EVENING NEWS.

FRAGMENTS.

"A PAIR of Kids" will be repeated to-night.

HOME MISSIONARIES will visit the country wards to-morrow.

SEE F. B. Clark's card, "Bees for sale," in another column.

THE Eleventh Quorum of Elders will meet at the usual place, on Monday evening, at 7:30.

JOHN ANDERSON, John O. Gooch and F. A. Bair have been appointed judges of election to act at the Richmond City, Cache County, municipal election on June 14th, 1886.

RELIGIOUS services of the Church of Jesus Christ of Latter-day Saints will be held in the Tabernacle to-morrow afternoon, commencing at 2 o'clock. Services in German will be conducted in the City Hall at 10 a.m., and in Scandinavian in the Social Hall at the same hour to-morrow.

THE June issue of the *Southern Bivouac* will contain an article on the "Sugar Fields of Louisiana," by R. A. Wilkinson, accompanied by a number of illustrations. Mr. Wilkinson gives a short historical sketch of the sugar interest, and a pleasing picture of life on a sugar plantation.

THE organ of Knownothingism and Infidelity, in its persistent efforts to tell falsehoods, made a mistake the other day and told the truth. It said the Gentiles here had always been beneficiaries of the "Mormons," and in view of the fact that the word beneficiary means one who receives a benefit or a good from his fellows, the organ struck pretty close to the mark.

LOCAL NEWS.

The Emigrants.—By private telegram we learn that the steamship *Nevada*, with the second company of this season's emigration, sailed from Liverpool to-day, for New York, with 282 souls.

Prospects Good.—From W. S. Hansen, of Deweyville, Box Elder County, we learn that a larger acreage than usual has been sown in that settlement, and that the crop prospects are thus far good.

A Birthday Affair.—A correspondent of Deweyville, Box Elder County, informs us of a surprise party tendered to Bishop J. C. Dewey, on May 19th. The occasion was the fifty-fifth anniversary of his birthday. About 150 persons participated, and it appears to have been an enjoyable affair.

The Green Lanes of England.—The sudden departure of Mr. J. T. White from the city and several other causes have necessitated a postponement of the performance of "The Guv'nor" by the Home Dramatic Club: not to lose Decoration Day, however, they have decided on reviving the most successful of all their sensational pieces, "The Green Lanes of England," and that drama will be presented, afternoon and night, a week from next Monday, the day to be celebrated. "The Guv'nor" will be kept in rehearsal for a future date.

Nottingham Reunion.—The Nottingham Conference Saints will hold a reunion on Monday, June 14th, 1886. It has not yet been decided where it will be held, but the committee on arrangements are now endeavoring to secure a suitable place. The result of their labors will shortly be made public, together with other information relative to this subject. The Nottingham Conference includes the counties of Nottingham, Leicester, Derby and Lincoln, and it is expected that all the Saints from those districts, as well as the Elders who have from time to time traveled there, will be present on that occasion.

Theatre.—A very light audience was in attendance at the Theatre last evening to witness "A Pair of Kids," by Ezra F. Kendall and his comedy company. Mr. Kendall is an excellent comedian and his support is very good. The piece does not afford as much opportunity for an exhibition of talent as is desirable, though it is as good as most of its class. The Olympia quartette, dancing and ridiculous situations drew forth considerable applause. Those who attend a performance for a hearty laugh will be gratified by the absurdities of "A Pair of Kids," which will be repeated for the last time this evening.

Short Crops Anticipated.—Peter Later, of Harrisville, Weber County, furnishes the following valuable information upon an important subject:

I see by one of your issues that the crops in Marsh Valley, Idaho, are very unpromising. Having acted as reporter for all settlements north of Ogden City in this county to the agricultural department, through Mr. Chapple, of Ogden City, who is the general agent for this county, I have taken close observations as to growth, prospects, etc. My observations lead me to the conclusion that, unless we have rains inside of two weeks, all dry farming will be nearly a failure, and that farmers who resort to irrigation will have at least to give one more watering than has been given for years past. Under these circumstances crops will naturally be short, and from all appearance I would say that corn and late crops will suffer for a supply of water, as the mountain stores house for this article is not nearly so well supplied as it has been in years past.

"I notice that a large quantity of seed grain will have to be watered to start its growth, and that many farmers are neglecting to plant corn owing to the dryness of the land.

"I would advise the people to garner well their products, as I have had premonitions that the demands for supplies from other places will make a strain upon us."

Teachers' Association.—The Salt Lake County Teachers' Association met in the Fourteenth Ward Assembly Hall, Saturday, May 21st, at 10:30 a.m. After the usual opening exercises, miscellaneous business was taken up, and the programme for the summer school was read for the benefit of the teachers.

The programme for the day was carried out as follows:

1. Successes and failures during the past two weeks. Discussion opened by Mr. G. W. Mumford, followed by C. C. Crapo, Mr. Oliver and D. R. Alden.

