Medicos Must Make Reports-Bicycles Stolen - Death of Oscar Beesley Of Hooper.

The board of trustees of the State school for the Deaf and Blind held their regular meeting yesterday after ncon with all members present. The board organized for the ensuing year, appointing John Watson, president and Mrs. A. B. Corey, secretary. The matter of locating a site for the erection of a new \$12,000 building for the blind siddents and for the new shop for manual training on the grounds surrounding the main building was considered but no definite action was tsken on the proposition. The placing of the new \$5,000 heating plant was also considered. The payrolls amount ing to \$3,000 were allowed and ordered paid. Superintendent Driggs reported that the inmates of the institution are all well, and that the work in the school is progressing very satisfactor-

BOILS PYRAMIDS OF PAIN Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they

BOILS FOR OVER 15 YEARS.

Gentlemen :- For over fifteen years I have suffer-

ed more or less from Impure Blood. About a year

ago I had a boil appear on my leg below the knee,

which was followed by three more on my neck.

I saw S. S. S. advertised and decided to try it. After

taking three bottles all Boils disappeared, and I

have not been troubled any since. I feel deeply

indebted to S. S. S. for the excellent health I am

enjoying, as I have not felt so well in twenty

years. You have certainly placed me under many

obligations, and I must say that I will always obligations, and a Market S. S. A. GEO. G. FEETIG,

burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already enfeebled by disease boils seem to come with more frequency, causing the intens-

est pain and greatest danger to the already weak and debilitated sufferer. All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently

rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils

is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions.

Write us if you would like advice from our physicians or desire any special information; this will cost you nothing.

common to their sex. Some women have household duties which keep them shut up at home. For all such persons I should advise a few simple daily exercises, with light dumbbells, devoting only ten minutes of the day to it at first, and gradually increasing it until they find that their whole being is stimulated and strengthened by it. If the young girl-or the matron-is troubled at certain periods with irregularity, weakening drains, and backache-perhaps faint and dizzy spells-then she should take something medicinally to cor-

rect these faults. Nothing could be better than a prescription which Dr. R. V. Pierce used in his large practice for many years, in the diseases of women. This "Favorite Prescription " of Dr. Pierce has had an immense sale for the past thirty-six years, because of its uniform success in the cure of women's diseases, and because of the many thousand women who have attested to its merit. Being made entirely of extracts of roots and herbs, without alcohol, it is perfectly harmless to the most delicate system, and the best ready-to-hand remedy in the market."

"To insure perfect health, every tissue, bone, nerve, tendon, or muscle should take from the blood certain materials for its nourishment and growth. Every organ must have its period of activity and of rest, so as to circulate the vital fluid in a proper manner to nourish every part. This is why I believe in advising every woman to take gentle exercise out of doors or indoors. If the functions are not regular or the pains are severe then she should at once use a reliable remedy."

Mrs. A. BELYEA, of Rockland, New Brunswick, said:

"I suffered more than a year from nervousness and functional derangement. Had pains in the left side of abdomen all the time. Some days could hardly get around. Kept my bed about half the time. I wrote to Dr. R. V. Pierce, of Buffalo, N. Y., and got his advice for which I have ever been thankful. I began taking 'Favorite Prescription' right away as he advised. It makes me sleep well at night which I never did before, and I feel rested. Can truthfully say Dr. Pierce's Favorite Prescription has cured me."

Mrs. O. O. SCRIPTURE, of Prescott, Arizona, said :

"Words cannot express how grateful I am for what Dr. Pierce's Favorite Prescription has done or me. For nearly ten years I was a great sufferer with ulceration and sickness peculiar to women. doctored for several years ; got no better until I began taking the 'Prescription.' Now I can stand In my feet and work hard all day. I feel that life is worth living, and shall always recommend Dr. Pierce's medicines."
