ASPHALTUM ROAD

IS TO BE RUSHED.

The yards at Mack are to be laid out next week—ready for steel and ties.

L. GROVE OF SAN PEDRO, SUPT.

Michael Fitzpatrick, Another Well-known Salt Laker, Will Be in Charge of Construction.

The yards at Mack, formerly Crevasse, on the Rio Grande Western near the Colorado state line, are to be laid out next week preparatory to receiving the steel from the Sanpete branch which is now being brought up to date with heavier rails. Following the construction on the yards active track laying will commence the week later on the road to the asphaltum beds. A call has already been issued for 150 men to work on the new line, and the construction will be rushed to the limit.

Preliminary Work on O. S. L. North Salt Lake Improvements Starts.

The Oregon Short Line has taken preliminary steps toward starting work on the scheduled improvements on the North Salt Lake with the result a small party of men has put in an appearance on the site of the new tracks and engine house and are now driving stakes. It is anticipated that within a few days work will be commenced on the foundations and grading.

FREIGHT RATES.

Utah Discrimination Matter Goes Over Until Next Meeting of Bureau.

The clerks who have been at work for nearly two months on the Utah rates, following the protest of the Commercial club that under the recently adopted tariffs Utah has been discriminated against, have at last completed their work. It now lies on a table in the office of General Traffic Manager T. M. Schumacher of the Oregon Short Line. The mass of documents is absolutely appalling. Stacked one on top of another the files make a pretentious array representing reams of paper, a gross or two of lead pencils and a couple of quarts of ink. While it is interesting to know that the figures are now ready, nevertheless it is cold comfort to the local jobbers that the matter is still up in the air and the adjustments of Utah rates have again been postponed until the next meeting of the Transmissouri freight meeting.

TOURIST RATES.

No \$25 Tickets from Chicago to Western Resorts This Summer.

Chicago, March 10.—A committee of the Western Passenger association today decided there would be no \$25 rate from Chicago to western resorts this summer. With this exception the tourist rates to Colorado and Utah common points including the Black Hills, will be the same as during the season of 1903.

The Oregon Short Line will continue the work of improvement at Nampa this spring. The land around the new depot is to be parked. A number of side tracks, a new freight house, sheds and pumping station will also be erected.

THE WISE LUNATIC.

Dr. John Lear, the noted biologist, spent several days in Allentown during the Bechtel trial, where he was the chief expert witness.

Dr. Lear talked at his hotel one night about the freaks and vagaries of lunatics.

"A funny thing happened," he said, "as a lunatic asylum that I visited last month. Some rogues were going on at the asylum, and the inmates were helping the paid workmen."

"From the building to a dump heap a line of lunatics trundled barrows of rubbish gravely. But there was one little red-haired man whose barrow, as he hurried along, was upside down."

"Him I halted, and I turned the barrow right side up."

"There, my man, I said: 'That is the way to have your wheelbarrow.'"

"But he groined at me."

"Is he, hey?" he said. "Well, that is all you know about it. I tried it that way before, and they filled it full of broken bricks."

"Then the little red-haired lunatic turned the barrow upside down again and bustled off."

GENERAL CHURCH NEWS.

Strength and Endurance.

Are factors of the greatest success. No person can do full justice to himself without them.

In no season of the year are they more easily exhausted than in the spring.

We need not discuss the reason for this here. Its enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify.
