PRODUCTION OF COKE.

In the United States in 1904, it Amounted to 2,608,229 Tons.

Including the production of coke from by-product retort ovens, which in 1904 amounted to 2,608,229 short tons, the total output of the coke ovens of the United States was last year, according to the report made the United States geological survey by Mr. Edward W. Parker, 23,621,520 short tons, against 25,274,281 short tons in 1903. The de-crease in 1904 as compared with the preceding year was 1,652,761 short tons. Mohawk or 6.54 per cent. The total value of the product declined in much greater proportion from \$66.198,664 [n 1903 to \$46,028,183, a decrease of \$20,472,481, or Redtop 31 per cent.

M6.025,182, a decrease of \$29,472,481, or 31 per cent. "The decline in production was a natural one," says Mr. Parker, "due to a slump in the iron trade during the summer months, which was in turn raused for the most part by the un-settled conditions that usually attend a presidential campaign. And while these conditions also affected prices, the great difference between the values of the production in 1904 and 1903 was due to the abnormally high prices which prevalled in the early part of 1903, when, because of the fuel famine in-fuced by the anthracite strike of the proceding year, manufacturers of coke were able to obtain almost any figure they might demand. The average price for all the coke made and sold in 1904 was only nine cents leas than that in 1901, and was higher than that of any year from 1895 to 1899, inclusive." Kendall Ophic Savage year from 1893 to 1899, inclusive," At the close of 1904 there were under construction 4,430 new ovens, of which Jacket

122, or 18.8 per cent, were of the retort Black Butte or by-product type. Home Tono. Cash Boy The number of completed retort The number of completed retort pvens has increased from 1.165 in 1901 to 1.663 in 1902, to 1.956 in 1903, and to 1.910 in 1904. The output from retort pvens has increased from 1.179,900 Diamondfield Lone Star . Silver Pick Dixie Andes ons in 1901, to 1,403,588 tons in 1902, to Andes . .882,394 tons in 1903, and to 2,608,229 Scorpion

the making of "News" has been informed from a trustworthy source that the property is situated in Alaska and that experts in the employ of Mr. Newhouse will leave for the scene within the next few days

SITE OF BIG MILL.

Manager Jackling Looking Over Ground In fils Auto Today.

General Manager D. C. Jackling of he Utah Copper company left town arly in the forencen in his big auto-mobile for the site of the proposed mill aut west of the city. He was accom-panied by Superintendent Janney of panied by Superintendent Janney of the company's Bingham plant. It will be several days yet before Manager Jackling will let any contracts for the big plant unless it should be for the work of excavating on account of the illness of Engineer Bradley. But within a very few weeks some active scenes will be inaugurated out towards the old Garfiald beach bathing resort. With the railroad graders busy with the branch of the Rio Grande and with the excavations for the copper

and with the excavations for the copper smelter of the A. S. & R. company uder way, a pretty good sized camp vill be established.

Bidding for Utah Copper.

Brokers were bidding \$30 for Utah Copper today. No sales were reported, although this is at an avance of \$10 a share in a week.

PRODUCK.

OMAHA.

Chicago, Aug. 12-Clear weather north-west had a weakening effect upon the winter wheat market here today. Prices were further depressed by a semi-official announcement to the effect that the crop of winter wheat in Russia was above the average. September opened by to 5, low-er at \$21% to \$21%, and under general seli-ing the price dropped to \$13%. Much of the weakness was due to favorable reports from the spring wheat territory. Septem-ber was forced to \$1%, closing 1 cent lower at \$1% 981%. Showers throughout the middle west caused weakness in the corn market. Sep-tember opened unchanged to is cents low-er an sold off to \$3%, where it closed. between. 2 lower. Oats opened weak, unchanged to 1431, lower for September at 2312 to 20% 1226, and sold off to 26%. Provisions were steady on a 5310 cent advance in the price of live hogs. Trad-

advance in the price of live hogs Trad-ing extremely quiet. September pork was off 21g at 7.85; lard was up 21g at 7.82%; ribs were unchanged at 8.57%. Close; Wheat-Aug., 80%; Sept. 81% (2008); Wheat-Aug., 26% (2008); Wheat-Aug., 26% (2008); Sept. 8.57%; Sept. 26% (2008); Way, 45% (2008)
