ORDER PLACED FOR STEEL RAILS

Los Angeles Road Closes Deal for 8,000 Tons.

NAME OF LINE IS CHANGED

Decided to Call the New Road the San Pedro, Los Angeles & Salt Lake.

Los Angeles, Cal., Nov. 30.—At a meeting of the officials of the Los Angeles & Salt Lake road today it was decided to award a contract for 8,000 tons of steel rail at \$26 a ton to the Colorado Fuel and Iron company, at Pueblo, Colo. It was also decided to change the name of the road to the San Pedro, Los Angeles & Salt Lake railway. Major J. W. Doss was appointed right of way agent for the company.

UNION PACIFIC CHANGES.

Four of Old Time Employees Retained at the Local Agency.

The circulars covering the changes in the Union Pacific office in this city, noted last evening, have been issued. The new order of things set forth that the local office will be a consolidation of the Union Pacific, Oregon railroad & Navigation and the Short Line interests under the supervision of the latter company. The circular appoints F. B. Choate general agent of the Oregon Short Line freight department, F. H. Dierstedt, traveling freight and passenger agent, W. S. McCarthy, city freight agent, and E. H. Green, city passenger agent.

Those not included in the above roster will be transferred to other offices of the Union Pacific throughout the country.

U. P. Mineral Lands.

Cheyenne, Wyo., Dec. 1.—An injunction has been granted the Union Pacific railroad restraining the operators of the Copper King mine, near the Siding, from removing ore or further interfering with the property. The question at issue involves the right of the Union Pacific Railroad company to mineral deposits within the bounds of the area granted to them by the government. The defendants base their claim to the property upon the reservation by the government of all mineral lands granted to the Union Pacific or other railroad companies. The case involved is an important one and will be watched with great interest by mining men.

Southern Pacific Coast Division.

San Francisco, Dec. 1.—The Southern Pacific new coast division will be in operation before the end of this month, providing nothing comes up to prevent carrying out the present plans of the construction department. Less than four miles of the gap remain to be closed and all but one of the seven viaducts have been finished.

Vice President H. F. Huntington, Chief Engineer William Hood and General Manager Kruttschnitt have returned from an inspection tour of the line. They stated that all the rails would be laid by December 15th, if not earlier.

New Steamship Service.

San Francisco, Dec. 1.—The Panama Railroad company is making all the necessary preliminary arrangements for the inauguration of its new steamship service between here and Panama upon the expiration of its contract with the Pacific Mail Steamship company next month. Another steamship for the Panama service has been chartered today but its name has not been made public.

The St. Paul, which was chartered several days ago, will leave on her initial trip on the Panama run on December 15th and has already been offered more cargo than she can accommodate. After that there will be a sailing every two weeks. It is thought that four ships will be needed for the service.

It is announced that with the beginning of the new freight service to Panama a new schedule of rates will be issued by the Panama railroad which will be arranged with a view of developing trade with Caribbean sea ports.

SPIKE AND RAIL.

Live stock Agent Hudnall of the Colorado Midland is back at his desk in this city.

D. J. Lindsay, traveling agent for the Chicago Northwestern, returned this morning from Montana.

Donald Rose of the Illinois Central came in this morning from a prolonged trip to Denver and Butte.

General Manager E. Dickinson of the Union Pacific came in from Omaha yesterday with the report of his visit being that of meeting Mrs. Dickinson who came in from California today.

The Denver & Rio Grande during the past week has handled the following livestock business for shipment to Omaha and Kansas City: Eleven cars of cattle from Price, 6 cars of horses from Olathe, 1 car of pigs and 20 carloads of cattle from Logan and Montpelier.

A cow chewing the cud of contentment in the middle of the Oregon Short Line track in the vicinity of Murray last evening involuntarily caused the engine of a laboring freight train to jump the rails and go merrily skipping over the ties until it came to a standstill. No one was hurt and the cow's funeral occurred this morning.

The Northern Pacific railroad has decided to substitute the telephone for the present telegraph system of the road and will build and equip long-distance and divisional telephone lines to take the place of the telegraph wherever it is deemed practicable. The officers of the road believe that most of the telegraphing that is now done in connection with the business of the traffic department can be as well, if not better, performed by telephone. The plan is to place each station on a division in direct communication with the division headquarters and the various division headquarters are to be connected with the general offices by long-distance lines.

MAY LEAVE TOMORROW.

Deputy Sheriff Webb Trying to Obtain Requisition Papers.

Deputy Sheriff G. C. Webb of Pittsburg, Kans., who arrived here Thursday to get Charles Hunt, alias Baker, who is wanted for the murder of a man named Williams, will probably leave with his prisoner tomorrow. Officer Webb positively identified Hunt as the man wanted, and to avoid any trouble he will secure requisition papers today or tomorrow. It is alleged that Hunt stabbed Williams last July and in August effected his escape from prison.

WILL BE A GREAT LIVE STOCK SHOW

J. Sparks, Kirk Armour, F. F. B. Sotham and Others Will Exhibit.

FAMOUS HERDS OF STOCK.

Interest in the National Live Stock Convention is Manifested Throughout the Country.

John Sparks, of Reno, Nev., who owns one of the finest herds of thoroughbred cattle in the country, will ship his show herd to Salt Lake for the cattle show, which will be held during the week of the National Live Stock association convention here.

