In Beaver, Feb. 12, 1868, WM. SANFORD, son of Wm. Morely, and Anna Maria Black, aged 3 months and 26 days.

In Union, South Cottonwood Ward, Feb. 18, 1868, CHARLES ALONZO, infant son of Alonso and Mary Van Valkenberg.

In New York, female physicians have been remarkably successful. Many of them have a large practice. Among the first in the city are Drs. Elizabeth and Emma Blackwell, Dr. Hayden and Dr. Lozier. In Philadelphia six ladies who practice medicine have incomes ranging from \$2,000 to \$10,000. The highest income of a female doctor in N. Y. is \$15,000.

Special Notices.

President Heber C. Kimball understands that there are many in this city and in other places adjacent, who have wool to card. He has put up a stove and has the place where his two double carding machines work, in the 19th Ward, near Pugsley's mill and the Ward Meeting House, fitted up so that carding can be done occasionally when the weather moderates. He also has David Le Baron to work them—a man whom the people know to be honest, for he has been well known among them for many years. He can cheerfully recommend Br. Le Baron as an honorable man, who has always given satisfaction to his customers when running machines for him. People bringing wool can have it done when they bring it, if there is enough at the machines to run a day. Bring grease as usual, say one pound to seven. If the people will not bring wool along to be carded, the place will be closed.

Mrs. White has arranged to prolong her stay in the city for a little time longer, and those who desire to rapidly obtain an acquaintance with music should see her, for she communicates a knowledge of the science, by "Robbins American Method," so quickly as to astonish those unacquainted with it. We think our musicians who wish to fully understand Harmony or Thorough Bass, applied to the piano, organ, &c., ought to make themselves acquainted with the system soon, as she will remain here but
