He favored the Sherman proposition as it Was proposed to amend it. Mr. Wheeler of Kentucky did not believe the measure to repress hazing should be too barsh. While he believed ublic sentiment should have weight in legislation he did not believe a passing agitation should govern in legislation. He referred to the crusade against Robrts of Utah, and to the events that were occurring in Kansas under the leadennip of a "misguided, hysterical woman" as evidences of public sentitent run wild. Mr. Hepburn of Iowa followed and trated a sensation. He recalled the fact that when the Booz case first atfracted the attention of the country the superimendent of the military academy rushed no print to declare that hazing had ceased at West Point. Yet the committee had found forty-one cases where under classmen had been called out to espage in brutal prize-fights. "I will ask con-sent,' 'said he, 'for the appointment of an investigating committee, and I agree to produce employes who will make affidavit to the truth of the statements I have made." Mr. Bailey paused. Some one on the other side said such a request could not be made in committee of the whole, "Too late, too late," called Mr. Sprague of Massachusetts. Mr. Bailey then gave notice that as soon as the committee rose he should ask unanimous consent for the appointment of an investigating commitee. He then pointed out that the man who was on the rolls as a telegrapher, but who was also performing service in the library, was to be the recipient of, in an item in the bill, \$400 in addition to the \$1,000 he drew as a telegrapher. This drew an exclamation from Mr. Steele, who said that the gentleman in question had come here to take the sition of telegrapher at \$1,600, but yielded the position to the man then telegrapher upon the appeal of Mr. Berry of Kentucky. Mr. Fleming, Democrat, of Georgia then announced that until the committee of investigation, which Mr. Bal-ley would ask for, reported, he would explain all the items for extra service in the bill, and they went out on points of order. Mr. Mercer, Republican, of Nebraska, chairman of the committee on build-ings and grounds, offered the omnibus public building bill providing for ad-ditional appropriations for sixty-three public buildings in the U ited States. Mr. Cannon raised 'a point of order against the amendment and was sus-tained by the obstr tained by the chair. Mr. Olmstead, Republican, of Pennsylvania offered an amendment to pro-vide that no money appropriated in the bill should be paid to any cadet at Annapolis or West Point who had been guilty of a brutal form of hazing. The amendment was adopted. This completed the bill, which was then passed. It was agreed by unanimous consent that tomorrow the session until 1 o'clock should be devoted to unanimous eals the benefit of this close occupation. consent legislation, and the remainder of the session until 6 o'clock divided between the committee on claims and the committee on pensions. Mr. Bailey, in accordance with the notice he had given in committee, then asked unanimous consent for the consideration of the following resolution: Resolved. That the Speaker of the House shall immediately appoint a committee consisting of five members, not more than three of whom shall belong to the same political party, whose duty it shall be to inquire into the appropriation of payments to the employes of the House and report all the facts relating to said employes to the House within six days after its appointment. blame. Dr. Carlos Martinez Silva, the minister of foreign affairs of the Republic of Colombia, who is now in Washington, came to this country fully prepared and authorized by the government to negotiate a treaty with the United States for the Panama canal. The concession of this canal which is held by the French Panama Canal company, a few months ago was extended from 1904 to 1910, on ayment of \$1,000,000, but Colombia ieves she can induce this company to ell its rights to the United States. T. Ford, an engineer who is associated with Dr. Silva as adviser and from whom this information was obtained says he believes the treaty Colombia vishes to negotiate, "will give to the United States every shred of control over the canal that any person could demand short of an actual purchase in fee simple, or transfer of sovereignty. This is impossible not only to Panama but as you will observe in the very vague offers from Nicaragua and Costa Rica no such thing is there mooted."

MAKE THE CHANGE Before Coffee Wrecks You.

"The right man came along one day when he told me that coffee drinking was the cause of my gastritis, nervousness, torpid liver, and trembling hands that interfered with my business, that of mechanical drawing, but coffee was my only habit and I loved it so that I did not

lid not see how I could give it up. If he had not been so enthusiastic regarding the relief in his case by leaving off coffee and taking Postum Food Coffee I could not have mustered up power enough to abandon my favorite beverage

I left off coffee that day at lunch and had a cup of Postum. It was made good and had a rich, dark color, with a deli-clous flavor that I could not tell from regular coffee. It pleased the eye, smell and palate, so I had it each day at the restaurant for the noonday lunch, and discovered a decided improvement in my condition, but it was not until I left off coffee for breakfast and used Postum in its place that real relief set in. Now I am free from gastritis, headaches, and fully appreciate the value of the 'nerve ease.' No more trembling

hands and no more nervous prostration. I am well, and feel that I should say to others who are being poisoned by a beverage that they do not suspect, 'coffee.' 'Make the chang before the poison works destruction in you."

would leave as security a deed for property on West Sixty-second street. which they said Cavanagh owned. Rosenfeld notified the police and de-tectives who were assigned to the case reported that Cavanagh had no claim

whatever to the property. The four men called again at the Maiden Lane office. They turned over a deed to Rosenfeld showing that Chas. Chapman had deeded to Cavanagh the property on West Sixiv-second street. They were arrested and the police found on Cavanagh a bond and mortgage certificate for \$10,000 made out to Rosenfeld to be handed over to his keeping till the diamonds were paid for. The bond had a short affidavit attached to the effect that Cavanagh owned the property. It had passed the registrar's office in due form and the notary's sig-nature was all right. The detectives claim that the scheme in this kind of an affair is to answer an advertisement

in a newspaper about property for sale. Those in the scheme see the owner or agent and deposit \$50 or \$100 for tempor-ary possession of the deed so that it may be shown, ostensibly to a lawyer for those in negotiation.

Maynard, Mass., Feb. 22 .- The American Woolen company's Assabett mills here, employing 1,100 operatives, are shut down on account of the strike of thirty women employes who are dissat-isfied with their wages. The management ordered the suspension because the women were those through whose hands the finished work of the factory must pass for inspection and it was deemed wise not to keep on until it had been found out whether the old hands would return or new ones would have to be secured to fill their places. Representatives of the State board of arbitration are here trying to affect a settlement.

Coronation of the King.

New York, Feb. 22 .- There is much talk about the coronation of King Edward in mid-summer, says the Trib-une's London correspondent, but there is nothing authoritative on the subject from the court. It cannot take place until the period of deep mourning is at an end nor until the return of the Duke of Cornwall from the colonies August is the earliest month when these conditions can be complied with, and while this would not be too late from the west end tradesmen's point of view, it would break up the shooting season and interfere with country house galety.
