**The Naval Funeral Order**

WASHINGTON, 23.—The Secretary of the Navy to-day issued the following order—

"Navy Department, Washington, Nov. 23.

"The President of the United States announces the death of Vice President Henry Wilson by the following order [here follows the order of the President]—

"In pursuance of the foregoing order, it is hereby directed that upon the day following the receipt of this order, the ensign at each U. S. naval station and of each U. S. naval vessel in commission be hoisted at half-mast from sunrise to sunset, and that thirteen guns be fired at sunrise, nineteen minute guns at meridian and a national salute at sunset at each U. S. naval station and on board the flagships and vessels acting singly at home and abroad. The officers of the navy and marine corps will wear the usual badges of mourning for a period of three months.

(Signed) "GEORGE M. ROBESON,
"Secretary of the Navy."

**Ordnance Bureau Report.**

In the report of Brig. Gen. Bennett, Chief of the Ordnance Bureau, U. S. A., it is shown that during the past year all the varied duties of the department and the operations of the several arsenals and national armory have been performed with the view to the economical expenditure of the limited appropriations made and an efficient and successful administration of the department. This bureau has for several years past called attention to the necessity of an increase to the annual appropriation for arming and equipping the militia. The annual appropriation of $200,000 was made in 1808, when the population of the country was about eight millions. At the present time, with a population of over forty millions, the amount appropriated is still the same, and it is impossible for the department to meet all demands made upon it by States and Territories. The last official reports give the following as the aggregate strength of the militia of the U. S.—organized 84,724, unorganized 3,701,977, and there is little doubt that were arms and military equipments more freely supplied the organized force would be greatly enlarged. The Rock Island arsenal in its present incompetent state, now supplies all the militia of the government to the States and Territories drained by that great river and its tributaries, many of the fortresses that guard the coast line of the Gulf of Mexico, and more than one-half of our army now scattered from the Mississippi river to the Rocky Mountains and beyond. When completed and fully equipped as a manufacturing arsenal, its capacity will equal the supplying of all armies that may be organized in the Mississippi valley in any war of the greatest magnitude. He urges an appropriation for the purchase of a site and the erection of magazines for the storage of gunpowder, the depot at St. Louis being too remote from the Atlantic to be of service for our wants in the eastern section of the country. In our country, where armies are to be improvised and made up on the instant by recruits from the anvil and plough, the want of military discipline and training should be as much as possible compensated by the equality of the weapons the soldiers are to use. Our arsenals should therefore be all stocked at all times with a large supply of the best rifles and carbines, and Congress should, in a spirit of economy, appropriate liberally for them. In regard to the sea coast defences he says—

"During the past year the proper armament for our sea coast defence has engaged the earnest attention of this department, and a board of distinguished ordnance officers has been in permanent session, endeavoring to obtain all the data possible with the very straightened resources at the command of this bureau."

**Programme for the Obsequies.**

The committee of arrangements met at the capitol this evening and agreed upon the following order of procession for the funeral of Hon. Henry Wilson, Vice President of the U. S.—

The committee of arrangements, pall bearers, and mourners will attend at the Vice-President's Chamber in the Capitol on Friday, Nov. 26, at 10 o'clock, at which time the remains of the Hon. Henry Wilson, late Vice President of the U. S. will be removed from the Rotunda in charge of the committee of arrangements, attended by pall bearers and mourners and sergeant-at-arms of the Senate to the senate chamber, where, at 1.30 p.m., divine service will be performed. When the ceremonies shall have been completed the funeral procession, under command of Brevet Maj.-Gen. Emery, U. S. A., will move from the Senate chamber to the depot of the Baltimore and Potomac Railway Co., where the remains will be placed in charge of a committee appointed by the Governor of Massachusetts to receive them. The body, upon arrival at Baltimore, will have military escort through that city, leaving there at 6 o'clock p.m. Rev. Dr. Sunderland, Chaplain to the Senate, will offer prayer at the funeral ceremonies of Friday morning and Rev. Dr. Rankin will pronounce a discourse. The body will be placed in the Rotunda on Thursday morning, where it will lie in state on the same catafalque used for President Lincoln, Senator Sumner, Chief Justice Chase and Hon. Thaddeus Stevens. On reaching Philadelphia on Friday night the body will be taken to Independence Hall, where it will lie in state until 10 or 11 o'clock on Saturday morning, and then be removed to New York. It is not the intention of the committee to stop in the latter city. They expect to leave there for Boston on the nine o'clock train on Saturday night.

**Lighthouse Expenses.**

The lighthouse board has asked for $2,159,600 for the support of the general lighthouse establishment for the year ending June 30, 1875, as against $1,899,000 as propriated for the same purposes last year. It has also asked for $789,926 for the purpose of constructing new lighthouses, light ships, etc., for the next year, as against $915,400 this year.