Mr. Sparks is at present breaking the journey to Chicago in this city, and is stopping at the Kenyon. During the time he will spend in Chicago at the fat stock show, which is scheduled for next week, he will do his best to prevail upon the Armour company to place their splendid herd of pedigreed Herefords upon exhibition here. If he is successful in this direction, Salt Lake will have the privilege of seeing the finest bunch of cattle on this continent. Neither Mr. Sparks nor Kirk Armour will offer any of their animals for sale, but the mere fact that they will be in this city during the convention will be a special inducement to breeders to come here and feast their eyes upon fancy stock.

In speaking as to the general interest displayed among the stockmen of Nevada in this impending convention, he states that the growers of Nevada are working like beavers to make the occasion an unqualified success, and a large delegation from Nevada is expected to be on hand, Monday morning.

SHORTHORN EXHIBITION.

In addition to the herd of John Sparks, F. F. B. Sotham of Chillicothe, Mo., president of the American Shorthorn breeders' association, has signified his intention of bringing several carloads of pedigreed stock for show and sale. Lowe & Dewitt of Denver also have sent word to Secretary Martin to the effect that they will have a bunch of fancy cattle on hand to gladden the hearts of the stockmen; then there will be the local breeders, who will enter their animals for the show. These entries will include White & Sons' famous Hereford bunch of cattle.

Chairman J. C. Leary, who returned from a visit to Heber City this morning, brings word that a number of cattlemen who reside in that county have signified their desire to purchase from eight to ten fancy stock in order to improve their herds.

ALREADY SECURE ROOM.

The outlook for the convention gets brighter every day. Secretary Martin by every mail is receiving letters from the various breeders and associations throughout the country. By this morning's mail he received a communication from F. M. Stewart, secretary of the Western South Dakota association, wherein he states that he has engaged thirty rooms at the Kenyon in advance for some of the delegates and that there will be a big delegation from the Dakotas generally owing to the fact that the Burlington Alliance line has been opened and the stockmen will be able to get to the convention without having to go round via St. Paul in order to reach Salt Lake. General Agent Valley of that line in Denver has already made arrangements for a special train with extra rates for the occasion, and it promises to be loaded down to the guards with opulent cattlemen.

The Oklahoma Live Stock association this morning put in an application for rooms for seven delegates and their wives. G. Howard Davidson, the well-known cattleman from the State of New York, also this morning sent word that he was coming in the private car of the Union Stock Yards company, while Charles Baker, secretary of the Chicago Live Stock Exchange, writes to the effect that some forty cattlemen may be expected to be in his party, and that he will accompany them to the coast after the convention.

In this connection the railroad men are working up excursions to San Francisco which will undoubtedly be taken advantage of by the visitors and the residents of Salt Lake.

2ND PRECINCT SCHOOL CONVENTION

A mass convention of the duly qualified voters of the Second municipal ward of Salt Lake City, regardless of political affiliations, is hereby called to meet at 7:30 o'clock on Monday evening, December 3, 1900, at the Sixth ward assembly hall.

SURPRISING RESULTS.

A Simple Internal Remedy Makes Remarkable Cures of Catarrh.

People who have used sprays, inhalers, saunas and washes for catarrh and have found how useless and inconvenient they are, will be agreeably surprised at results following the use of a pleasant, internal remedy in tablet form: druggists everywhere admit that Stuart's Catarrh Tablets, which they sell at 50 cents for full size treatment is the safest, most effective and popular of all catarrh remedies.

Nearly all cheap cough mixtures and throat lozenges contain opiates, these cheap medicines give a temporary relief, especially with little children by destroying nerve sensation; the irritation in throat, which causes coughing is temporarily removed, not by removing the cause but by deadening the nerves of feeling the irritation is not felt although it is still there and will promptly return.

Stuart's Catarrh Tablets is the best remedy to remove catarrhal secretions whether in the nose, throat or stomach because they are composed of wholesome antiseptics like Eucalyptol, Gualacal, Sanguinaria and Hydrastin; when you use these tablets you know what you are getting into your system and not taking any chances with cocaine, opiates or similar poisons found in so many catarrh cures and cough medicines.

Dr. Ramsdell in commenting on catarrh cures, says: "I can heartily recommend Stuart's Catarrh Tablets, because they contain no cocaine nor other dangerous drug found in so many advertised catarrh cures. I have known of many cases of long standing catarrh of the head and throat completely cured by the daily use of these tablets for several weeks. One case in particular, which I could not reach with an inhaler or spray and where the catarrh caused daily headaches and a noticeable loss of hearing, was entirely cured by this harmless but effective remedy."

Dr. Walvericht says: "I never hesitate to prescribe Stuart's Catarrh Tablets for catarrhal headaches and catarrhal deafness because I know them to be perfectly safe for child or adult and have seen many remarkable cures resulting from their regular daily use; because they are advertised and sold in drug stores is no reason why any doctor physician should not use them because they are safe and effective."

Stuart's Catarrh Tablets are especially valuable for catarrhal colds in children because they are pleasant to take and may be used freely to break up severe colds and croup at the very beginning.

All druggists sell the remedy at fifty cents for full sized package.

A little book on cause and cure of catarrh mailed free by addressing the F. A. Stuart Co., Marshall, Mich.

CHOICE PROGRAM.

One of the Most Brilliant Organ Recitals Up to Date.

Over a thousand people attended the recital at the Tabernacle this morning. The selections that were played were exceedingly beautiful and the skillful manner in which Prof. McClenahan rendered them evoked more enthusiasm than at any recital heretofore. The Last Rose of Summer was especially well received, and the sublime composition of Lemare's to his wife had its usual effect. Every place in the fact was a gem and the audience was liberal in its manifestation of delight.