2. Class exercise in botany, by Mrs. M. E. Randall, who was led to teach botany by the interest the pupils appeared to manifest in flowers; a class was organized and met after school. The answers of the pupils showed that the organization had not been in vain.

3. Quartette, Messrs. H. B. Barton, and R. S. Horne and Misses Dean and Thomas.

4. What should a student know upon entering the University? Professor Toronto stated that no standard had been adopted in the past, but in the future he expected an examination before admitting pupils to the University. When the district schools reach a standard of sufficient excellence it is likely that some of the branches taught in the Preparatory course will be omitted. All applicants should have some acquaintance with the common branches and give evidence that they are able to pursue the course as taught in the University.

5. A question was answered by Mr. C. C. Crapo, and association adjourned to meet at 2 p. m.

CELESTIAL MARRIAGE.

In addition to the affidavit of Elder William Clayton, printed in Thursday evening's NEWS, we publish the following:

"In reference to the affidavit of Elder William Clayton, on the subject of the celestial order of patriarchal marriage, published in the DESERET EVENING NEWS of May 20th, 1886, and particularly to the statement made therein concerning myself, as having copied the original revelation written by Brother Clayton at the dictation of the Prophet Joseph, I will say that Bishop Newel K. Whitney handed me the revelation above referred to on either the day it was written or the day following, and stating what it was asked me to take a copy of it. I did so, and then read my copy of it to Bishop Whitney, who compared it with the original which he held in his hand while I read to him. When I had finished reading, Bishop Whitney pronounced the copy correct, and Hyrum Smith coming into the room at the time to fetch the original, Bishop Whitney handed it to him. I will also state that this copy, as also the original, are identically the same as that published in the present edition of the Book of Doctrine and Covenants.

I will add that I also knew that the Prophet Joseph Smith had married other women besides his first wife—Emma; I was well aware of the fact of his having married Sarah Ann Whitney, the eldest daughter of Bishop Newel K. Whitney and Elizabeth Ann Whitney, his wife. And the Prophet Joseph told me personally that he had married other women, in accordance with the revealed will of God, and spoke concerning the principle as being a command of God for holy purposes.

JOSEPH C. KINGSBURY.

TERRITORY OF UTAH, } ss.
County of Salt Lake. }

I hereby certify that the foregoing statement of Joseph C. Kingsbury concerning the Revelation on the Celestial Order of Patriarchal Marriage, and the making of a copy thereof by him, was by said affiant read in my presence on this 22d day of May, A.D. 1886, previous to his signing the same; that after reading it as aforesaid and on the date aforesaid, he did thereupon subscribe his name thereto, and was then and there at his request duly sworn to the same by me as to its correctness in every particular, and did so swear that the same is true.

In witness whereof, I have hereunto set my hand and affixed my notarial seal this 22d day of May, A. D. 1886, at my office in Salt Lake City, Salt Lake County, U. T.

[SEAL.] CHAS. W. STAYNER,
Notary Public,
Salt Lake County, U. T.

A Swindle.—For several months past there has been considerable said in private concerning the swindling operations of R. Warnock, who for several years was engaged in this Territory as a dealer in agricultural implements. He failed in business a few months since, and lest some of the allegations made were on account of his financial misfortune rather than dishonesty, no mention was made in the public journals, with the idea that probably the discrepancies might be straightened out. The turn recently taken in affairs seems, however, to demand that silence should not longer be maintained. In his business he received from a large number of persons throughout Utah promissory notes in payment for machines purchased of him. To meet his bills with the Johnston and Williams Harvester Companies in the East, Warnock turned over to those firms these notes, of which the following is a sample:

SALT LAKE, June 14, 1883.

$47.50.

On or before the first day of November, 1884, for value received, I, William Buxton, of Union Fort, postoffice, County of Salt Lake, Territory of Utah, promise to pay to R. Warnock, or order, forty-seven 50-100 dollars at the office of Deseret National Bank, in Salt Lake City, with interest at 10 per cent. per annum, from Nov. 1, 1883, and if not paid at maturity, with interest at the rate of one per cent. per month from maturity, with expenses of collection, or ten per cent additional fees, if placed in the hands of an attorney or justice of the peace for collection. The express condition of the sale and purchase of the Williams Mower, for which this note is given, is such that the title or possession does not pass from, but shall remain in said R. Warnock, until this note and interest is paid in full. And that the said R. Warnock, or his agent or agents, have full power to declare this note due and take possession of the said Williams Mower at any time they deem themselves insecure, even before maturity of the note.

For the purpose of obtaining credit, I certify that I own in my own name 50 acres of land, with 44 acres improved, worth $1,000 over all incumbrances and exemptions of law, in Section——, Township——, Range——, in above county and Territory, and own $—— worth of personal property, over and above all indebtedness. [Presentment for payment and protest waived].

[SEAL.] WILLIAM BUXTON.
Witness, E. H. Kahler, Salt Lake City.

This is endorsed "Pay to Williams Harvester Company, or order, without recourse, etc. R. Warnock," and has increased, with interest, to $66.50.

