Nervine Cured Me.

"For seven years I have been troubled with what the doctors called a fast heart, going at once from the usual beat to twice a fast, which in a short time would exhaust me last, which in a short time would exhaust meterribly and only after treatment by a physician it would get back to normal speed. These attacks increased in frequency and soverity until December, 1901, when they came on once a week. Each attack would lay me up a day or more. The attack beginning January 3th, 1902, lasted 160 hours laimost a week! my heart beat almost one hundred and fifty per minute and some times more. During this week my physician consulted with four other doctors, but all to no consulted with four other doctors, but all to no purpose. My heart finally slowed up, and it was then a serious question with my family what to do next; as for me, I was too far gone to care much what happened. Dr. Miles' almanac said, "write for advice" and my son wrote, receiving a nice reply. A neighbor told us he had used your remedies with great benefit. I took courage, began the use of Dr. Miles' New Heart Cure and Restorative Nervine until I had taken eleven bottles of the Heart Cure and seven bottles of the Restorative Nervine. I had two slight attacks after I began the use of your medicine the last one tasting only thirty minutes. For more than began the use of your meaterner the last one casting only thirty minutes. For more than three months my heart has run without a flurry. I am cured, and Dr. Miles' Remedies did the work. I have been postmaster here for more than ten years."—M. T. CANTRELL, P.
