quinn recites a list of the murders

and lesser crimes committed by Co-

chise between November last and

March of the present year. He

claims that by the government in-

chise to have free range in Mex-

ico, Commissioner Smith says that

this is an entire mistake, as the

policy in no way refers to Sonora

or any other portion of Mexican

territory. It is true that atrocities

have been committed by the

insurgents in Sonora, but if par-

ticipated in by the members of

Co-chise's band, it has been with-

out the sanction of all reports

showing that he has personally

conformed, in good faith, to the

terms of the treaty, though he

may have been unable to control

the outbreaks of the band.

There are several regiments of

infantry and a regiment of cavalry

in close proximity to New Orleans,

and should more troops be needed

than General Sherman's, they can

very readily be sent to the scene

of the trouble. Secretary

Richardson will, to-morrow,

issue an order providing a tri-

bute of respect to the memory of

the late Chief Justice, by which

the Secretary will allude to the

past services of the late Chief

Justice, and will also direct that

the Department of the Treasury

shall place a wreath on the

statue of the late Chief Justice

on Saturday next, and that the

building be draped in mourning

for thirty days.

New York, S. J. The govern-

ment sold a million and a half in

gold to-day, at \$17.25 to \$17.30.

WASHINGTON.—No action has

yet been taken by the government

in relation to the death of Chief

Justice Chase. The President ex-

pected to go to New York direct,

and to be there joined by members

of the Cabinet.

The Attorney-General has decid-

ed that, under the act of 1871,

all compensation for services to

the government by the Union Pacific

Co., upon its railroads, of any kind

is to be retained so long as any in-

terest in the United States by the

company upon its bonds remains

unpaid, and that the railroad of the

company across the bridge at

Omaha is one of the roads to which

such aid applies.

At St. Louis, S. J. A consultation

was held at the War Department

this morning, Gen. Sherman, act-

ing Secretary of War, Robeson, At-

torney General Williams and Sena-

tor West, of Louisiana, were pre-

sent, the subject being the con-

dition of affairs in Louisiana. It

was decided to instruct General

Emory that he should call for

whenever troops were necessary to

enforce the laws and preserve

peace, but not to otherwise in-

terfere except in carrying out the

proper authorities in assisting the

process of the courts. A tele-

gram has been received from

Gen. G. K. Warren, in which he

expressed his willingness to

attend to the details of the

operation of the army. They

do not differ materially from the

reports already published to-day.

NEW YORK, S. J. Large numbers

of the city of New York, at the

house of Mr. Hoyt, his son-in-

law, last night and this morning,

desiring to take a last look at

the body and offer words of con-

dolence to the mourners. Dis-

patches were given to the

mourners. A small still linger-

ing about the body, as though he

had passed away with pleasant

thoughts and without pain. For

weeks preceding his death, Chief

Justice Chase had been in the

habit of constantly reading or

hanging his head over the

Worth of the Soul, and other

sermons. The following gentle-