Over 300 of these notes were given by the companies to a law firm in this city for collection, and suits instituted on several before Justice Willard C. Burton, yesterday. This proceeding developed the swindling operations that have been carried on by Warnock. Several of the parties claimed to have paid part or all of the amounts held against them, and produced receipts signed by Warnock in support of their assertions, but as the payments had not been endorsed on the notes, the receipts were valueless and the sum called for by the notes had to be paid over. Many of the receipts were given after the original notes had been transferred by Warnock to his creditors, and the attorneys assert, even after he knew the notes were in their hands for collection. This action on his part renders him amenable to the criminal law.

A Dog Trouble.—The dog nuisance which has prevailed to such an extent in this city is receiving attention from the officers. This morning seven persons were arrested and brought before Judge Pyper for keeping unregistered dogs, contrary to the provisions of the ordinance, and were required to make settlement. Those taken into custody had been previously notified, so that they could comply with the law, but failed to do so, and in some instances felt wrathful at not being permitted to own a canine without paying the required tax. One of those arrested was M. M. Kaighn, the attorney, who had to pay for registering, and the costs of the proceedings against him. The judge stepped out of the court room to the Mayor's office for a moment, when Kaighn gave vent to his rage, and among other things referred to the dog tax collector as a "d——d bastard." An officer checked him, and finally had to place him under arrest for his conduct. When the Judge returned with Kaighn's receipt for the tax, the latter started to leave the room, when the officer requested him to stop, whereat he turned and indignantly demanded of the Court, "What man is this?" The bellicose attorney, however, suddenly subsided when he saw that his bravado did not seem to frighten anyone, and the Court remarked quietly, "That, sir, is the City Marshal." Kaighn apologized and was permitted to leave the hall a few moments afterward.

Commissioned.—Governor West has signed commissions for the following Park City officers: John Shields, mayor; David T. Condon and Daniel Macdonald, aldermen, first ward; Martin J. Gerraty, alderman, second ward; John Kelly, alderman, third ward.

The Governor at Provo.—The *Territorial Enquirer* has the following regarding Governor West's visit to Provo yesterday:

"Governor C. W. West made his first visit to Provo to-day, his object being to meet with the Board of Directors of the Territorial Insane Asylum. The closing exercises of the B.Y. Academy taking place this morning, an invitation was extended to Governor West before driving out to the Asylum, to attend, which he accepted. He was a close observer of the exercises during the necessarily short time he was able to remain, and appeared and even expressed himself as pleased with the proceedings. During the proceedings Governor West was invited to address the students. He responded as follows: 'It was very unexpected for me to meet you here. I had come on official business, but I esteem it a pleasure in witnessing the exercises. I trust those who got out to-day as graduates may do honor to themselves, their country and this institution.'

"About 11 o'clock His Excellency drove to the Asylum, with his associate Directors, and after making a brief examination of the institution, met with the Board in the Directors' room for the transaction of business connected with the institution."

The Maxwell Case.

ST. LOUIS, 22.—The prosecution in the Maxwell case are nearing the end of their list of witnesses, the evidence of whom they think will convict the defendant of murder in the first degree and probably that they will close their side of the case to-day. Several witnesses were examined this morning, but gave no new testimony.

The Argument in Regard to the Seized Vessel.

BADDECK, C. B., 22.—On his return, Consul General Phelan said that the law under which permits are granted dates prior to 1830, but that in 1830 President Andrew Jackson issued a proclamation granting certain commercial rights to English vessels and a similar proclamation was issued by ministers in power at that time in Great Britain. This British proclamation was in the same spirit as that issued by President Jackson, and it is claimed that the joint action of the two governments secured to all vessels sailing under the United States flag the same rights as those enjoyed by English vessels in ports of the colonies, subject, of course, to the customs law. It is understood that this will be the argument used by Consul Phelan throughout the progress of the cases of seizure. It is thought he will be able to prove the right of American vessels to procure bait in British waters. It is not yet decided whether the seized vessels will be brought to Baddeck.

Fighting by Mistake.

LONDON, 22.—The Greeks claim that during the frontier engagements yesterday, they captured two positions from the Turks, 20,000 cartridges and three prisoners. The commander of the Turkish troops explains that the firing by his men was due to a mistake. He has given assurances that Turkey's intentions are pacific. There is now an entire cessation of firing everywhere along the frontier.

Volcanic Eruption and Earthquakes.

ROME, 21.—The eruption of Mount Ætna hourly increases. Molten lava was only two hours distant from Nicolozi, eight miles from Catania, Sicily, on the slope of the volcano, when the inhabitants fled. Many dwellings were destroyed, but no lives were lost. Earthquake shocks are constantly occurring.

THE BOULEVARD.

Those who wish to enjoy the Salt Lake Carriage Drive this summer should subscribe to the sprinkling fund at once. We hope to be able to sprinkle as far up town as the city fathers will provide loading places; the water wagons will start as soon as there is enough subscribed to pay expenses for three months.
