Reid, prosecuting attorney for Sanpete County, for the sum of \$75, for services rendered in assisting in the prosecution of Follett and Farmer, charged with murder, and recommended that the same be placed in the appropriation bill.

Mr. Hammond thought these matters should be attended to by the county courts. Should this claim be allowed there would be no end of such applications, and if the salaries of the prosecuting attorneys were not sufficient to reimburse them for their labors then the county courts should provide such relief.

Mr. Sharp believed it had been the custom to allow claims of this kind, but would like the question laid over till Wednesday.

Mr. Francis stated that a number of claims of this kind had been allowed, and remembered the circumstances and the names of the attorneys who had petitioned former Legislatures, and been compensated for such labors as Mr. Reid now petitioned for—some individuals to the amount of \$2,000.

CORRESPONDENCE.

EMERY COUNTY ITEMS.

HUNTINGTON, Emery County, Utah, February 19, 1886.

Editor Deseret News:

Spring time has come, the weather is beautiful, and seed time is upon us, for which reasons the farmers feel to rejoice, and give thanks unto God for his goodness, in overruling all things for the good of His people.

We have three very

GOOD SCHOOLS

here, taught by competent teachers. There are about 150 scholars in attendance, and quite a few children of school age who do not attend. Our Sunday school is also very well attended, and our greatest trouble is to find room for all those who come. Our Y. M. and Y. L. M. I. Associations are also in good running order and well attended, which is also the case with our Relief Society and Primary Meetings. We have also a Seventies quorum presided over by President J. P. Wimmer, an Elders' quorum, presided over by President J. L. Brasber. The brethren seem to be trying hard to prepare themselves for the great work destined to fall upon the Latter-day Saints.

If it was not for the

CRUEL CRUSADE

that is being waged against the people called "Mormons," Utah could soon be made the most beautiful spot on earth.

We understand it is necessary for the persecutions of our enemies to come upon us, else how could the Church be purified, and although it makes us feel bad, and sometimes revengeful, to see and know how our brethren and sisters are persecuted and vilified by the temporary governor, judges and marshals and others who are now placed to rule over us, and who, to the worldly eyes have all power to crush the "Mormon" people, yet we cannot but feel to rejoice because we know it is one of the signs of the near coming of our Lord and Savior, who will bring peace to earth and good will to men. In that day our beautiful marshals will beg for the chance to crawl through the dust to ask a "Mormon's" forgiveness for the misery and hardship they are heaping upon them now. They would do well to read the seventh chapter of St. Matthew. Perhaps it is not too late.

Was not the hand of God made manifest on the 24th day of July, 1825, when not only Utah, but the whole of the United States placed their flag at half mast—the very thing which the "Mormons" had previously been forbidden to do, and over which a war cry had been raised and men were armed and drilled and laid ready at a moment's notice to march to dreuch Utah in blood, if the "Mormons" dared do such a thing.

Has there not been a great deal said for years about the "Mormons" said

UNITING CHURCH AND STATE?

Why is not that same howl raised against Senator Edmunds for introducing into, and by misrepresentation, getting passed through the Senate a bill for that very purpose? It provides among other things that the nation's chief magistrate shall appoint fourteen trustees to co-operate with the thirteen trustees of the "Mormon" church for the manipulation of its funds. What is this but a union of church and state?

Notwithstanding all this we have in Castle Valley green grass four to five inches high; the people are preparing to put in their crops as usual; we have a gardeners' club organized, and expect our fathers at Washington to furnish us a few seeds, at least we have the assurance of some from our Hon. Delegate, John T. Caine. Colts and calves continue to come, our hens lay as usual, and last, but not least or inferior by any means, we have a host of bright and intelligent children and expect many more, as there is room here yet for several hundred additions in this line.

