

STANFORD BEATS BOULDER TEAM

Result of Meet is Most Flattering to the Utah Boys.

WINS BY SCORE OF 62 TO 55.

Shows What Would Probably Have Happened if Coloradans Had Lined Up Against Maddock's Men.

Stanford beat Boulder, 62 to 55. Utah defeated Stanford, 64 to 53. Boulder was apparently afraid to meet us.

In view of the results of the two meets, what would have happened to Boulder if the Coloradans had lined up against Coach Maddock's men?

There was great rejoicing at the U. of U. when the news was flashed over the wires that Stanford had defeated Boulder, because it gives a good line on the ability of the Utah athletes and shows that the local team is on the top of the heap when it comes to western athletics.

In yesterday's meet at Boulder Stanford gave the opposing team 13 of the points. The Coloradans did not compete in the relay and the two-mile event.

When Utah defeated Stanford there was a wall in California papers to the effect that the visitors were handicapped by the altitude. Well, there is another matter for comparison: The altitude of Salt Lake is 4,233 feet. In Boulder it is 5,350.

When Brinton was running away from the Stanford sprinters and the Utah middle distance men were more than holding their own in the taking of points, and when the runners were showing the red lettered men from the coast they could not even break into the finish, a Utah runner turned to the great Dad Moulton and said:

"What's the matter, Dad—it's altitude?"

"Altitude, h—," was the response. "It's the fast time."

To defeat Stanford Utah had to put up some performances which records had to be sent glistening. True sports, the Stanford men gave Utah the full measure of their credit, and it almost was the first time such a thing has marked the attitude of a defeated team at Cummings field.

In the sprints the events are run with a closed mouth and within taking a breath. When the seconds and 10 seconds required for the events Utah took these by Brinton's superior work, and later when the Stanford distance men unlimbered, they should have fallen down in the ring of all time, but they finished prettier than they began and fully proved that in the events in which altitude had a chance to count they could win while better Utah met each other away from them the honors in cases where it was man for man, regardless of altitude.

With the classiest field meet ever held in Utah put down to the defeat, and fast records from the defeat, to make it the best in recent particular, there is just another touch of joy added when Boulder, one of a group of notoriously unfair Colorado schools, has to admit that the show which it predicted Utah's men so vigorously this spring, and sent our team back home without venturing to meet it.

The following table gives the results of the two meets to give an idea of the relative merits of the teams:

Sleep

Sleep is nature's rebuilding period, when the energy used by the brain, muscles and organs is renewed. If you lose sleep, your system is robbed of the strength sleep should give. Continued loss of sleep multiplies this loss until you become a physical wreck. Dr. Miles' Nervine quiets the irritated nerves and brings refreshing, invigorating sleep. Nervine contains no opiates, and therefore leaves no bad after-effects.

"For over two years I suffered underague, my friends thought I was going crazy; I could not sleep nor rest at all. I tried different doctors, but failed to find relief. My head ached all the time; I was like one drunk and was so restless and worried that sleep was out of the question. After taking one bottle of Dr. Miles' Nervine I felt wonderfully relaxed and fell asleep on my sofa and am gaining all the time. I can lie down and sleep like a child, and am able to do my work."

MRS. MAY S. HESS, Elkhart, Ind.
"I am not able to Miles' Nervine, and we authorize him to return price of first bottle (only) if it fails to benefit you."

Miles Medical Co., Elkhart, Ind.
