

EXPRESS TRAINS IN COLLISION

Two Men Were Killed and a Score
Or More of Passengers
Badly Injured.

OCCURRED ON SANTA FE ROAD.

Cause of Accident Not Given—The
Wreckage Immediately Caught
Fire.

Pueblo, Colo., Oct. 17.—Two men were killed, while more than a score of passengers were injured as the result of a head-on collision between two Santa Fe express trains near Manzanola at 1:55 this afternoon. Both locomotives were totally demolished as was the baggage car on the eastbound train. With the exception of the baggage car on the west bound the other coaches were practically uninjured, none of them leaving the track.

Of the four engines, all but W. T. McMurray, engineer on No. 601, west-bound, jumped for their lives and escaped without injury. McMurray, a veteran of 35 years in the service of the Santa Fe, stuck to his post and was injured. He made every effort to avoid the collision.

The cause of the collision is not given by the Santa Fe officials here, but they state that No. 601 was running on short time and that McMurray evidently was endeavoring to make the sliding at Manzanola before No. 19, eastbound, left that station. Immediately after the collision the wreckage caught fire.

Folk took action to have the ownership of the island determined.

SCHOELMKOPF'S ESTATE.

Will Go to Relatives in Germany and Not to Charity.

Kansas City, Mo., Oct. 18.—All of the \$200,000 estate of C. E. Schoelmkopf, the wealthy real estate dealer of this city, who died suddenly on a train last week, will be inherited by a brother in Chicago and a sister in Wartenburg, Germany, in spite of the fact that the dead man had planned for more than a decade to leave his vast holdings to charity and religious organizations. An unsigned will showing this intention was found, but a thorough search has failed to discover a valid document disposing of the estate. The estate will be administered by the public administrator.

TO INVESTIGATE PEONAGE CASE.

New York, Oct. 18.—The case of S. S. Swartz, who was arrested on July 27, charged with peonage, will be brought before the federal grand jury here today, when Assistant United States Dist. Atty. Clarence Houghton will produce his witnesses. The charge among them being Mrs. Mary Grace Quackenbush, an attorney, who made the complaint that caused the arrest of Swartz.

Swartz ran an employment agency and was charged with enticing thousands of young men to go south under false pretenses to turpentine camps in the swamps of Florida, lumber mills, copper, coal and phosphate mines. Numbers of them escaped and returned to their homes in the north, full of fever and broken in health.

When Swartz was held in \$3,000 bail on July 27, Mrs. Quackenbush decided to go south and investigate matters personally. In a seven weeks' trip she visited the camps mentioned in the evidence against Swartz, saw the peonage system in operation, and returned suffering from fever, but with 36 affidavits.

Chicago, Oct. 18.—J. H. Langdon, known to the police and society of two continents, was arrested in Chicago last night on complaint from Baltimore, which charged the theft of jewelry worth \$1,200, and the passing of worthless checks. Langdon made the acquaintance in London of Eugene Timmons, son of Mayor Timmons of Baltimore, and told him he was the son of a New York railroad president. Subsequently he visited the mayor in Baltimore. He was said to have obtained jewelry from J. W. Mealy & Company by a fraudulent check.

Langdon claimed to be a relative of Andrew Carnegie. The police say Langdon is a son of Samuel T. Langdon, of Philadelphia.

SWITCH TENDERS' UNION.

Chicago, Oct. 17.—One thousand switch tenders employed in Chicago, a big percent of whom are crippled and incapacitated for other work, completed the organization of a union last night. The men are paid an average of \$25 a month and they declare that if they refused to remain at their posts the roads would be compelled to hire able-bodied men to do the work at much higher wages.

The new union has been granted a charter by the International Switchmen's union and by the American Federation of Labor.

STRIKER KILLED BY POLICE.

Chicago, Oct. 18.—A dispatch to the Tribune from Milwaukee, Wis., says: In a conflict between merchant police and union members, who are on a strike, John Feeley, a unionist, was shot and killed last night. Four of the police were conducting a gang of non-unionists to their homes when they were met by Feeley, who tried to get at the non-union men. He was killed down by Daniel Johnson. Feeley jumped to his feet and fired two shots at Johnson. He tried to shoot Adam Sassang, another of the merchant police, but Sassang shot first, killing Feeley instantly. Sassang gave himself up.

STANDARD OIL CASE

IN HANDS OF JURY.

Findlay, O., Oct. 17.—After a trial of seven days the fate of the Standard Oil company of Ohio, charged with conspiracy against trade, was placed in the hands of the jury at 8:30 o'clock tonight. The day's proceedings were the most dramatic of the trial. Two key witnesses on both sides were made. Virgil P. Kline conducted for the defense and Atty.-Gen. Ellis for the prosecution. The defense submitted 11 points of law for incorporation in the charge of the court to the jury, all but two of which were rejected. Judge Kline read his elaborate charge and the jury retired to deliberate.

The tension between counsel on either side, which has been on the increase as the case progressed, reached the breaking point today and hot words of criticism passed, the crowded courtroom became demonstrative for the first time and the court sternly rebuked all concerned. The collision resulted from the receipt of a telegram by the attorney-general stating that the Manhattan Oil company had today sold out to the Standard for \$200,000. This was declared by the defense as a trick to influence the jury. The prosecution retorted that the matter would have been reached by the jury had not Mr. Kline, who made the charge, mentioned the matter in open court. The incident closed by the jury reached the jury and the trial was also told not to regard the matter.

