

MEETING OF STATE BOARD OF INSANITY

Financial Report Approved, Recent
Improvements Inspected and
Others Ordered.

(Special Correspondence.)
PROVO, Nov. 12.—The state board of insanity held its regular monthly meeting here yesterday and transacted routine business.

The secretary's report showed the following condition of the finances: Balance on hand Oct. 1, \$2,575.77; warrants paid during October, \$2,575.77; balance on hand Nov. 1, \$2,575.77.

The following expenses for October were allowed: Current expenses \$1,575; salaries, \$2,163.26; painting roof, \$40.00; Total \$4,473.25.

Owing to the prevalence of smallpox in the county and state an order was made that visiting at the hospital be not permitted for the present.

An inspection was made of the greenhouse or propagation plant and the cold storage plant which have just been put in operation. Repairs and complete renovation of the laundry

and the purchase of a number of high grade chickens were ordered.

The following movement of patients was reported:

In hospital Oct. 1, 182 men; 158 women; total, 340.

Under care and treatment, 191 men; 193 women; total, 384; died, 1 woman; total, 1; Discharged, 1 man; 2 women; total, 3; remaining Nov. 1, 188 men; 159 women; total, 347.

TWO SUITS FILED.

PROVO, Nov. 12.—Dennis Palfreyman has commenced suit in the Fourth district court against Western Development company, doing a brokerage business in Springville, for \$195, which it is alleged plaintiff paid the defendant

company for 1,000 shares of Victoria mining stock in June, 1908, the defendant company having failed to deliver the stock and refused to return the cash.

G. W. Straw has commenced suit against the Western Development company to collect \$1,716.14, alleged to be due him on an account for the buying and selling of stock and for money advanced.

GARDNER-BIRD WEDDING.

PROVO, Nov. 12.—A marriage license has been issued to Dennis Bird of Springville and Anna Gardner of Salt Lake.

FINE LECTURE COURSE.

PROVO, Nov. 12.—The Brigham Young university has as usual provided a fine lecture course for this season of instruction and the public. Among the speakers who will occupy the platform are David Starr Jordan, Edmund Vance Cook, Edward P. Elliott and Leonard T. Powers. The first evening's entertainment will be given Friday, Nov. 19, in the Provo tabernacle, at which Whitney brothers' quartet will appear.

PROVO NEWS NOTES.

Judge Booth held court in Heber yesterday.

The I. O. O. F. general lodge visited the Deborah Rebecca lodge of this city last evening. A banquet was enjoyed by the visitors and invited guests.

Ground for the new schoolhouse on First South street between Third and Fourth West streets was broken yesterday morning in the presence of the board of education, Supt. Rawlings, Architect Nelson and other citizens.

Sam Reiske has been appointed janitor of the Parker school.

City Physician Hughes has been instructing the teachers of the public schools on the symptoms of contagious diseases as a precaution against the spread of smallpox and other diseases.

SMALLPOX SITUATION IN SPRINGVILLE

Contagion Greatly Exaggerated—Now Under Control and Quarantine Lifted—Compulsory Vaccination.

(Special Correspondence.)
SPRINGVILLE, Nov. 12.—In some papers there has been altogether too many sensational reports about the smallpox in Springville and have made a mountain out of a mole hill. Some reports, without foundation, were so startling that some outsiders thought it dangerous to pass through town. All of which was folly in the extreme. The facts of the matter are that the cases developed have been very light and could scarcely be told from chickenpox. One death has happened, that of a 12-year-old daughter of James C. Simpkins caused through exposure to the cold and not due to the disease. When the contagion broke out in the schools the school board with the city council met and decided it wise to discontinue schools and all public gatherings for a short season, in order to check the disease. Now it is well under control and controlled, each case being located. Business or traffic has not been hampered in the least except so far as individuals who were under quarantine were concerned, and there has been far more and worse sickness here than vaccination than the disease itself but people have preferred to be vaccinated rather than to be quarantined by the board of health.

The school board has issued an order for all children to be vaccinated before returning to school next Monday, which order is contrary to the law of the state.

PUBLIC IMPROVEMENTS.

SPRINGVILLE, Nov. 12.—The Springville new opera house is nearing completion and a large force of men are at work with the intention of completing it for the holidays. It will be an up-to-date playhouse in every respect with a beautiful dance hall in the basement with a spring floor. Arrangements are being made with some companies for the grand opening.

Work will soon commence on the city water pipe line and a car of pipe has arrived ready to be laid as soon as the excavation is ready for it.

November 30, there will be an election to vote a bond of \$40,000 for a waterworks system. If this is voted down, the city officers will proceed as far as they can with the means at hand, and will continue to levy a tax to the limit each year and extend the water mains as far as the means will allow.

SPRINGVILLE, Nov. 12.—The new additions to H. T. Reynolds & Co., and Deal Bros. & Mendenhall stores are almost completed and will be moved into for holiday trade. The combined block being built by T. E. Child, Robert Miller and Earl Trammell, is filling a space on Main street that will add to the beauty of the business part of town. The Third ward meetinghouse is nearing completion and will soon be ready for seating. This will be the only church house in town with a heating plant. More new buildings have been erected this summer than any year in the history of Springville. The farmers have had a prosperous season except in fruit, which has been short. The town has lived under the prohibition law and been a try town for 25 years and prosperity has smiled on the little town.

SPRINGVILLE BRIEFS.

There have been and still are several severe cases of typhoid fever. Bishop O. B. Huntington is slowly recovering from a close call.

