TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, Highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work, and are a perfect

PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are specially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As Blood Purifier they are superior to any other medicine cleansing the system thoroughly, and creating new life and energy to the invalid. It is a medicine and not an intoxicating beverage.

About 400 streets and 13,000 houses were reduced to ashes by the great London fire of 1686. A New York ear doctor says there is a butcher in this city who comes to him regularly two or three times every Summer to have the fleas taken out of his ears. The fame of the celebrated astrologer, Nostradamus, who prophesied minutely the death of Henry II. of France, the execution of Charles I. of England, the great fire of London, the Restoration, etc., gave such an impulse to predictions that in 1579, Henry III. of France prohibited the insertion of any political prophecies in almanacs, a prohibition which was renewed by Louis XIII., in 1628. In the reign of Charles IX. a royal edict required every almanac to be stamped with the approval of the diocesan bishop.

Under the Spell of a Locomotive.

A large moose deer experienced a singular fate a few miles west of Mattawa, on the Canadian Pacific railway. While No. 38 mixed was coming east at a high rate of speed the driver thought that he observed through the morning mist a dark object a short distance ahead. Every effort was made to bring the train to a standstill, but without success, for the next moment the obstruction was struck and sent flying from the track. It proved to be nothing less than a large sized moose deer, which, becoming bewildered at the sight of the approaching train, was utterly powerless to move from the spot. Death must have resulted instantaneously, as its side was literally smashed to a jelly. The antlered monarch weighed 750 pounds, and is said to be one of the largest specimens of the moose killed in that locality for several years.
