MORE ROOM FOR B. Y. U.

The matter of more room for the Brigham Young university was brought up at the meeting of the board of trustees held here Saturday, and after some discussion, the matter was left with a committee consisting of Presi-dents Brimhall, and Professors Keeler and Winching dents Brimhall, and Professors Keeler and Hinckley, associates in the presi-dency, and Prof. Horace Cummings, superintendent of Church schools, and this committee is now considering ways and means. That additional room is reeded goes without saying, as the ca-pacity of the present buildings is only for 1,000 students, and there are over 1400 enrolled with the almost cortain

for 1,000 students, and there are over 1,400 enrolled, with the almost certain prospects of the enrollment reaching 1,500 before the end of the year. A \$75,000 building is needed, to be used for advanced students in college work. That the faculty and trustees are interested in the school in a com-mendable degree is shown by the fact that the faculty has contributed \$500, and the trustees \$500 for additions to the laboratory of physics.

IRRIGATION DAMAGE SUIT.

The suit of J. E. Phillips for \$130 damages against the Timpanogos Ca-nal company for alleged failure to de-liver to plaintiff water for irrigation is being heard in the Fourth district court.

MRS. FLEMING'S FUNERAL.

There was a good attendance of rela-tives and friends at the funeral services over the remains of Mrs. Julia A. Flem-ing, held in the First ward meeting-house yesterday. The following speak-ers addressed the congregation: Elders Roger Farrer and John B. Milner, Bish-op Albert Manwaring, President David John and Bishop O. H. Berg. Vocal se-lections were rendered by the ward choir.

DEATH OF W. R. PATTEN.

DEATH OF W. R. PATTEN. W. R. Patten, a man apparently about 37 years of age, who was commit-ted from Salt Lake to the state mental hospital, about a week ago, died Wed-nesday from exhaustion. Nothing is known of the man except that a letter was found on him from Sina Wilder, Americus, Georgia. A telegram an-nouncing his death was sent to that ad-dress and an answer received directing that he be buried here. The burial took place today,

and investors are being widely advised that an upward movement would be entirely justified in view of all the facts. The unprecedented earnings of facts. The unprecedented earnings of the producing companies during the year just past were made upon the basis of an average price of 19% cents. There is no apparent reason why these earnings should not increase materially, and the public is quite likely to ac-cept this view of the matter in the near future.

UNITED STATES EARNINGS.

For the Year 1906 the Net Returns Amounted to \$3,500,000.

A statement issued from headquarters shows that the net earnings of the United States Smelting, Refining & Mining company for the calendar year and fiscal year of 1996 of \$3,500,000 ore equivalent to 7 per cent (\$1,643,334) on the 469,527 share of preferred stock and the 469,527 share of preferred stock and $10\frac{1}{2}$ per cent on the 350,473 shares of

In the 1905 year net earnings amount-ed to \$2,892,138. It is understood that the estimated net earnings of \$3,500,000 for the 1906 year were after naking possible allowance for depreciation, etc. A director and one of the largest stockholders of the company says: "If stockholders of the company says: "If the price of copper is maintained dur-ing 1907 at around its present price. I estimate that the United States Smelt-ing, Refining & Mining company will earn between \$5,000,000 and \$6,000,000, making allowance for our increased ca-pacity this year in all the departments of our business. We should derive sub-stantial results before the close of the year from the Read del Monte and the Richmond-Eureka properties. Engl-neers who have recently visited the neers who have recently visited the Read del Monte property place a value thereon of \$20,000,000, for which we paid \$2,500,000."

BACK FROM BEAVER.

Herman Barnett Says Deep Snow Has Stopped Ore Shipments.

Herman Barnett, manager of the Ce-ar Mining company, Beaver county, returned this morning from making an inspection for the property of that cor-poration which is located near Milford in Beaver county. Mine conditions, he reports, are very encouraging, but on account of the deep snow it is impos-sible to get teamsters to haul ore to the railroad.

REACHES HALF MILLION.

Breckenridge, Colo., Jan. 18 .- A mineral Breckenridge, Colo., Jan. 18.—A mineral output valued at nearly a million doi-lars is the record for Fummit county for the year 1906. This is an increase of \$100,000 over the previous year's rec-ord, yet there is good prospect of a doubling of the increase during the coming year. The district is coming constantly hto more favorable notice with investors, owing to the increase in the number of its producing mines, as well as to the splendid natural advan-tages of the region. Timber and wate: are abundand, and the list of minerals now being mined in large quantities in-cludes gold, silver, lead, zinc, iron, cop-per and bismuth. per and bismuth.

ACTIVITY IN ARIZONA.

Wickenburg, Ariz, Jan. 18.-Univer-sal activity is now evident in the min-ing camps at Copper Creek. A large amount of development work is being accomplished throughout the district, and 400 men will probably be at work by next summer. Three bi-weekiy stages now jeave Hillside for the camp
