

DESERET EVENING NEWS.

TUESDAY, MARCH 14, 1895.

FIFTEEN HOT BOUNDS.

Ray Condie, of Salt Lake, and Morris Spots of Owyhee, the contestants.

The main grand jury sat at the Salt Lake Athlete club about two hundred men representing most of the professions of the city last night. They had gathered there to witness a formalized contest for "Solicitude points" between Ray Condie, of Salt Lake, and Morris Spots, the little systems in mind of Owyhee.

The audience expected to see a lively exhibition, and it was in no way disappointed. It was announced that the certified check of \$1,000 would go to the man who had the most "solicitude points." Thus it was decided, but not fully determined, at the end of the tenth round, that the referee would permit the contest to go on until victory was won, which was the case.

Condie and Spots were fighting to the finish, and the audience held their breath while the two combatants fought their battle. We will let the reader conclude his own story. We will add however, that the two combatants were both men who were still working at the time of the fight, and they continued to do so. Of the two, Condie came out on top, and Spots was second. The referee, however, did not give up his "solicitude" and was "contented."

The spectators watched the proceedings with the most interest. They were eight o'clock gloves.

Dividend Declared.

A meeting of the directors of the Home Life Insurance company, was held yesterday afternoon and a dividend of six and a half per cent for the quarter was declared, payable the 1st of this month.

The Bicycle Ordinance.

The City Council will meet tonight in committee of the whole and will have under consideration the bicycle ordinance. It is expected that the final ordinance will be presented at the meeting.

EXIT "GENERAL" KELLY.

The Commander of the Industrial Leaves不堪 to keep out of jail.

Line **One** **a** **year** **ago** **there** **were** **w** **number** **of** **people** **here** **who** **were** **thought** **"General"** C. V. Kelly, who was recognized as the leader of the "industrial army" not by the Union militia at Ogden, was a high-minded patriot. Probably they have changed their minds by this time, for Kelly's subsequent career has not justified such a favorable estimate of his character. He has been living in Ovid, Cal., of late, but has agreed to leave that place in order to have a criminal charge against him dismissed. The San Francisco Chronicle says he now resides in Los Angeles, where he is engaged in the manufacture of dynamite. The Denver Post says he has recently left California for a recent another industrial army that will overtake the southern portion of the state with team and cart at its coming. Kelly and his followers can take a good deal of comfort in the efforts for many months. Finally they became so overbearing and insolent that one evening not long ago Chief Justice arrested the "general" some of his "soldiers" and a number of high-class citizens were on the streets. Kelly's camp was on the corner of the public courts building. He wanted the case dismissed and made a plot to present evidence to the court that he was going to leave the city. This was succeeded and Kelly departed paying costs of court.

Hardly a day passes that the army is not represented in the public meetings. They are here to stay, and Kelly, as the public are determined to break up the gang of bandit vagrants who have been a menace to the city for a year past. The "industrial army" has finally given up its hold on the city, however, and their language was sent to the county jail Tuesday night mostly. In the evening Dr. D. H. Thompson, a friend from Texas, who is a dry goods merchant, held a large meeting in the city hall, and the speakers were all from the south. The meeting was opened with a speech by Dr. W. W. Francis, Secretary of the Union.

LARGE POTATO CROP.

Good Soils, Good Root and Healthy Potatoes Are Required.

The potato crop in our neighborhood is about the same size as last year, and we are looking forward to a good harvest. The market price is about 15 cents a bushel, and we expect to sell them at 10 cents a bushel.

Illustrated Lecture.

Rev. Dr. Van Quisen, of Canada, delivered an excellent lecture in the First Congregational Church on the subject of war, between China and Japan received attention, as did also the religious beliefs of the Chinese. The lecture was illustrated by slides.

After an interval supper, which was handsomely prepared by Mr. & Mrs. Kelly, who entered themselves exceedingly into the amateur theatricals, the lecture was followed by a discussion on the subject of war, by Dr. W. W. Francis.
