WAS ROBBED, THEN KILLED.

Was Thought at First That He Had Fallen or Jumped From the Bridge.

Portland, Or., Jan. 7 .- What appears to have been a terrible murder ollowing robbery was discovered here tanight, when the body of Dr. Phillip Edwards Johnson, a physician of New York, was found under the Jefferson street bridge.

It appeared at first that he had ither fallen or jumped from the bridge, which is a steel structure, about 125 feet high, on Ford street, rossing Jefferson street. An examination of the body later revealed the fact that the doctor had been robbed and his body cast over the bridge, and his watch had been unfastened from its fob and removed. No other valuibles were found. The body was terbly mangled and only identified by

W. T. STEAD'S WORLD TOUR IN INTEREST OF PEACE

Paris, Jan. 8.— Wm. T. Stead of London, who arrived here yesterday, says he is on his way around the world in the inter-est of peace. He declares he is authorized by the premier, Sir Henry Campbell-Ban-nerman, to say that Great Britain, if no other country does so, would at the ap-proaching second peace conference at The Hague raise the question of taking steps to provide for the maintenance of inter-national peace. This, Mr. Stead says, will be done in the form of two propositions, as follows: First-That each country participating in the conference appropriate a sum of money to be used in the propagation of the idea of maintaining international peace. Second-That each country participating San Fra

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed mid-The vitality of the blood and strength of the system have naturally dle life, begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and cats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one.