I almost forgot to mention that there are a few young bloods in this region—new-comers, too, at that—who are ambitious for county office, who, we understand, are going to force the Legislature to take part of Emery, Utah, Wasatch and Sanpete counties to make

A NEW COUNTY

of their own. There are but very few, if any, of the permanent settlers of this county who would think seriously for one moment of such a thing, and there is now a remonstrance being signed by hundreds that they do not want such a thing to happen, provided those parties who live in the northern part of Emery County, and who would like to show their ability to "run" a county, present such a measure to the Legislature.

The people of Huntington do not want it, and we have good reason to believe that the people of Price will sign a remonstrance against it. We are satisfied with our county organization as it is, and do not want it changed, the reason I mention Huntington and Price is that those two settlements are in the portion of Territory about to be asked for. Offers have been made to parties here, that if they would use their influence to get the people of Huntington to sign a petition asking for a division, they (the agitators) would use their influence to get them into office, but the bait had no attraction.

Very respectfully, W. H.

WHAT WARNER'S SAFE CURE CURES AND WHY.

Congestion of the Kidneys, Back Ache.

Inflammation of the Kidneys, Bladder or Urinary Organs.

CATARRH OF THE BLADDER, GRAVEL, STONE, DROPSY, ENLARGED PROSTATE GLAND, IMPOTENCY OR GENERAL DEBILITY, BRIGHT'S DISEASE.

WHY? Because it is the only remedy known that has power to expel the uric acid and urea, of which there are some 500 grains secreted each day as the result of muscular action, and sufficient if retained in the blood to kill six men. It is the direct cause of all the above diseases, as well as of Heart Disease, Rheumatism, Apoplexy, Paralysis, Insanity and Death.

This great specific relieves the kidneys of too much blood, frees them from all irritants, restores them to healthy action by its certain and soothing power.

IT CURES ALSO Jaundice, Enlargement of the Liver, Abscess and Catarrh of the Bile Ducts, Biliousness, Headache, Furred Tongue, Sleeplessness, Languor, Debility, Constipation, Gall Stones, and every unpleasant symptom which results from liver complaint.

WHY? Because it has specific and positive action on the liver as well as on the kidneys, increasing the secretion and flow of bile, regulates its elaborating function, removes unhealthy formations, and, in a word, restores it to natural activity, without which health is an impossibility.

IT CURES ALSO Female Complaints, Leucorrhœa, Displacements, Enlargements, Uterations, Painful Menstruation, makes Pregnancy safe, prevents Convulsions and Child-bed Fevers and aids nature by restoring functional activity.

WHY? All these troubles, as is well known by every physician of education, arise from congestion and impaired kidney action, causing stagnation of the blood vessels and breaking down, and this is the beginning and direct cause of all the ailments from which women suffer, and must as surely follow as night does the day.

Why Warner's Safe Cure is acknowledged by thousands of our best medical men to be the only pure blood purifier, is because it acts upon scientific principles, striking at the very root of the disorder by its action on the kidneys and liver. For, if these organs were kept in health all the morbid waste matter so deadly poisonous if retained in the body, is passed out. On the contrary they are deranged, the acids are taken up by the blood, decomposing it and carrying death to the most remote part of the body.

WHY 93 per cent. of all diseases which afflict humanity, arise from impaired kidneys, is shown by medical authorities. Warner's Safe Cure, by its direct action positively restores them to health and full working capacity, nature curing all the above diseases herself when the cause is removed, and we guarantee that Warner's Safe Cure is a positive preventive if taken in time.

As you value health take it to avoid sickness, as it will at all times and under all circumstances keep all the vital functions up to par.

We also Guarantee a Cure and beneficial effect for each of the foregoing diseases, also that every case of Liver and Kidney trouble can be cured where degeneration has not taken place, and even then Benefit will surely be Derived. In every instance it has established its claim.

AS A BLOOD PURIFIER, particularly in the spring, it is unequalled, for you cannot have pure blood when the kidneys or liver are out of order.

Look to your condition at once. Do not postpone treatment for a day nor an hour. The doctors cannot compare records with us. Give yourself thorough constitutional treatment with Warner's Safe Cure, and there are yet many years of life and health assured you!
