Nothing Short of Unmistakable Benefit.
Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial or blood disorders. Uniformly successful and certain in its remedial effects, it produces a complete cure of Scrofula, Scurvy, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its invigorating effect it always relieves and often cures Liver Complaints, Female Weakness and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is today the most available medicine for the suffering sick, anywhere.

THE scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value, or value. Thus it is with a valuable medicine: Dr. Aug. Kaiser's Celebrated German Pulmonic Elixir, through the jealousy of some persons, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a hatchet.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. Its cure is truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. Trial bottle, 25 cents.

MANY a dollar formerly spent on expensive sulphur baths is now saved by substituting therefor Glen's Sulphur Soap, which is just as beneficial but infinitely cheaper. Local diseases of the skin, rheumatism and gout are all relieved by this standard remedy. Complexional blemishes are eradicated by it, and it imparts to the outside a pearly whiteness and velvety softness which greatly enhance the effect of female charms. Its soothing, antipruritic action constitutes it a prime remedy for sores, ulcers, cuts, sprains, scalds, bruises, and in fact every abnormal condition of the outside attended by inflammation, itching or itching. Ladies moving in our best society speak of its beautifying properties in enthusiastic terms, and give it a decided preference to cosmetics which merely conceal, but do not like Glen's Sulphur Soap, eradicate defects of the complexion. The use of ointments for eruptive complaints is to be deprecated because of their having a tendency to clog the pores and in some cases to aggravate rather than remedy the disease. They are, besides, seldom thorough enough in their effects to prevent the recurrence of eruptions of an inveterate type, and have the disadvantage of clogging the pores of persons who use them. GLEN'S SULPHUR SOAP, on the contrary, radically cures the disease to which it is adapted, and still further recommends itself on account of its cleanliness. It is besides, an admirable disinfectant of clothing which has been worn by persons afflicted with diseases of a contagious nature. As a specific, preventive and promoter of the general health it presents advantages of the most unequivocal description.

Sold by Druggists. Price 25c. per cake. 1 Box (3 cakes) 75c. sent by mail, prepaid, on receipt of price. C. N. Crittenton, Prop'r, 7 Sixth Avenue, New York.

EVENING NEWS.
Wednesday, August 20, 1879.

LOCAL AND OTHER MATTERS.
Thermometer.—At 2 p. m. to-day the mercury stood at 92 degrees F. in the shade.

Co op Crossing.—The wooden crossing leading across the street west from Z. C. M. I., is beginning to go the way of all wood, and looks rather shabby.

Bishops' Meeting.—The regular semi-monthly meeting of the Bishops, Counselors and Teachers will take place to-morrow evening, at 7 o'clock in the Council House.

Police Court.—The two women who were arrested yesterday for drunkenness and fighting, were brought before Justice Fayer this morning and fined \$10 each or, in other terms, 10 days' labor.

Returned.—The many friends of Sister E. R. Snow will be pleased to learn that she has returned from her six weeks absence up north, looking and feeling in excellent health and spirits.

Exciting Scene.—This forenoon an express horse, tied to a tree opposite this office, became uneasy and tried to break away from its fastenings, but in doing so broke the shaft of the vehicle, tore the harness to pieces, smashed in the front end of the vehicle and fell bruised and bleeding into the stone paved water seal. The bystanders extricated the animal and righted matters as best they could, until the arrival of the owner.

Severe Mishap.—The Junction states that on Sunday Mr. F. J. Kiesel, of Ogden, while getting into a buggy, was violently thrown to the ground by the horse suddenly wheeling to one side. Mr. Kiesel was unable to rise for a long time after the accident, but is now recovering steadily.

City Council.—Proceedings at the City Council on Tuesday evening, August 19th, 1879, Alderman Speer presiding:
A petition was presented, signed by Walker Brothers and seventeen other business firms of the city, representing that since the recent action of the council in depriving the business portions of their legitimate and usual custom of watering the streets in front of the stores, their business generally was greatly suffering. The goods are not only greatly damaged by the dust, but on account of the frequent windstorms which render the streets almost impassable, their customers are prevented from transacting business, and their trade is very materially injured. The petitioners claimed to have the right to the use of whatever water lawfully belongs to the land upon which their buildings are erected, and to use the same in whatever manner may be the most conducive to their interest. So far as having forfeited their right, the petitioners maintain that they have been in continuous use of the water till deprived by action of the council, first, by availing themselves of the water-carts for sprinkling the streets, and since the introduction of the water works they have been supplied with the necessary quantity from the fire hydrants. The petitioners asked that the sprinkling of the streets be continued around the business blocks, or that they be allowed to use watering carts as heretofore. The petition further set forth that while the attention of the council may be called to protect the interest of the citizens who own gardens, it is just as necessary that the business men should not be neglected, whose taxes produce the larger portion of revenue to the corporation. Petition received and the petitioners granted the use of the watering carts as heretofore.

An appropriation of \$2,000 was made to the waterworks account, to be drawn upon the orders of the superintendent of waterworks. An appropriation of \$500 was made contingent for the payment of license collector's salary. Adjourned till next Tuesday evening, at the usual hour.