The late storm stopped the farmers' plowing a few days. Now the weather is beautiful and the work resumed.

MISSIONARY SOCIAL AND OTHER AMERICAN FORK NOTES

(Special Correspondence.)
AMERICAN FORK, Nov. 12.—A farewell social program was given in the Third ward church on Sunday, Oct. 25, in honor of Elder Thomas Abel, who has left for a mission to Great Britain. A nice purse of money was handed to him and he carries with him the good wishes of the community.

The snow at the head of American Fork canyon is three feet deep.

Work on the Alpine stake tabernacle has been stopped temporarily awaiting the steel for the roof. The first car has arrived and it is expected operations will now be resumed.

The great majority of the citizens of American Fork are satisfied with the result of the election and are anxiously awaiting the first of the year when the saloon must go.

W.D. KUHRE IS NOW MAYOR OF SANDY

Succeeds W. W. Wilson, Who Resigned
To Retain Postmastership of
Progressive Town.

(Special Correspondence.)
SANDY, Utah, Nov. 12.—Sandy City has a new mayor in the person of W. D. Kuhre, who was appointed at the last meeting of the city council to fill the unexpired term of W. W. Wilson, resigned.

Mr. Wilson is the postmaster here and has also served as mayor for nearly two years, but had to resign to comply with a rule made by the postoffice department that no postmaster of the third class shall hold any municipal office. This postoffice was recently advanced from a fourth class to a third class grade, and Mr. Wilson resigns the mayorship to remain as postmaster.

Bishop Kuhre will make an ideal mayor and many improvements will be made during his administration. The city has bought the controlling interest in the plant of the Salt Lake County Water company, which supplies the towns of Sandy and Midvale with culinary water. The city having issued bonds to the amount of \$11,250 at 5 per cent interest per annum, careful management of the water system will have to be made in order to pay the interest and running expenses and create a sinking fund to pay off the bonds when they become due.

LIVE FIRE DEPARTMENT.

SANDY, Nov. 12.—Sandy City has a fine lot of boys belonging to the volunteer fire department. They have made wonderful progress in efficiency during the last six months, under the management of Chief Ole Nelson. They have erected a tower, 30 ft high, and bought a large fire bell, weighing 1,200 pounds, and intend to place it on the tower. They will also place a hose reel under the bell for the purpose of drying hose. When this tower is completed, Sandy will have an alarm bell that can be heard for miles, all paid for by the fire boys with the assistance of the business men. At their last meeting the boys decided to buy a hose cart, one that will be a credit to the city. A committee was appointed to arrange for a series of entertainments to secure funds to pay for it. The city fathers will be appealed to to furnish 500 feet of hose. This with the six fire hydrants, which have been lately placed in the business districts by the city at a cost of some \$500, will secure fire protection to all the business districts and part of the residence property.

PROSPECTIVE SUGAR FACTORY FOR SEVIER

(Special Correspondence.)
RICHFIELD, Nov. 12.—Parley Austin of the Sugar company was here the past week looking up the beet industry and in view of the heavy beet crops he talked very encouragingly of the prospects of a sugar factory somewhere in this valley. The farmers here are working on the project with considerable energy, and have already professed to subscribe for \$10,000 in stock for a factory in this county.

BOUNTIFUL CROPS.

RICHFIELD, Nov. 12.—Two months of dry and delightful weather on the Sevier came to an end this week when we were visited by a storm of rain and sleet. The hills and mountains are covered with snow and the atmosphere is quite sultry. All the crops are gathered in with the exception of a few patches of beets. There has been a good average yield of practically everything that

usually produced in this valley and prices are such that no farmer can justify complain.

WEDDING BELLS.

RICHFIELD, Nov. 12.—William D. Christensen and Miss Josephine Petersen of this city were married yesterday by Bishop Hester C. Christensen at the home of Mrs. Sarah Petersen. At the conclusion of the ceremonies a splendid reception was tendered the happy couple.

RECLAMATION PROJECT.

RICHFIELD, Nov. 12.—J. M. Lauritzen and W. S. Rust left here this week in company with a Salt Lake engineer to begin work on the preliminary for the big reclamation project near St. George. Chicago parties are going to finance the scheme and are very anxious for the work to begin.

NOTICE.

THE DESERET NEWS.

RECENT DEATHS

Reeler, Eliza—On Nov. 8, 1909, Mrs. Eliza Reeler of Richfield, Sevier county, Utah, died at Mantel, Utah, of old age and general debility. She was time of her death, where she was intended to spend the winter. She was the wife of the late James Reeler and had lived in Richfield a great many years and had a large circle of friends and acquaintances by whom she was loved. She was born in New Brunswick, 13 years of age where she was educated. She was the mother of eleven children, four of whom, Mrs. Margaret Brandley, Mrs. Alice Gattfretson, Mrs. Manti, Mrs. Martha Gattfretson, Mrs. Rose, and Orson Reeler of Laik, survive her. The funeral services were held on the 9th at the Third ward meetinghouse, Richfield, Bishop G. T. Collins conducting the exercises. Casket remarks were made by Elder Joseph S. Horne, W. H. Clark and Bishop G. W. Coons.

Christian Science Lecture

A FREE LECTURE

On Christian Science will be delivered by Judge William G. Ewing, C. S. B., member of the official Board of Lectureship of The Mother Church of Boston, in the Salt Lake Theater, Sunday Evening, November 14th at eight o'clock.
