and the United States. These are chiefly concerned with West Indian reciprocity arrangements."

When asked if he thought there was any possibility of arriving at an agreement regarding the Nicaragua canal before Congress reconvened, he replied: "Yes, I sincerely hope so. We are now in the middle of the negotiations which, although they have not reached any tangible result, show good promise. Naturally I may not disclose the details, but I may say that when I return to the United States at the end of October I hope to take with me a Nicaragua treaty that will meet the views of both sides. It goes without saying that the President has made himself cognizant of the opinions of the Senate and of the secretary of state."

"There is no use wasting time over treaties which the Senate is likely to reject. It goes without saying that the President has made himself cognizant of the opinions of the Senate and of the secretary of state."

PROF. OSCAR TRIGGS GETS VERY WILD.

Says Hymns of Protestant Churches Are Doggerel.

MOST POETRY UNORTHODOX.

He Declares That Dime Novels Are Literature When Compared to Sunday School Books.

Chicago, July 17.—Prof. Oscar L. Triggs, of Chicago university, who some time ago compared John D. Rockefeller to William Shakespeare, today informed the class in English literature at the university that the hymns of the Protestant churches are doggerel, and that dime novels are literature when compared to Sunday school books.

Prof. Triggs had been asked by a number of the class whether orthodox people could read Walt Whitman. "I take it for granted," replied the professor, "that there is not a number of this class who does not hold heterodox views. If you did not you would not be here, since the study of literature has no place in the education of an orthodox person. You can find little poetry that is not unorthodox. Of course there is a vast deal of songs and hymns, but no poetry. The great bulk of church hymns is mere doggerel, pure and simple. Take Watts for example."

"The same connection can be named the Sunday school books. The dime novel is preferable to the average Sunday school story, because the dime novel may become literature, while the Sunday school book never can hope to be."

Prof. Triggs later said that college professors and students could enjoy poetry and fiction, because they were half pagan. "Our whole modern civilization is a mixture of Christianity and paganism," he said, "and the Christian spirit by no means dominates. This fact was recently shown by the conduct of the so-called Christian nations in China. It is well for our civilization that it is thus blended of pagan and Christian ideas. It makes a better and stronger civilization. It would not be well if all men were Christians."

TRADE WITH RUSSIA.

Statistics Show that It Has Fallen Off Recently.

St. Petersburg, July 14.—(Correspondent of the Associated Press.)—The daily organ of the ministry of finance publishes statistics of the falling off in the American export trade which, it stated, began in October, 1900, and became more marked in April, 1901. No mention is made of the Russian discriminating duties which became effective in March and it is not clear what the article is intended to prove. Attention is directed to the fact that the falling off was especially marked in April and May, 1901.

The decrease of the exports from the United States, first noticed in October last, attained in April, 1901, a rather important figure of 5,000,000 rubles less than during the same month of the year 1900. The total amount of exports from America was \$34,416,279, or 29.15 per cent of the whole export of the United States, against \$38,424,289, or 33.44 per cent of the total export in April, 1900. The total amount of the export for ten months of the fiscal year 1900-1 shows a decrease of more than \$12,000,000 against the items of 1899-1900 (\$759,319,614 against \$871,319,614). But the same export to the United States, amounted to only \$244,411, against \$343,888, of the same month in 1900; steel wires to \$285,567 against \$311,448 in the past year; small articles for building business to \$750,821 against \$808,821; machinery work metals \$267,587 against \$612,587 of the previous year; pumps, \$195,298 against \$262,184; sewing machines, \$200,097 against \$354,322; other machines \$1,586,957 against \$1,852,116.

OFF FOR NORTH POLE.

The Baldwin-Zeigler Expedition Leaves Tromsø.

Tromsø, Norway, July 17.—Shortly before midnight last night the ships of the Baldwin-Zeigler Arctic expedition weighed anchor and with the Stars and Stripes and Norwegian flags at their mast, steamed off to the north. As they left the harbor, the crews of the other vessels there gave the expedition a parting cheer.

Evelyn B. Baldwin, chief of the expedition, was in excellent spirits. His last words to a representative of the Associated Press were that he had full faith of reaching the North Pole. The American will proceed first to Archangel, in Russia, and then return to the island of Valdeø, off the coast of Norway, whence the final departure for Franz-Josef land will be made.

Touching the expedition, the American and the Belgian will pick up the Frithjof and all three vessels will proceed northward together.

Tea Imports Statistics.

New York, July 18.—According to statistics in reports to the treasury department, next to New York, Chicago and San Francisco, the port of Boston stands at the head of the ports ranking below the three leading ones as a tea port. The amount of tea passed at Boston during the six months ending June 30, 1901, was 236,524 pounds, and it was not found necessary to make any rejections. Japan tea made up 105,184 pounds of the importations at Boston; Ceylon, 85,912; India, 85,012; and China, 23,816 pounds. St. Paul ranks next, with no rejections on importations of 27,918 pounds. Japan made up 22,873 pounds of this amount and China 4,045 pounds.

A Cure for Summer Complaint.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye verber. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal.

The Hot Weather Test.

Makes people better acquainted with their resources of strength and endurance. Many find that they are not so well off as they thought and that they are easily enervated and depressed by the heat.

What they need is the tonic effect of Hood's Sarsaparilla which strengthens the blood, promotes refreshing sleep, overcomes that tired feeling, creates appetite.

WALKER'S STORE.

Store Closes During the Summer, on Saturdays at 6 p. m.
