

Peccable Presentments.—This morning we received a call from Hon. Jacob G. Bigler, of Nephi, who will be in town for one or two days. We learn from him that on the night that his son David G. was accidentally killed on the Utah Central Railroad, many members of the family were oppressed by presentments of approaching danger or calamity. Brother Bigler himself was restless and gloomy, and expressed himself to the effect that something disastrous was about to occur.

The wife of the deceased was in such a condition of mind that she could not stay at home on the night of the accident and stopped at the house of her mother, and the wife of Abner Bigler, brother to David was in a similar condition, as were also two sisters of the deceased at Cedar Springs.

Don M. Bigler, brother to David G., who was at work on the Sevier, about twenty-eight miles from home, was greatly troubled all night and arose very early in the morning. He told his companions that something was wrong at home. Later he saw a man about a mile and a half away approaching the place where he was. He said, "that man has a message for me," and started out to meet him. Sure enough it was a messenger sent by the father to communicate the sad news to him.

These peculiar presentments served to prepare the minds of the family for the dreadful calamity, making the shock to their feelings less sudden than it would otherwise have been.

Electric Freaks.—We learn from Elder Edward Stevenson that as he and Elder Joseph Horne were, yesterday, on their way to Granite, on the Denver and Rio Grand R. R., on a missionary tour, soon after passing Sandy a very heavy thunder storm overtook the train. It passed from the west. The rain poured down in torrents, accompanied by vivid lightning and heavy peals of thunder until they nearly reached Granite, when there was an exceedingly bright flash of lightning immediately followed by a ringing report like that of a pistol shot, only louder. The electric fluid struck the rail two or three feet in the rear of the railroad car in which the brethren were riding and followed the track as far as they could see it run around the curve they were passing at the time.

On their return, in passing Sandy, they learned that a cow had been killed by lightning near that place, and also that a flash of current ran down a stove pipe and scattered things around in a building there. At Bingham Junction some slight damage was done by lightning in the Telegraph Office.

A Disreputable Case.—There was a disreputable affair in the police court this morning. R. M. Smith and Birdie Smith, claiming to be husband and wife, were charged with assaulting and beating George Dennis and stealing his coat. The evidence showed that Dennis visited Mrs. Smith's house on her invitation, for immoral purposes. While there she demanded three dollars from him. He stated that he was impecunious and could not hand over the amount. At this juncture R. M. Smith appeared upon the scene and he and his wife pounced upon Dennis and gave him an elaborate punishment. He thought it was time to leave minus his coat. He subsequently called to get that garment when he was subjected to another knocking about, being patted upon the head with an empty bottle and otherwise abused.

The two Smiths were fined \$10 each and cost of proceedings. Being unable to pay the amounts, they were placed in jail.

Mountain Dell Ward.—President Angus M. Cannon and Counselor Joseph E. Taylor, of the Presidency of this State, and W. W. Hardy, of the Presiding Bishopric of the Church, and other brethren from this city and Sugar House Ward, attended a meeting yesterday of the Saints of the Mountain Dell Branch of the Sugar House Ward for the purpose of organizing that Branch as a Ward.

After appropriate remarks from the visiting brethren, the following persons were sustained as presiding officers of the Mountain Dell Ward: William B. Hardy as Bishop, and Wm. W. Taylor and James Laird as his counselors. The boundaries of the new ward are the same as those of Mountain Dell precinct.

More Smallpox.—A young man named Smith, who has been braving for one or two trips on the railroad between Evanston and Ogden, arrived in the former town on Wednesday evening not feeling well, and applied to Dr. Hoehner for advice. The doctor found that he had symptoms of smallpox, which opinion was confirmed on Thursday morning, when he was promptly sent out of town to the pest house, before the disease had developed sufficiently to be contagious.

The man who was sent to the Evanston pest house some weeks ago, is now well and out. He had a severe case of it and is badly marked. Thanks to careful quarantine at Evanston, no case has yet originated in that town.

We learn these facts from the Chieflain.

City Taxation.—In another part of the paper an announcement will be found informing the public of this city that on Monday, August 29th, the City Council will sit as a board of equalization to determine upon all complaints made in relation to the assessed value of any property. The board will also hear and consider petitions for remission or abatement of taxes, in accordance with the law relating thereto.

Music.—Three hundred blank music books have just arrived at Daynes & Coulters music store for Brother E. Stephens's juvenile classes, and the little ones are ready waiting to make good use of them. This proves that our children are learning vocal music in earnest.

Reduction Announced.—Auerbach & Bro. announce that for two weeks they will offer special lines of goods at reduced prices. Among them are silk, velvet, American and French dress goods; white goods; wrap; shawl and silk department; corset, notion, and muslin underwear; clothing, hats, etc. Children's white dresses at half price. See advert.

Watch and Pistol Case.—George Warren was before the police justice this morning on a charge of stealing a pistol, watch and chain. It appears that R. M. Gould had left the pistol in question for safe keeping at Warren's saloon, and Warren subsequently called there, got the article and sold it. Mr. Gould had given Warren the watch to take to some place for repairs. Instead of doing this, he sold it, together with the chain attached, and appropriated the money to his own use. The accused pleaded guilty and was appropriately fined.

Departure of Missionaries.—The following missionaries will leave for their fields of labor to-morrow morning: For Germany—Peter Kroegue, Bloomington.

If Pestered by an Eruption, use GLENN'S SULPHUR SOAP, the ruling specific for disease, irritation and abrasions of the skin, and a most salutary beautifier of the complexion. This admirable article is an inexpensive substitute for sulphur baths, and is equally as effective in banishing cutaneous maladies, and relieving the pangs of rheumatism and gout. Redness and roughness, tan, freckles, pimples, and indeed every imperfection of the outside is entirely removed by it. It is avouched by ladies who have used it, to be the most effective means of clearing and softening the skin that they have ever employed; its health promoting properties are widely recognized by medical men, and evidence in its behalf, emanating from other and equally respectable sources, precludes any reasonable doubt as to the genuineness of its claims to public confidence. Clothing and linen from the sick room are disinfected by it, and it prevents contagion when the danger of obnoxious diseases has been incurred by contact. Sores and ulcers, that resist the operation of salves and lotions, are healed by it, and it soon relieves the swelling and pain caused by bruises and sprains. The opening of the pores, resulting from the wholesome stimulation of the superficial blood vessels that it produces, is the effect best calculated to ease the circulation when overheated, and carry off those offensive granulations which disfigure the outside and render existence a martyrdom while they remain. Eruptions, ailments that ointments will not cure, are entirely eradicated by GLENN'S SULPHUR SOAP. Sold by Druggists. Price 25c. per cake. 1 Box (3 cakes) 75c. sent by mail, prepaid, on receipt of price. C. N. CHAMBERLAIN, Proprietor New York.