SILVEIRA'S WHEREABOUTS.

He and His Wife and Child Left the Carmelina at Curacao.

New York, Oct. 17.—The steamship Carmelina, with Manuel Silveira, the Cuban banker, whose recent disappearance from Havana was said to have been brought about the failure of Cobarril & Co., his wife and two children, steamed into Curacao a week ago last Sunday, according to Capt. Bennett and several of the passengers and crew of the steamship Zulia of the Red D Line, which reached here today from Curacao and Venezuelan ports.

The Carmelina left on the forenoon of

the following day after taking on coal, and ostensibly for Porto Cabello.

"I was curious enough to look up the Carmelina's passenger list," said Mr. Charles, one of the passengers on the Zulia, "and I found the names of Silveira, his wife and two other Silveiras, presumably children. I was told that they landed at Curacao, saying that they were going to New York probably on the Zulia. I learned that shortly afterward they went to Porto Cabello."

IDAHO RESORT BURNED.

Kelley Hot Springs, Place Five Miles East of Boise.

Boise, Ida., Oct. 17.—Fire at the Kelley Hot Springs, a well known resort five miles east of town, today destroyed the hotel, cafe, bath houses, stables and outbuildings, everything being swept clean. Not a thing was saved, every piece of furniture being burned. The loss is placed at \$2,000, with insurance of \$2,700. The buildings were the property of Gen. Joseph Perault of Boise. The furniture was owned by Charles Travin, who was conducting the place. The origin of the fire is not known, but is believed to have been caused by the overturning of some chemicals which had been used for fumigation purposes.

SIX WOMEN HAVE

A NARROW ESCAPE.

San Francisco, Oct. 17.—Six women had a narrow escape from death early this morning, when a charge of dynamite exploded in the rear of a saloon on Pacific street, between Montgomery and Sansome, blowing the staircase into kindling wood and wrecking the back of the structure. The police have no far no clue to the identity of the perpetrators.

George F. Migaldi, one of the proprietors of the saloon and dance hall, hints at a conspiracy directed against his life and business, but when pressed for particulars absolutely refused to put his suspicions into words.

The explosion occurred after the saloon and dance hall had been closed, and after six women had retired to rooms upstairs. When the six women rushed from their rooms and procured a light they found that the staircase leading to the dance hall below had been blown away and that they were prisoners. Paolo-stricken, they screamed for help, and one of them, procuring a revolver, fired in the air to summon assistance.

The police battered down the door and rescued the women.

SALT LAKE TRAIN STOPPED IN DESERT

Prospector Halts the Los Angeles Limited on the Mojave Desert.

HE TOOK WATER, NOT MONEY.

Crew Supplied Him—A Law of Nevada Permits This Thing To Be Done.

Chicago, Oct. 18.—A dispatch to the Record-Herald from Los Angeles, Cal., says:

Passengers on the Los Angeles limited of the Salt Lake railroad who arrived in Los Angeles yesterday told of a prospector who stopped a train in the middle of the Mojave desert by flagging it with his hat to secure water for himself and the burro. The train crew supplied them all by the bucketful as quickly as possible and started the limited on its way again. An old Nevada law which allows desert travelers who are in distress to stop trains to demand water and compel train crews to provide the needed refreshments still holds. The old prospector knew it, so did the engineer.

INDUSTRIAL ALCOHOL CO.

Incorporated to Handle Business for Distillers' Securities Co.

New York, Oct. 18.—The Industrial Alcohol company is the name of the company organized to handle the business of the Distillers' Securities company. It has been incorporated with a capitalization of \$18,000,000 of which \$6,000,000 is preferred and \$12,000,000 common. E. M. Harrison, who is a director of the American Distributing company, a subsidiary of the Distillers' Securities, is slated for the presidency.

The organization of the company was foreshadowed two weeks ago in a statement given out by Dittenehofer, Gerber & James. In the statement the law firm said it had been retained by a large stockholder of the distillers' securities to prevent the new company from absorbing the denatured alcohol business of the company on the ground that the holders of the Distillers' stock would suffer. A representative of the firm said yesterday he had just been told of the formal organization of the company and had communicated with the firm's client. The action, he said, would be begun unless the client had changed his mind.

SILVERWARE WORKERS STRIKE.

New York, Oct. 18.—About 600 silverware workers here are on a strike. All the shops are rushed with orders for the holiday trade and have been unable to get sufficient numbers of skilled workmen. If the difficulty continues there will be a scarcity of silverware for Christmas presents, with a probability of higher prices.

A demand for a nine-hour day started the trouble.

Chicago, Oct. 18.—The attentions which Charles Sullivan, 25 years of age, a cigar maker, paid to his landlady, Mrs. Laura Klein, 40 years old, cost him his life last night. He was shot and killed by John Klein, 21 years old, the landlady's son, according to Mrs. Klein.

He was known to her, and gave her the revolver from which the shot was fired. Klein was arrested.