Died from His Accident.—Daniel W. Shell, the victim of the fearful mishap on the Central Pacific Railroad, Sunday, in consequence of which his arm, which was broken in three places, had to be amputated near the shoulder, died from the effects of his injuries at 3:30 yesterday morning, at Ogden, where he has been staying since the occurrence.

It now appears that injustice was done by calling him a tramp and a "beat," as he had money on his person, had paid his fare all the way along, and is respectfully connected in Union Depot, Sullivan County, Tennessee. His parents were informed immediately of the sad event and sent back word for his remains to be buried in Ogden until the arrival of the father to take them in charge. This was accordingly done yesterday afternoon.

We learn the above from the Ogden papers.

Supt. of Salt Lake State.

Rehearsal To-night.—This evening at 7 o'clock, a full rehearsal of "Trial by Jury" and "Martha," will take place in St. Mark's school-house. A full and punctual attendance is earnestly requested. All who wish to take part are cordially invited. Those who have taken copies of the opera home are requested to return them that some necessary alterations may be made.

Dead Drunk.—A report was in circulation this morning that a man had dropped dead on Main Street. The news created considerable excitement among sensation hunters, until it was ascertained that the unfortunate individual was only dead drunk, and had been carried home in that state condition. A custom religiously observed in his case for many years.

Deseret Museum.—The curator respectfully acknowledges the receipt of the Bulletin of the Salt Lake Academy for 1879-80. Also an Opusculum, donated by J. C. Harper, Esq., of Payson, and forwarded by the U. S. R. R. to the Museum, by Mr. J. L. Townsend, chemist and druggist, of Payson City. The curious animal arrived in safety last evening, and seems to enjoy herself in her comfortable quarters in the Museum.

Testimonial Ban-It.—A large audience assembled last evening at the Independence Hall, on the occasion of the testimonial concert to Mrs. Martha Porteous. The lady was well received and repeatedly cheered. One of the features of the evening was the singing of Abt's "Rest thou well," by Miss Edna Russell, and in the duet, "Sainted Mother," from Maritana, she also acquitted herself with much credit. Some disappointment was felt at the non-appearance of Mrs. Seigel, who, though advertised to sing, failed to be there for reasons unknown, as no apology was made.

The remainder of the performers acquitted themselves very creditably.

Accidents.—Several days ago a little eight year old son of Brother Gibson, of Sugar House Ward, while at Coalville with his older brother, met with a serious accident by stepping into a bed of burning slack and ashes. Both legs were badly burned nearly up to the body and both arms nearly to the elbows. At last accounts the little patient was in a critical condition.

Last Monday evening the older brother, while driving a team within a quarter of a mile of his home, was run into by another team and his leg broken just above the ankle by the collision. Medical assistance was summoned, the injured limb reset, and the young man is now doing pretty well.

THE LATEST ATTEMPT.—The clique of mischief makers and crime palliators who would have us believe that Joseph Standing, the "Mormon," murdered himself, or did something to justify his assassination, are now trying to create the sensation that Valentine Faubel, the Gentle, who left dead from apoplexy the other day, was foully murdered. This has ever been the case. Let a "Mormon" be killed and these wretches will always find some good reason for it; but if one of their own number dies from accident, disease, or old age, the report is at once started that he was murdered. Persons who are so desirous of creating treacherous sensations either lack good sense or are knaves at heart. They deserve the contempt which their meanness inspires among all classes, and are the very kind to perpetrate the vile acts of which they are ever ready to accuse others.

Equalization of Taxes.—On Tuesday, the 26th inst., at 2 p. m., the City Council will convene at the council chamber of the City Hall to sit as a board of equalization, to determine all complaints made in regard to the assessed value of any property for the present year. The board will also, during its session hear and consider all petitions for the remittance or abatement of taxes assessed the insane, idiotic, infirm or indigent, to an amount not exceeding \$5, for the current year. See notice of Recorder Calne, which appears elsewhere in our columns, and govern yourselves accordingly.

The goods are not only greatly damaged by the dust, but on account of the frequent windstorms which render the streets almost impassable, their customers are prevented from transacting business, and their trade is very materially injured. The petitioners claimed to have the right to the use of whatever water lawfully belongs to the land upon which their buildings are erected, and to use the same in whatever manner may be the most conducive to their interest. So far as having forfeited their right, the petitioners maintain that they have been in continuous use of the water till deprived by action of the council, first, by availing themselves of the water-carts for sprinkling the streets, and since the introduction of the water works they have been supplied with the necessary quantity from the fire hydrants. The petitioners asked that the sprinkling of the streets be continued around the business blocks, or that they be allowed to use watering carts as heretofore. The petition further set forth that while the attention of the council may be called to protect the interest of the citizens who own gardens, it is just as necessary that the business men should not be neglected, whose taxes produce the larger portion of revenue to the corporation. Petition received and the petitioners granted the use of the watering carts as heretofore.

An appropriation of \$2,000 was made to the waterworks account, to be drawn upon the orders of the superintendent of waterworks. An appropriation of \$500 was made contingent for the payment of license collector's salary. Adjourned till next Tuesday evening, at the usual
